Hello,

Another month has slipped through our fingers like sand-yet every grain carried a lesson. The end of the month is a time to reflect and celebrate your achievements. I am spending the weekend in New York with friends. "A day spent with friends is always a day well spent." It's the perfect weather and time for campfires.

"Make memories... One campfire at a time."

Have a happy summer,

Gnawing hunger

IN CUBA

A Cuban father arrives home after a long day of hard work. He counts the coins while his children ask what they will have to eat. His heart breaks as he looks into their pleading eyes.

In another Cuban home, a Christian man feels the stress of his family's gnawing hunger. He knows the strain of caring for his wife as she battles cancer. He knows the agony of needing to decide between a piece of fruit for his ailing wife or the taxi fare to travel home from the hospital.

A woman looks up at her leaking roof. But her leaking roof is the least of her worries. She processes the sorrow of a drinking husband. She thinks about her pantry, which is nearly always empty. Her stomach aches since she hasn't

eaten in days. Sadness seems to always lurk at her door.

These are the stories of recent recipients of nutritious canned chicken from CAM's cannery in Ephrata, Pennsylvania, and other food aid made possible through your generous support.

Workers in Cuba share the responses of those who receive desperately needed food.

- They praise God for His provision.
- They weep openly.
- Their hands tremble as they clasp the precious gift of food.
- A father smiles a vibrant smile—knowing that at least for tomorrow he will have food for his children.

A CAM staff member who visited Cuba in December wrote: *I must admit, I was and am shocked and troubled by the fact that on the back doorstep of the United States is a country with such need! People vacationing on the beaches of Cuba would be shocked to know that mere miles away children are going to bed with almost nothing to eat, and the struggle for survival is similar to what you might expect in Africa or Haiti.*

In addition to providing canned chicken and other food, we are excited for the opportunity to supply spiritual food for Cuba in the form of much-needed Bibles and Christian family magazines. The dearth of Christian literature is as severe as the dearth of food.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

There is a Better Way

Do you want BIGGER bucks on your food plot?

Now is the time to apply Ohio Valley
BioChar to your food plots!

Harvested late season
archery from this
food plot

*Actual results after
application of OVB
Food Plot Blend.*

Biochar blends available for various
farming needs, call for more information.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Strawberry Dreams

DID YOU KNOW - YOU CAN GROW STRAWBERRIES FOR NEXT SPRING IN YOUR EMPTY GARDEN SPACE THIS FALL?

Here's
How:

No Weeds • Earlier Berries • Easy Picking

In Mid-August

- RAKE FRUIT & BERRY HYBRID FERTILIZER OR 20-20-20 INTO WEED-FREE, TILLED SOIL. (ADDING FERTILIZER ONLY TO PLANT HOLES IS NOT ADVISED AS IT MAY BURN YOUR PLANTS)
- LAY PLASTIC AND PLANT 2 ROWS OF PLUGS, 12" APART, STAGGERED. (12' ROW HAS 24 PLANTS)
- KEEP WELL WATERED UNTIL ESTABLISHED. FERTILIZING WITH MONTYS ROOT & BLOOM OR 20-20-20 IS ADVISED

In Fall

- GO THROUGH SEVERAL TIMES, CLIPPING ALL RUNNERS
- COVER WITH 1.5 OZ ROW COVER ONCE DAILY HIGHS ARE 50 DEGREES

In Winter

- LEAVE ON ALL WINTER UNTIL SPRING DAILY TEMPS ARE 50 DEGREES.
- UNCOVER, BUT LEAVE BESIDE THE ROWS FOR NIGHTS WITH FROST
- FERTILIZE AGAIN WITH MONTYS ROOT & BLOOM OR 20-20-20

We sell out fast! Order now! PLANTS ARRIVE MID-AUG.

*** it could be your thyroid!**

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.

– **Dan Stoltzfus, Pennsylvania**

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.

– **Leah Miller, Ohio**

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!

– **Kathryn Yoder, Missouri**

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.

– **Sue Albrecht, Michigan**

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing, I've already told many people to call you.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20–30 minutes before bed. Journal of Sleep Therapy 2015

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10–15 minutes a day and gradually increase to 20–40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! – WTHN Client

WHY DOES DISC PAIN KEEP COMING BACK?

Free Recorded Message For People Whose Back Pain,
Sciatica, Or Disc Problems Keep Coming Back

Many people feel better for a little while.

Then weeks or months later, the pain comes back. Some are told pills, injections, or surgery may be their next step.

But what many people are never told is why the injured disc may not have had the opportunity to repair.

In this free recorded message, Dr. Jeff explains what may be causing the pain to keep returning — and what many disc sufferers should know before taking the next step.

