Editor's Note

Greetings to all!

School starts next week and it'll be nice to see the children settle in their school routine again. With all the bumps and bruises the boys got over the summer, I'd say they learned a few new things and had some encounters that were unexpected but were a growing experience for all of us.

The summer days were fun. We had lots of memories made and we hope to go hiking this Saturday to top off the summer fun. We won't do our usual hike this summer with the group we usually go with, nonetheless, I decided to spend some time with the boys out on the trail yet. We'll probably head north and get the Appalachian Trail in Duncannon, PA, then travel east towards Cabela's in Hamburg. I spoke with a friend that I hiked with last summer, he spoke of a guy that hiked the entire Appalachian Trail in ninety-four days. At first, he took time to cook his meals and took time to rest. As he drifted into hiking mode, he lived off energy bars and finger foods and averaged roughly 27 miles per day. The AT is 2,200 miles long, making it a challenge for the most avid hiker.

Thank you for your interest in the Busy Beaver!

-John Zook

It isn't what you did yesterday that determines what you can do tomorrow, it's where you set your goals and pursue them, no matter what.

The ultimate, relaxed lakefront rental for the whole family!

located in the gorgeous Finger Lakes Region of New York

pickleball • permanent dock • game room • hot tub/swim spa • sauna • cold plunge • pool table • firepits • games

Island View Cottage is a lakefront vacation home on Lamoka Lake in the Finger Lakes Region of NY.

In the brand new kitchen, large windows and sliding glass doors open out toward the lake, with the expansive deck just beyond. Tucked behind the family room, the game room brings the fun indoors, with a pool table, dartboard and arcade games.

Down at the shoreline, you'll find a permanent dock, several kayaks, gravel beach, and a small sandy play area for the little ones. The island just offshore is a local favorite for swimming, and the lake itself is known for great fishing- with largemouth bass, pike and perch keeping anglers busy.

Gather around the gas firepit on the dock, or the wood-burning firepit along the shore, and let the conversation linger into the evening.

3 bedrooms • 2 bathrooms • 8 guests max • 3100 sq ft

If you want better nutrition.... you need to start with better soil

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

Do you want BIGGER bucks on your food plot?

Now is the time to apply Ohio Valley BioChar to your food plots!

Actual results after application of OVB Food Plot Blend.

Biochar blends available for various farming needs, call for more information.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

FABRIC STRUCTURES

"After having this structure, I wouldn't put up anything else!"

★★★★★

"I needed a calf and heifer facility on my property and decided to go with a hoop building. Installation was slick, and I can erect something like this a lot easier and faster than a stick building. Love the interior lighting (and my kids like not having to do chores outside anymore). After having this structure, I wouldn't put up anything else!"

FAIRBANKS OR Bust

"ARE YOU RUNNING AWAY FROM HOME?"

Crazy questions. Hitchhiking to break up the monotony. Tragic news from back home. Headwinds. Bears. New friends and many memories.

Nathan Yoder's 9,230-mile biking excursion to Alaska and back was about more than just riding his two-wheeled companion, Stella. It was about overcoming a life-changing health diagnosis. Along the way, he encountered adventures by day and by night—sleeping under the stars, in an abandoned school bus, in deserted houses, and even on top of dried-out cow manure in an old barn. Each hardship made him even more determined to achieve his dream.

Could he do it? Was it possible for a diabetic to accomplish such a feat? Or would he die somewhere in the wilderness? Ride along as the adventurous 27-year-old thwarts the challenges of his Type 1 diabetes, and watch as his worldview changes one pedal at a time.

You CAN nurse your baby!!!
DON'T give up!!

Look what this mother from Wisconsin has to say:

I would like to order 4 more bottles of "Mothers Milk". It really works!! I tried so many other products to no avail. All I can say is when all else fails try"Mothers Milk"! :) Thank you for your great product. I don't want to be without it. What a joy to be able to put the "bottle" away since using this. - A happy Mom.

