Editor's Corner

Hello everyone,

Well, we got snow again, but that's fine. Winter's not over yet, but I guess it is perfect weather for butchering. Did you all butcher already?

That's what we were doing the last couple of days. Hopefully, we'll be done soon as those make long days, but it is all worth it at the end.

Are we truly grateful for everything we have?

Julie Miller

*Mables foal is now... a year old
needs to get in shape before she's sold
I really did not want to buy 2 separate feeds
But I know more nutrition is what she needs.
It's now so obvious our nutrition was short
For how Betsy's still a very little squirt.
She really has a large potbelly gut
The wife says she's shaped like a nut!
Oh my goodness, what a rough hair coat
It looks worse than our neighbor's goat!
I wanted her to grow to be Chocolatier's wife
But 1st she needs to grow and get some life
How could we tuck up that gut
And get Betsy out of this rut
We'll need protein to build muscle and tissue
Better feed calcium so bones aren't an issue.
What's that product the wife's talked about
Try Lions 6-way, the children shout.*

HEALTH PROBLEMS? Your body is made up of 70-100 trillion cells, when your cells are healthy you're healthy! When your cells are unhealthy, disease and disfunction occur, and when untreated can lead to death. Science has shown that when your cells are unhealthy it is because of poor cellular communication. Damaged cells cannot alert the immune system, and the damage continues to multiply. For the first time in history you can bio-replace cellular communication. ARE YOU DREADING
Allergy season??

DON'T SUFFER FOR 19 YEARS LIKE I DID!!

For years I struggled with severe seasonal allergies (Spring & Fall) along with food sensitivities, headaches, chronic hives, chronic fatigue.... All this was part of my miserable everyday life. Thousands of dollars were spent as we searched for help to fix my "leaky gut". Every health practitioner was able to tell me my problem but not one of them was able to help me fix it. It was very depressing. Seven years ago we were introduced to WHOLE FOOD NUTRITION from Tranont and what a life changer! These 7 years have been the best years of my life. All honor and glory to God, our true healer.

Change Life **TRANONT**

IF YOU ARE SERIOUS about improving your health and getting ahead of your issues.... It's time to get SERIOUS about ingredients!! Did you know that over 95% of supplements today contain synthetic (manufactured) ingredients?? Our bodies were not created to recognize and use these foreign substances! These are NOT what our body needs to heal.

DISCOVER the benefits of REAL WHOLE FOOD NUTRITION!

Aloe Vera Gel

To be used topically on your entire body. Designed using only high quality, non-toxic ingredients beginning with the purest Aloe Vera. Now available in a convenient squeeze bottle.

Excellent for: Burns, cuts, poison ivy, refreshing after shave and even as a non-toxic shaving cream.

I use Pharm aloe as an all over light moisturizer and gentle healing agent. Also, I add a little olive oil to boost the moisture content. Also, found it to be helpful in lubricating nasal passages to help with dry air, etc. And is great rubbed onto bruises to help them heal quicker. Great all round product, very suitable for sensitive skin issues.

If Your Body Is Worn Down, This Is the Nutrition It's Missing

Hard work demands strong health.
When the body is under-nourished, everything suffers — energy, strength, focus, and endurance.

Comprehensive Core is a complete liquid nutrition formula designed to replace what modern food no longer provides.

One daily serving supplies essential vitamins, minerals, and plant nutrients the body needs to stay strong, clear-minded, and resilient.

This is not a pill.

This is real nutrition the body can absorb.

What Comprehensive Core Does

- Helps restore steady energy for long workdays
 - Supports mental clarity and focus
- Strengthens immune system response
 - Supports heart and circulation health
- Supports healthy blood sugar and metabolism
 - Supports digestion and nutrient absorption

Used daily for strength, endurance, and recovery.

Why Liquid Nutrition Matters

Tablets and capsules must be broken down before the body can use them. Many never fully absorb.

Liquid nutrition absorbs faster and more completely, delivering nutrients where they're needed — without strain on digestion.

Made the Right Way

- 100% natural ingredients
- Organically sourced nutrients
- No artificial colors or chemicals
- Easy to take once daily

This is foundational nutrition — not a stimulant.

One Supply Lasts 4 Months

This single order provides four months of daily nutrition for one person.

That comes to \$66.75 per month
Less than the cost of poor health.

This is a Miracle! 'Finally I feel human again. This formula transformed my life. My vigor, vitality & clarity returned.'

Skin now Rosy. 'My skin is now a healthy pink. It glows. The worms are gone.'

Dear Friend. 100% Folklore. Zero Science

If you have a health problem -- and can't get well, there could be a very good reason. Worms and parasites!

It sounds hard to believe. I agree. But if you're alive and breathing -- you're at risk. You may not see these tiny creatures. But believe me -- they're there! While you sleep, they eat. Your food! Your nutrients!

Pet owners often have red worms.

Many eat the best natural foods and take the best supplements -- and never get well. Why is that? One reason is the worms and parasites take the best nutrients. YOU get the scraps -- the leftovers!

It's TIME to Clean House! Get rid of unwanted guests!

How pHix's Mature Hops Extract Can Help Stabilize Blood Sugar & Support Diabetes Management

If you or someone you love struggles with blood sugar swings or diabetes, you know how frustrating it can be to find natural solutions that actually work. What if a powerful, science-backed ingredient—derived from something as simple as hops—could help? That's where pHix comes in.

