Editor's Corner

Hello everyone,

Another week, another chance to be amazing! Last night I attended the Special Hearts Benefit Auction at Ridge View Community Center, which brought a large crowd of people. We sure appreciate a place like Special Hearts' workshop & daycare. My nephew Brian who has down's syndrome enjoys the workshop and my niece Amy who also has down's syndrome enjoys the daycare.

"Children with special needs inspire a very, very special love."

You all have an amazing week!
Ruby Yoder

Meet **Gigi Williams**
Native Ohioan
Author of **"God's Hand in My ONE"**

The true story of Gigi Williams, who was born without her left hand and forearm. How does a three-year-old perceive her difference? How about that same girl at age 12 and into adulthood? With gut-wrenching honesty, Gigi shares her angst in longing to fit in with everyone else but just could not. She reveals now what she was unable to express as a child. She knew her family loved her but sometimes faced a world that was cruel and rejecting. Finally realizing her disability was not an oversight by God, Gigi experienced joy and freedom, knowing that in every situation God works for the good of those who love Him. Whether you are a person with a disability or know someone who is hurting, take courage! This is a hope-filled book that will warm your heart and maybe change the way you see others. Be prepared to laugh and cry as you immerse yourself in her unexpected adventures.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

ADVANCED LIPOSOMAL SUPPORT FOR LYME DISEASE & TICK PROTECTION

15% off until Aug 31,2026

CRYPTOLEPIS

~~$33.75~~ **$28.69**

Advanced Liposomal Support for Lyme Disease*

Cryptolepis is a traditional botanical, clinically recognized for its ability to support the body in the treatment of Lyme disease and other tick-borne infections.*

It helps promote a healthy immune response, supports the body's natural detoxification processes, and encourages a balanced microbial environment.*

Ideal for both early-stage and persistent Lyme challenges, Cryptolepis works in synergy with the body to help restore vitality and long-term wellness.*

METHYL B-COMPLEX + LEMON RASPBERRY

~~$37.50~~ **$31.89**

Advanced Liposomal Protection That Works at the Source*

Liposomal Methyl B-Complex supports the body's natural defenses against ticks. This advanced liposomal delivery system helps B-vitamins bypass the digestive tract and is absorbed directly through the oral mucosa, entering the bloodstream rapidly for optimal bioavailability and utilization.*

This internal support helps maintain a balanced biochemical environment that is less attractive to ticks, helping you enjoy the outdoors with greater peace of mind.*

NOTICE:

Lyme disease continues to be a growing public health concern. Research indicates that the prevalence of Lyme disease in ticks is increasing:

- In a 2020 study in Germany, 10% of 1,000 ticks tested were carriers of Lyme disease.
- In a 2026 follow-up study, 90% were carriers.

Early detection and timely intervention are critical. The first 3 days are the most important. Begin treatment immediately to help prevent the spread of pathogens to cells and tissues.

5 DAY TREATMENT. TRIED. TESTED. TRUSTED.

Every time a tick finds the wrong place to attach, be prepared.

Pressure Point Mat Set

Lay back, breathe deep, and let the tension melt away.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20–30 minutes before bed. Journal of Sleep Therapy 2015

$138 for the mat.
Add **$12** for shipping.

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10–15 minutes a day and gradually increase to 20–40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! – *WTHN Client*

ASK DR. NELSON: "HOW MUCH DO VEIN PROCEDURES COST?"

This is one of the questions I am asked most often, and I believe it deserves a straightforward answer.

Many people delay treatment because they assume vein procedures are too expensive or require a hospital stay. Fortunately, that is usually not the case.

The first thing to know is that varicose veins are often a medical condition—not simply a cosmetic concern. When the valves inside the veins stop working properly, blood flows backward and pools in the legs, a condition called venous reflux. This can cause aching, heaviness, swelling, restless legs, itching, skin changes, leg cramps, and, if left untreated, even ulcers or blood clots.

Because vein disease is a medical condition, most insurance plans, including Medicare, cover medically necessary vein procedures when their coverage requirements are met. Your out-of-pocket cost depends on your individual plan, and we're happy to verify your benefits before treatment.

For patients without insurance, or those who prefer to pay directly, we believe in complete price transparency. Since our procedures are performed comfortably in the office using local anesthetic, there are no hospital or facility fees, and patients go home shortly afterward.

Self-Pay Pricing

Endovenous Ablation
- First leg: $2,550
- Second leg: $1,550
- Includes the procedure, all postoperative ultrasounds, and all follow-up visits related to the ablation.

Microphlebectomy
- $1,000 per session
- Removes enlarged surface varicose veins through tiny openings in the skin. More than one session is occasionally needed because there is a safe limit to the amount of local anesthetic used during one visit.

Sclerotherapy
- $300 per session
- Treats smaller veins by injecting a solution that causes them to gradually fade.

