Editor's Corner

Happy February!

February is the shortest month of the year, so take time to appreciate the little things and make each day count. Sure is good to be back to work and on a daily schedule again. Vacations are oh so fun! But, no place like home!! Wow the cold weather and snow we had already. Snow piles everywhere. "No Winter lasts forever, No Spring skips its turn."

Are you wanting to advertise your Business or sell an Item? We would be happy to help. For all display ads see page 8. For all classified ads see page 7.

Who We Are

For the past six years, **The Teachers' Workshop** has hosted an annual two-day event in Holmes County designed to equip, encourage, and connect teachers locally and from surrounding communities. The workshop brings together new and experienced teachers to share ideas, discuss challenges, and find fresh motivation for the classroom. Through interactive breakout sessions on subjects like slow

learners, time management, classroom behavior, and even recess strategies, teachers leave encouraged and better prepared for the school term ahead.

Beyond the classes, the event fosters mentorship between experienced and beginning teachers and offers access to valuable classroom resources—all aimed at making a meaningful impact on the thousands of students these teachers serve throughout the year.

Expanding Our Impact

Our mission to equip teachers goes beyond the annual event. We're currently funding the Helping with English curriculum revision—an eight-book series used in many local schools. This major update will provide a more accurate and engaging curriculum for both teachers and students.

How You Can Help

The Teachers' Workshop is fully donation-supported and organized by a volunteer committee. Your financial support helps us continue hosting this valuable event and fund related projects. We are an IRS registered 501(c)3 organization and your donations are tax deductible. Together, we can make a difference!

Considering taking Mable to the sale at Gordyville?

Does she always look tired like she's going uphill?

Notice as soon as she steps off the trailer

Her muscles so tired she sways like a sailor

By the time the auctioneer starts his chant

Mable's wore out and starts to pant

Now what to do when all bids fall

And you take her back home from the sale

Now it's time to give Mable some life

This time you better listen to the wife

So what that product she talked about

Dad, try Lions 6-Way the children shout!

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

- 1. If you want to reduce ulcers, acid reflux and build muscle as well.**
- 2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..**
- 3. If you want to calm your mares down, reduce tying up, anxiety and aggression.**
- 4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.**

Maximum Performance for Breeders

- 1. If you want to reduce OCD's (soft bone chips in ankles and hocks).**
- 2. If you want to have mares at peak condition checked in foal.**
- 3. If you want to improve development of your foals.**
- 4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.**
- 5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. contact 502-817-1947**

Is your horse not what he used to be?

My horse started showing signs of wear and tear. He wasn't a willing traveler anymore, his stride was shorter and he had some soundness issues. So I started looking for a replacement and WHOA! Have you seen the price for horses lately? So then I decided to give Maxmotion a try to support his joints and tendons. Now my horse goes like he wants to instead of have to. The trips are more enjoyable and I'll get a few more good years out of my horse.

I also have a young horse that was injured during training and at times he would limp. Added Maxmotion to his feed and in a few weeks the limp was gone and he didn't show any signs of pain.

Maybe All Your Horse Needs is a little Maxmotion to rebuild his joints and tendons so you get to enjoy him a little longer.

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINEGAR HAS A "ONE-TWO" PUNCH...

1) "Mother" (aceto bacter) is required to convert alcohol into ACETIC ACID. Acetic acid, NOT MOTHER, is alkaline forming in the body, which helps prevent disease and internal/external parasites.

2) Fresh raw apples have DIGESTIVE ENZYMES, a feature of this vinegar we call the "second punch". Unlike ACV from the other plants, our entire fermentation process is designed to keep intact all of the original enzymatic power.

The Mother of all Enzyme-rich vinegars

So my fellow livestock producers, "Ask not if this ACV has the mother - do ask if this ACV still has all of the enzymes of the Whole-Apple?"

There is a Better Way

Actual results after 2 applications of BioChar.