- ✓ Why back pain and sciatica often come back after short-term relief
- ✓ What may keep an injured disc from having the opportunity to repair
- ✓ Why pills, shots, or adjustments may not address the real disc problem
- ✓ Why some people are told surgery is their only option
- ✓ What to know before agreeing to injections or surgery

Natural Wellness Through Colloidal Silver: A Time-Honored Approach to Family Health

"Our family has used these products for years and we have had great success using them for any accidental wounds in our wood shop. We soak the wound with Digestive & Urinary Support and then apply the wound relief after. We also use the DUS for any flu's or viruses"

Laura Yoder

Your head is pounding, your brow is sweating, and the stabbing discomfort in your gut is the only thing that distracts you from the nausea. You run for the bathroom... you want to run to the hospital, but what can they do for you? It's the middle of the night and you had some bad food. Was it the fruit salad that cousin Mary brought or the macaroni salad that Aunt Anne made? Maybe the turkey wasn't done enough?... Just thinking about it makes it worse. Then... it gets worse. Your kids come rushing into your room holding their bellies. They ate it too. Now what are you going to do?

According to the CDC, millions of people experience digestive distress each year related to something they've eaten. Most of these cases are not linked to major outbreaks and many happen around holiday time when food sits out for too long.

But it's not always just a single meal. Many people deal with ongoing digestive discomfort from time to time, and urinary discomfort is also a common concern, especially for women. These issues can come and go, often without warning, and can disrupt daily life in frustrating ways.

Steven Frank was the founder and innovative herbalist behind Nature's Rite for many years. His formulations have helped thousands achieve more comfortable, healthier lives.

Today, Nature's Rite offers over 20 different products and features a whole variety of colloidal silver.

I have been using Nature's Rite products my entire life, for over 30 years. They are the health and wellness practices I was raised on, what I know, and most importantly, what I trust. In my experience, they have proven to be safe, reliable, and well-suited for families.

Nature's Rite products, especially the colloids, are always in my medicine cabinet—on hand and ready.

— Colin Frank

Using antibiotics to rid yourself of a urinary infection often leads to a yeast infection. They can kill off so many good-cultures all over your body that the candida takes over.

The world is not sterile. The concern comes when the numbers of unwanted microbes get so high that your body's natural defenses are overwhelmed. Microbial populations can multiply rapidly under the right conditions.

Don't get lost in the numbers, don't get consumed by worry. There is a way to get those children feeling better and back to sleep in an hour. There is a way to do this safely and without antibiotics or hospital emergency rooms. There is a way to help restore your digestive and urinary tract.

By now you must be screaming, "What is it already!?" The answer is an **enhanced aqueous colloid of silver**. Years of laboratory research on microorganisms have explored how properly prepared silver colloids interact with a wide range of environmental microbes.

Not just any silver colloid is created the same. Some preparations are too weak (less than 20 parts per million), while others are pushed to extremely high concentrations like 250 or 500 parts per million (ppm) by adding sugars, citrates, or proteins. These variations can significantly change how the silver behaves.

As it turns out, a properly prepared **colloid in the range of 40 to 60 ppm** creates a more stable and effective formulation. **This balance is what makes the difference.**

**If you want to know
whether they will work for you,
then you have to try them.**

Silver Colloid as a Household Essential

When your body starts sending those early signals that something isn't right, having the right support on hand can make all the difference. Acting early and supporting your body's natural processes is often the key to staying ahead of discomfort and getting back to feeling like yourself.

Whether it's something you ate, seasonal challenges, or everyday environmental exposures, having trusted options at home and even on the go can bring peace of mind when you need it most. Once it becomes part of your routine, it's something you'll never want to be without.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. Do crowds and people make you feel nervous, tense, or even panicky? A dis-regulated nervous system can be the cause.

A recent testimony:

I used to get anxiety attacks a lot. For sure in big crowds like in church, auctions, and sometimes at home when something gets on my nerves. It felt like chest pains but it was an anxiety attack. I also couldn't sleep well and didn't have much energy.

I finally got an appointment at NuLife to see if it could bring a brighter outlook in life. It was all worth it as I feel a lot better to start a day after a good nights sleep.

We are so Thankful God gave us such a good place to go when needed. Thanks Wayne County Ohio

Stay Local and Yet Reach Far

Jesus said, "...you will be my witnesses in Jerusalem, and in all Judea and Samaria, and *to the ends of the earth.*" (Acts 1:8)

How is that possible? Well, you can start here and now! Most of us live and work near home and only get into surrounding areas where people can see our light.

But to the ends of the earth? Let Global Disciples do the work.

Global Disciples trains Christians in Africa and Asia who know the local language and culture to share the Good News of Jesus with the people there who never before heard the Gospel. Last year 76,239 people came to Christ and joined one of 4,246 new churches that started.

People come to Jesus only as the Holy Spirit leads. But for every \$102 given, we see someone come to faith in Jesus and get involved in a church. Most who trust in Christ and are baptized were once unreached people. Every bit helps!

I am giving to help more people from 'the ends of the earth' come to faith in Jesus Christ!

- ☐ \$102 to help 1 person come to Christ
☐ \$204 to help 2 people come to Christ
☐ \$306 to help 3 people come to Christ