ENDOVENOUS ABLATION:
1ST LEG: $2,550
2ND LEG: $1,550

MICROPHLEBECTOMY:
$1,000 PER SESSION

VARITHENA:
$450 PER SESSION

SCLEROTHERAPY:
$300 PER SESSION

When comparing prices, be sure to ask what is included. Some practices charge separately for postoperative ultrasounds or follow-up visits.

Why are there different vein procedures?

Think of vein disease like a leaking roof.

- **Endovenous ablation** repairs the roof by treating the unhealthy vein causing the problem.
- **Microphlebectomy** removes the damage, much like replacing water-damaged drywall after the leak has been repaired.
- **Sclerotherapy** is like repainting the ceiling once everything else has been fixed.

If you repaint the ceiling without repairing the roof, the stain usually comes back. Likewise, treating only the visible veins without correcting the underlying problem may not provide lasting results.

Not everyone needs every procedure. Some patients need only an ablation, others only a microphlebectomy, and some only sclerotherapy. The right treatment depends on your examination and ultrasound.

Is traveling for treatment worth it?

Some families travel long distances for medical care hoping to save money. While cost is important, it's also worth considering recovery. After vein procedures, we encourage patients to walk about one hour every day to promote healthy circulation and healing. Long periods of sitting in a vehicle soon after treatment can slow blood flow and may increase the risk of a deep vein thrombosis (DVT).

Follow-up ultrasounds are also an important part of your care. Receiving treatment close to home makes recovery easier and avoids the added cost of travel, fuel, meals, lodging, and return trips. Sometimes what seems like the lowest price isn't the lowest overall cost.

Our Promise

Our goal is simple: to provide high-quality vein care close to home, explain your options in plain language, and be transparent about treatment recommendations and costs. Whether you choose treatment now or simply want answers, we're always happy to help.

ATTENTION: If you or someone you know has an appointment with Dr. Nelson at the Twin Springs office on July 24th, please call 440-617-6064 to reschedule as the office will now be closed that day.

WHY DOES DISC PAIN KEEP COMING BACK?

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

Violent earthquakes IN VENEZUELA

Article space donated to CAM

Christian Aid MINISTRIES

A channel enabling the church to minister to physical and spiritual needs around the world

It was a typical evening in Venezuela on June 24. Motorbikes buzzed along the dusty streets of Caracas, past restaurants, noisy street vendors, and families enjoying supper in their homes. Fourteen miles underground, intense pressure was building between two tectonic plates. At 6:04 p.m., the plates slipped past each other releasing a magnitude 7.2 shockwave near Caracas, Venezuela's capital city. Only 39 seconds later, an even larger magnitude 7.5 quake struck!

Motorbikes swerved to the side of the road. Street vendors stood dumbfounded as their wares spilled from the tables. High-rise apartment buildings swayed, then thundered to the ground, belching dust into the chaotic streets. A CAM contact shared, "We didn't know what was happening—the power went out, there was no signal, and the shaking began. Everyone rushed to leave the apartment building to find a safe spot. The elevators jammed, so we had to use the stairs; people were running and falling, and many elderly individuals couldn't get out in time. Others remain trapped under the rubble."

When the shaking stopped, wailing could be heard from beneath the mountains of rubble. Recovery teams raced against time to rescue people from the twisted mess before they would die of injuries or thirst.

Our response

We and our contacts wish to use this time to present the Good News to the suffering people of Venezuela as we assist them with much-needed aid. In recent months, we have been gearing up for a large-scale literature distribution in Venezuela. Large quantities of Bibles, Bible story books, and other literature are stockpiled near the affected area in Venezuela, ready for distribution. Along with other aid, these will be distributed to earthquake victims as well. We praise God for His hand in arranging this when we had no idea a deadly crisis was on the horizon!

Donations to this project will also be used to support a team of conservative Anabaptists assisting with disaster cleanup. Their church group has a vision to plant a church in Venezuela, so they hope to use this opportunity to plant the seeds of a future conservative Anabaptist church.

We are budgeting $1.5 million to respond to the needs in Venezuela. If you would like to help, your donation will provide food, Christian literature, portable water treatment systems, hygiene supplies, temporary shelters, and other assistance to the people of Venezuela in their time of need.

You CAN nurse your baby!!!
DON'T give up!!

Look what this mother from Wisconsin has to say:

I would like to order 4 more bottles of "Mothers Milk". It really works!! I tried so many other products to no avail. All I can say is when all else fails try"Mothers Milk"! :) Thank you for your great product. I don't want to be without it. What a joy to be able to put the "bottle" away since using this. - A happy Mom.

A mother from New York writes:

Hi, I'm ordering more Mothers Milk. I'm on my last bottle and I don't want to be without it - never could nurse our babies so good. He is gaining so well and don't have to give him a bottle at all. Thank you!