Also available in 1.2 cubic foot bag

If you want better nutrition.... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

A whitetail's sense of smell is vastly stronger than a human's – thanks to hundreds of millions of scent receptors, their nose can detect and differentiate scents at levels humans simply can't. This makes smell a deer's most powerful defense and navigation tool in the wild.

REAL PEOPLE REAL RESULTS TRY US CALL TODAY!

"We do realize it's often we read about positive testimonies and we wonder- is this really the answer or as good as it sounds? But that's what it is with our story- After starting your recommendations and products (and only 3 at that!) we had total improvement in only one week! We have tried various remedies before- none which seemed to help enough, once we did a blood test we realized sometimes one of the most important things are first knowing what your body needs. Although, we do first owe thanks to God for his healing and answered prayers. We also want to take the time to thank Dr Sladic for your time and help." - **NZ, Pennsylvania**

"I had a serious thyroid issue. Suddenly, we saw Dr Sladic's ad in the budget. Is this something we want to try? Knowing we had to do something We called Tom and followed his directions. We have no regrets!! I stopped all of my other products and started Sladic's program My health climbed upward right along. To this day I thank God for his leading and healing." - **L Vutzy, Iowa.**

"Our family doctor put me on a thyroid prescription and increased my dosage three times over the next couple of years. But, it didn't seem to make me feel better. My health issues continued to get worse. After a thorough test Dr Sladic Started me on his program. It was clear other issues were contributing factors. Now after six months, I am not taking as many products and feel stronger and healthier than I have in years. If you're struggling with health issues I would definitely recommend you give this a try." - **D.S. New York**

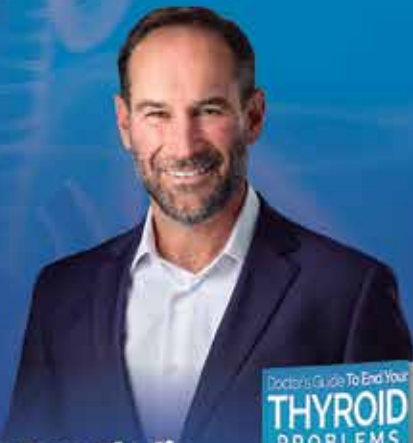

"I had multiple miscarriages and some digestive issues. I felt wonderful on your program with the diet I was following, no digestive issues at all! It helped to know what I should take to help my body heal. Right at the end of your program I became pregnant again, which was much sooner than I usually was able to." - **K Wengerd, Ohio**

"I felt tired most of the time. I also had thyroid nodules. After doing your program I feel more alert and have more energy and less sick. I can do most of a days work, without needing to rest. I would recommend this program to anyone that wants to do it naturally. All people involved are very understanding and helpful. I am thankful to god for this option." - **A Yoder, Ohio**

"I found that I had a sensitivity to vitamin B12 supplements. I am always fatigued, I am very sensitive to fillers which explains my cupboard full of supplements that I can't take. After a blood test I found I had anemia, high cholesterol, and thyroid issues. After your program, my fatigue is 75% better. My second blood test showed my cholesterol lower, my anemia improved and my thyroid antibodies are gone. Thanks for your time and patience, you got a wonderful thing going. I appreciate that you didn't put me on twenty plus pills. I am only on five different supplements from you. May God bless you." - **M.H. Montana**

"I was struggling with postpartum depression, psoriasis and low energy. After your program, I can think more clearly and positively. The work doesn't overwhelm me like before. The psoriasis is slowly still improving and my energy is much better. Dr Sladic taught me how to eat better which has been a big help to our family. Thank you for your help during my journey to better health. To God be the glory." - **K. Yoder Ohio**

FAMILY & HEALTH

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10-15 minutes a day and gradually increase to 20-40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! - *WTHN Client*

Sciatica That Just Won't Go Away?

If You've Tried Everything and Still Hurt — Read This Before You Waste More Time, Money, or Hope

Many people suffering from chronic sciatica have a **hidden spinal disc injury** that was never properly diagnosed.