A mother from New York writes:

Hi, I'm ordering more Mothers Milk. I'm on my last bottle and I don't want to be without it - never could nurse our babies so good. He is gaining so well and don't have to give him a bottle at all. Thank you!

A mother from Indiana writes:

Please send me 3 more bottles of "Mothers Milk". This is my 8th child and I was never able to have enough milk for fully breast feeding. Now my baby is a little over 3 month and still doesn't need the bottle! It seems I had tried everything but this stuff really works! Thanks for a good product!

Another mother from Indiana writes:

I am amazed that it actually works for me since I have never had any luck with herbs/tinctures.... So am very thankful you created this wonderful product!

We have hundreds of testimonials like these!

it could be your thyroid!

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I was put on Armour for an underactive thyroid and was taking it for a year. I was still not feeling well. Come to find out I didn't need to be on any medication to begin with. My hormones are now balanced and I feel better with no medication. It's nice to see and feel the results.
– S. King, Pennsylvania

THE HEALTH CORE BUNDLE

The only WHOLE FOOD, plant-based complete nutrition system on the market for total, lasting gut repair. Tranont products are made with real ingredients from nature, derived from real living plants, and do not contain artificial or synthetically manufactured ingredients like other brands. Because when it comes to healing and restoring the gut lining (and maintaining it) we have absolutely no room for anything fake or hard to utilize. It will only work against us. A poorly functioning gut cannot process synthetics and it only causes further stress on the already overloaded liver.
Try the powerful Health Core....

IT HAS CHANGED THE LIVES OF THOUSANDS!

The purpose of the Health Core :

ENRICH: powerful enzymes, probiotics and prebiotics for optimal digestion and to maintain a healthy gut. All you need to ease digestion of all five major food groups and help you get the most nutrients from what you eat. Say good-bye to bloating, gas, & stomach discomfort.

BALANCE: A unique blend of over 40 plant based vitamins, chelated minerals, and antioxidants to help fill in the gaps where your diet may be lacking. Super hormone, liver and adrenal support. Truly a one-of-a-kind multi you won't find elsewhere! Great for ALL AGES....

FOCUS: Brain food. Fermented B vitamins and minerals for natural, healthy energy, along with Tranont's special mental/clarity blend to support better brain function, focus, memory and concentration. A #1 seller for struggling students! Every busy on-the-go person will love the benefits of FOCUS.

OPTIMIZE: Cleans unwanted bacteria and bad protein cells from the bloodstream. Promotes deep, restful sleep while it helps your body to heal, repair and recover. A must-have after any type of surgery. This is your inflammation buster! Digestive issues are often linked to lots of intestinal inflammation. Optimize is a huge immune booster if taken regularly.

SUNFLOWER LECITHIN

NEW!

Lecithin provides nutrients such as phosphatidylcholine, which supports liver health and neurologic transmission in the brain - a key factor in brain health. The phospholipids in lecithin can be incorporated into cell membranes, helping cells to communicate and respond to messages from the environment. Although lecithin is a lipid, it is partially water soluble and can help disperse fats due to its role as an emulsifying compound. This role is critical in the body where fat components and water components must continuously interact.

PEPPERMINT ENZYMES

Digestive enzymes support the body's ability to receive nutrients from food by assisting in the breakdown of carbohydrates and protein obtained from the diet. Certain fruits grown in various parts of the world are known to be naturally high in enzymes. Our chewable Peppermint Enzyme contains natural plant-based enzymes, including those from papaya and pineapple (bromelain), making it ideal for both vegans and non-vegans alike. In addition, peppermint has been used for centuries as a natural digestive aid, while also lending a refreshing flavor.

Soothe the ache. Support the day

RELIEVION®

Relief you can feel. Life you can enjoy

Vistalife's Relievion is formulated with carefully selected ingredients designed to help support the body's natural response to discomfort and promote overall wellness. When used as part of a comprehensive health plan, Relievion may help individuals maintain comfort, mobility, and a better quality of life, allowing them to focus on the activities they enjoy most.