A mother from Indiana writes:

Please send me 3 more bottles of "Mothers Milk". This is my 8th child and I was never able to have enough milk for fully breast feeding. Now my baby is a little over 3 month and still doesn't need the bottle! It seems I had tried everything but this stuff really works! Thanks for a good product!

Another mother from Indiana writes:

I am amazed that it actually works for me since I have never had any luck with herbs/tinctures.... So am very thankful you created this wonderful product!

We have hundreds of testimonials like these!

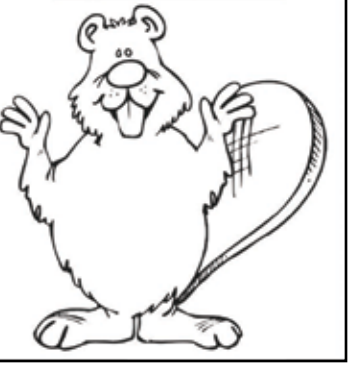
Can you help each of the Beaver's find the way to the Beaver Lodge?



Feeling incredible comes down to simple science.

Calm the nervous system. Sleep more soundly.

81% sleep through the night when using a weighted blanket

60% feel less anxious after using a weighted blanket

Try the **Tencel Cooling Tree Napper** for the effect of the cool side of your pillow the whole night.
NEW COLOR: **Lemon Icing**

Frequently asked Question

What is the best way to wash my Napper?

Wash separately in cold water, using mild detergent. If in a washer, select a delicate or permanent press cycle. Avoid fabric softeners and bleach. If using a dryer, tumble dry on low heat. It may take several cycles.

Do not hang on a clothesline to dry, it is very heavy when wet, and prone to stretching. It works well to drape it over a Lifetime table in the sun, and should be dry in roughly the same time period as a comforter. However, for the easiest washing process, take it with you next time you go to the laundromat.

Ohio State Director

Old Order Amish Steering Committee

Voice of the Old Order Amish

Ohio Road Maintenance Fund

A notice was sent to all horse and buggy church districts throughout Ohio stating that it is time to do the annual collection. If you did not get a notice, please proceed with a collection for your church. When sending in the check please be sure to include the church name/number and contact information for the future. It is also important the we know which county and township(s) the money was collected from and the number of families per township so that the money can be disbursed properly.

Ohio highway and bridge maintenance is mostly funded by license fees, fuel tax, and traffic fines. Real estate taxes are not used for road maintenance. The state and counties struggle with enough funding to pay for road maintenance. Since buggy horses cause damage to roadways there is a strong push for buggy licensing to help cover these costs. Since we do not own and operate motor vehicles nothing is contributed to the cost of road maintenance. Using the road is a privilege and we should be willing to pay our share.

Our voluntary contribution plan helps avoid mandatory buggy, bike, and scooter licensing and registration.

Guidelines

- Contributions are voluntary. The suggested rate is 100.00 per vehicle, 50.00 per bike or scooter.
- Vehicles to be assessed are buggies, surreys, hacks, and road carts.
- Pony carts, wagons, and farm equipment are exempt.
- Bikes and scooters to be assessed are those regularly used on the road.
- Each district should use their collector to collect the funds and forward to the treasurer by August 30.
- Of the funds collected, 10% goes to the state, 60% to the county, and 30% to the township.
- County Engineers and Township Clerks, upon receipt of their checks, are required to respond with a letter of acknowledgement. Most include a letter of appreciation to the Amish community for their voluntary donation.

Let us take seriously the privilege to still be tolerated on the road with our slower vehicles. It is our hope and desire that our voluntary donation will contribute to better relationships between our people and the motoring public.

Thank you for your cooperation and support.

Stay Local and Yet Reach Far

Jesus said, "...you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth." (Acts 1:8)

1 IN 3 PEOPLE IN THE WORLD HAVE NOT HEARD OF JESUS

How is that possible? **Well, you can start here and now!** Most of us live and work near home and only get into surrounding areas where people can see our light.

But to the ends of the earth? **Let Global Disciples do the work.**

Global Disciples trains Christians in Africa and Asia who know the local language and culture to share the Good News of Jesus with the people there who never before heard the Gospel. Last year 76,239 people came to Christ and joined one of 4,246 new churches that started.

People come to Jesus only as the Holy Spirit leads. But for every $102 given, we see someone come to faith in Jesus and get involved in a church. Most who trust in Christ and are baptized were once unreached people. Every bit helps!

I am giving to help more people from 'the ends of the earth' come to faith in Jesus Christ!

- ❑ **$102** to help 1 person come to Christ
- ❑ **$204** to help 2 people come to Christ
- ❑ **$306** to help 3 people come to Christ
- ❑ **$408** to help 4 people come to Christ
- ❑ **$510** to help 5 people come to Christ