If your pain keeps coming back no matter what you try, this is likely why.

That's why pills, injections, therapy, and stretching often fail—they treat symptoms, not the disc itself.

Our clinic is different. We use a **diagnosis-first, non-surgical approach focused only on spinal discs**. Not knees. Not hormones. Not general pain care. **Discs only.**

We've helped Amish, Mennonite, and English patients from across the country finally understand what's wrong—and what it will take to fix it, without surgery.

FAMILY & HEALTH

“Lions Mane Talk”

High in the clean, cool air of the Appalachian Mountains, Mushroom Maiden Farm tends its Lion’s Mane mushrooms with the same care a family gives its garden. Grown in a quiet tunnel, away from impurities and noise, each fruiting body is nurtured slowly and naturally. From these American-grown mushrooms come our pure, tested capsules made without fillers, additives, or anything unnecessary.

Many folks today are finding value in simple, time-trusted natural supplements. Lion’s Mane has long been appreciated for the way it supports the body’s own defenses and helps the mind feel clear and steady. Taking a small dose each morning can become a gentle habit, like stepping outside to breathe the dawn air. Over time, people report feeling more alert without any sense of unease or jitters. Some find it helps them meet the day with calmer thoughts and a lighter spirit.

Winter can test even the strongest among us. Cold winds, heavy chores, and long nights can place extra strain on the body. That is why having something wholesome “on board” can be a comfort, a steady companion through the harder months. Mushroom Maiden Farm’s Lion’s Mane capsules, made from the full fruiting body and carefully tested, are an easy addition to the morning routine. I take them each day myself, and it requires no more effort than a sip of water.

If you seek a natural way to support your well-being through the seasons, Mushroom Maiden Farm is pleased to offer its harvest to you, pure, simple, and grown with respect for God’s creation.

Article space donated to CAM

A channel enabling the church to minister to physical and spiritual needs around the world

Civil war has left many Yemeni families struggling to survive. With tears, one recipient shared, "I thank [CAM contacts] for helping people in need like us."

FOOD FOR WAR-TORN YEMEN

Parcels of love

In our country where war is a distant thought, it is difficult to imagine the suffering of people in Yemen or other countries where the horror of war is reality, pain is felt, poverty abounds, and hunger claims lives.

Kamal* is a Yemeni father who had to leave his home and job because of heavy shelling.

Huda is a mother of five whose husband died, leaving her with the full responsibility of raising her children alone.

Rania and her family of seven live in a house with a collapsing roof, allowing water to pour in every time it rains.

Your kindness enables CAM to show Jesus' love and care through the gift of food parcels to suffering people in Yemen. Thank you!

(must be plugged into a power source for display to be lit full time)

Temperature Forecast... Arrows beside the temperature indicate the direction temperature and humidity are trending. Increasing, stable, or decreasing.

5-Day Weather Forecast Station

#4035 | \$59.95

Crucial for planning daily activities and making informed decisions in various sectors. Builds forecast from outdoor sensor, no tower involved. Current day plus 4 more days forecast. Temp. display in C or F. Forecast only with clear icons, no rain or wind gauge.

- 2 AAA + 2 AAA for outdoor sensor
- USB power cord included for back light
- Press Snooze for back light with batteries
- 2 different alarms
- Temperature trending forecast with arrows
- Indoor/Outdoor Temperature, Humidity, Moon Phase, Air Pressure, Date & Time
- 6.5" x 5.75" x 1.5"

How reliable is the weather forecast? This is gathering data from the outdoor sensor based on the barometric pressure and temperature and will not be as accurate as an online forecast but it will still give an idea of whats coming. It can take up to 14 days for the forecast to register the weather conditions.

Changing from C to F in temperature display... Press and hold the Max / Min button on the station for 3-5 seconds to toggle to preferred setting.

Having trouble connecting the outdoor sensor to the station? Press and hold the channel button on the station for 3-5 seconds on the channels beginning at 1, then 2, and 3. Allow up to 15 minutes per channel for it to connect.