Why These Ingredients Work Together

Relievion combines five scientifically researched ingredients that address pain and inflammation from multiple angles. Curcumin C3 Complex® and Bospure® help support a healthy inflammatory response. Collavant® n2 focuses on joint structure and cartilage support. AstaReal® helps combat oxidative stress that can contribute to discomfort and tissue damage. ParActin® provides additional inflammatory and immune support. Together, these ingredients create a comprehensive wellness formula designed to support comfort, flexibility, mobility, recovery, and overall quality of life. Rather than relying on a single mechanism, Relievion provides broad-spectrum support for individuals seeking a natural approach to managing everyday pain and inflammation while maintaining an active lifestyle.

Curcumin C3 Complex® and Bospure® are well-known botanical ingredients that may help promote a healthy inflammatory response. Curcumin, derived from turmeric, has been widely valued for helping soothe occasional joint and muscle discomfort, while Boswellia may support flexibility and ease stiffness. Together, they may be especially helpful for people who want daily support for knees, back, shoulders, and other areas affected by inflammation.

Andrographis, known as andrographolides, have been extensively studied for their ability to help support the body's normal inflammatory response and promote overall resilience.

ParActin® may be particularly beneficial for individuals experiencing joint discomfort, stiffness, or physical stress associated with daily activities. Clinical studies have demonstrated its ability to support joint comfort, mobility, and physical function while helping maintain healthy inflammatory pathways. In addition to its role in pain and inflammation support, Andrographis has been recognized for supporting immune system function and overall wellness. Its inclusion in Relievion helps create a more comprehensive formula that addresses multiple factors contributing to discomfort and reduced mobility.

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

PATIENT SUCCESS STORY

★★★★★

Real families. Real results. Real hope.

After our daughter's volleyball accident, everything changed. She suffered a concussion and was dealing with seizures, Lyme disease, constant headaches, brain fog, low energy, and digestive issues. We were desperate to help her feel like herself again.

Since coming to Apex Chiropractic & Wellness Center, her headaches are gone, the brain fog has cleared, her energy has returned, and her digestive issues have improved significantly. She is happier, more active, and truly feels better than ever.

Watching her get her life back has been an incredible blessing, and we are so thankful for the care and compassion the team at Apex provided.

Have Cancer Concerns?

Amygdalin (Laetrile) Vitamin B17 is a powerful organic natural substance that works to help control cancer and viruses which can be consumed through seeds or supplements. In the late 1960's, a pioneering physician, Dr. John A. Richardson, MD, dared to treat his cancer patients with a revolutionary treatment that included the use of Laetrile, along with a strict protocol of diet, exercise, and vitamins. It worked remarkably better than orthodox treatments. Apricot seeds contain the highest concentration of B17 found in nature. These seeds also contain high levels of Thiamine/B1 and Omega-3 fatty acids. From cellular health to inflammation to respiratory conditions, this super seed is also great for animals!

TOPICS INCLUDE

Learning communication and conflict resolution skills which are vital to every healthy relationship.

Seeing the ways our Creator designed male and female so differently for our unique roles helps us live with understanding rather than frustration.

Understanding that we were created with foundational needs and how the absence of these impacts our relationships. We will look at learning how to receive them if they are missing as well as how to give them to each other.

FOCUS

The goal of this day is to prepare a young couple for a flourishing marriage that will last for life. It is designed to equip you with tools for a Gospel focused marriage relationship.

Marriage is the model that God gives to reveal the kind of relationship He desires and plans to have with us. The analogy of His design in structure and intimacy is crucial for us in knowing Him.

Marriage is the foundational building block of society and our communities. Church can only be as healthy as the homes that they are composed of.

Today we see pre-marriage preparation as perhaps our best hope to stop the cycle of hurt and pain which exists in our communities.

We welcome you to participate in a day of learning and growing -Jason Reed

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Treasured encouragement and teaching for Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: "He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually."

"Those magazines fascinated me," Kamran shared. "I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines."

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!