Will this work in any area? Yes, this unit is not connected to any tower for data. The clock needs to be set manually and all the information is gathered from the outdoor sensor. Sensor needs to be within 95' from station.

The Weather Station Journey

In August 2025, we launched the Weather Forecast Stations, ordering 2,000 units, expecting those to last through Christmas. By November, those were fully reserved, but we didn't have them yet! We finally sent out all the pre-ordered units, first of December. In October, we ordered another 2,000, starting to accept orders for them in January. This new shipment arrived in early February, but given the rapid sales, we might run out before our next shipment, which we ordered in January. Thank you for your patience and continued support. We greatly appreciate it.

The View from Here *By Aaron Miller*
Winter Time Sales

I get asked all the time, "When's the best time to sell real estate?" That's a loaded question. Are we talking hunting land, residential, commercial? Where's it located? How steep's the driveway? How good are the photos? The list goes on.

Here's the real bottom line: the best time to sell is when the timing is right for you, the seller.

At Kaufman Realty, we sell property year-round. There really isn't a "bad" time—unless extreme conditions keep buyers from getting eyes on it. And if you've talked with me about selling, you've probably heard me say, "We could have an auction December 24th at midnight, and people would still show up."

Now, that's probably not the plan—but the point stands. If the property is good and the location is right, it can sell just about any time of year.

So don't hesitate to reach out to your agent, preferably me (cough, cough). Let's get your property sold, your goals met and send you on to bigger and better things in 2026.

As Dave Kaufman likes to say, there are three things that matter most in a property sale: **Location, Location, Location.**

That's the view from here. Until next time.

Real Estate: Exciting opportunity in Ashland County! 38+/- acres to be offered in 2 parcels. Ponds, privacy, and excellent building or recreational potential. Real estate features a nice blend of water, privacy, and versatile land use in a country setting. Featuring multiple ponds for fishing and wildlife, wooded acreage for hunting and outdoor recreation, and rolling terrain with scenic views, the property boasts potential for secluded homesites, private retreat, recreational getaway, or long-term investment. Well-constructed existing driveway servicing access to both parcels and adjoining neighbor's parcel.

Real Estate To Be Offered As Follows:

Parcel 1: 20.8± acres. Approx 124' frontage. This parcel offers an exceptional blend of privacy, water, and building potential. Tucked away from the road, the property features excellent elevation for a secluded potential new homesite surrounded by natural cover and scenic views. Parcel includes a 124' x 30' building, formerly operated as a military veteran retreat facility, which previously accommodated multiple bedrooms and common areas. The structure offers substantial square footage and presents opportunity for renovation as a private retreat, lodge-style use, specialty facility, or flexible recreational purposes. A large pond enhances the setting and provides fishing, wildlife attraction, and outdoor enjoyment.

Parcel 2: 16.8+/- acres. Approx 524' frontage. Includes a 1,300+ square foot home/cabin along with a bank barn. A pond, open ground, and wooded areas add to the versatility of the parcel, making it well suited for a small farmstead, renovation project, weekend property, hunting or recreational use. You decide.

Note: Parcels 1 & 2 will be offered separate then together through our multi-par system. Bank financing available to qualified bidders. Call auctioneer for details on how to use your current property to buy this one!

Whether you are looking to build, invest, or enjoy the outdoors, this property offers the kind of flexible acreage and natural features that are becoming increasingly difficult to find in Ashland County. Buy one parcel or buy it all, you decide. Walk land at your convenience. Buildings will be open 9:00 am auction day.

Terms On Real Estate: 10% down auction day, balance due at closing. A 10% buyer's premium will be added to the highest bid to establish the purchase price. Any desired inspections must be made prior to bidding. All information contained herein was derived from sources believed to be correct. Information is believed to be accurate but not guaranteed. Property to be offered as a Multi Par auction and sold whichever way it brings the most.