- How pHix's Mature Hops Extract Works**
- ✓ Improve Insulin Sensitivity – Helps your body use insulin
 - ✓ Slow Glucose Absorption – Supports balanced blood sugar stability
 - ✓ Reduce Inflammation – Chronic inflammation

Why Science Behind It
Research has shown that certain compounds in hops (like alpha and beta acids) can:
• Activate AMPK (an enzyme that helps regulate metabolism, similar to how exercise does).
• Mimic some effects of diabetes drugs—naturally.
• Help reduce oxidative stress, a key driver of diabetic complications.
Pre-diabetes – Helps prevent progression to full diabetes.
Type 2 Diabetes – Support healthier blood sugar levels—naturally.
The Bottom Line: Blood sugar issues don't have to control your life. With pHix's unique hops extract, you're not just masking symptoms.

You can **stop** sleep breathing disruptions tonight.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."
Elva Chupp

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.
Sweet Dreams.

Replace your restless nights with **Sleep Breathing Support™**

Sleep Breathing Support™ by Nature's Rite is a natural way to reduce sleep breathing disruptions and achieve a restful night.

30 Capsules ~~-\$45.99~~ **\$36.79**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation. Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

The Cause

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

If you want to know whether it will work for you, then you have to try it.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

The Solution

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

ROUNDHOUSE

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A, Bb, C, D, and E*

\$29.99

KNITTLINGER

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger - it goes as fast as any player can play it!

Keys: Low A, Low Bb, Low C, and Low D*

\$99.95

BLUES SHIFTER

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D*

\$89.99

THE DELTA FROST COLLECTION

- The workhorses of the Bushman brand The Delta Frost comes in 3 different comb choices - Original (plastic), or you can get the Steeie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

Original Keys:
Low D, Low E,
Low F, G, A, Bb,
C, D, and E*

Steeie and
Woody Keys:
Low F, G, A, Bb,
C, D, and E*

\$29.99

Quickly learn to play popular songs even if you don't know how to read music! This popular harmonica instruction book teaches the basics like how to hold the harmonica, and

how to play single notes, and then it teaches more advanced skills like how to tongue block in order to Double Two Rattle, how to bend notes, and how to harmonize with others! It ends with the very important, rarely known topic, Harmonica Care & Maintenance Guide. That one section will save you many times the cost of the book!

\$9.95

DINKY

Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable. Here you get all 3 Keys for one low price!
G (Yellow), A (Navy), and C (Black)

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

**Most businesses buy insurance.
Some businesses own it.**

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

CLOTHING BUNDLE PROJECT

Relief after years of difficulty

Adnan* and his family live in a one-room space in a shop in Yemen. Adnan hopes that one day he will be able to afford a home of his own, but his work as a day laborer does not provide a steady income. He said, "Some days there is work, and some days there is none. But my family still needs food, clothes, medicine, and other necessities."

At a recent distribution by CAM contacts, Adnan's family received clothing, shoes, and school supplies. These gifts brought relief after years of hardship. With gratitude Adnan's wife shared, "I pray that God protects and rewards everyone who showed kindness to our family."

**Name changed to protect identity.*

This young boy in Yemen is now the owner of a nice blue shirt given by a generous supporter.

Time To Feed Your Trees!

Right now in the fall is the best time to feed your trees (this is when they pull in nutrition for the winter and spring months)

Tree Secret®

- All non fruit-bearing trees, evergreens and bushes.

Chicken Soup for the Soil®

- All fruit trees, flowering perennials, and flowering bushes.

Before

After

Tree Secret® liquid tree fertilizer (formerly known as Save-A-Tree®) is a biologically correct (non-synthetic) tree fertilizer that has been created specifically for enhanced tree success. Our small-batch, extra-potent blend of readily available nutrients is exactly what your trees, plants, and bushes need to revitalize and look great for years to come. The competition does not come close!

- Nitrogen found in most chemical lawn fertilizer is largely responsible for the unnatural rapid growth that weakens trees by thinning their protective cell walls, opening the door for disease, wind damage and bug infestations.
- Plants and bushes need the same nutrition as slow-growing trees. Give your yard a serving of this ultra-potent undiluted, carbon-based fertilizer and watch in amazement as your trees thrive and your landscape transforms into a lush paradise.
- Excellent results on all trees and bushes, including evergreens!

64oz JUG
\$34.95

APPLICATION INSTRUCTIONS

The amount needed for best results depends on the diameter width of the tree trunk 4' up from the base of the tree.

- Use 1 cup per caliper inch of tree trunk (trunk diameter)
- Mix with water and evenly apply from the base of the tree to the drip line.
- Water into the root zone.

To SAVE a dying or stressed tree, apply in spring and fall.

To MAINTAIN good tree health, use one time per year in spring or fall.

Happy trees have fewer problems. This stuff works!

At Dr. JimZ®, our main goal is to help people eat more nutritious food and be more successful in the garden. Our nutrients are designed to stimulate life in the soil and provide a plethora of nutrients at a biological level. **The microbes in the soil must consume the nutrients before they are 100% bioavailable to the plant.** Our products feed the microbes so your plants can then decide what nutrients they need and when they need them ... this will maximize the genetic potential of the plant and result in higher-quality fruits and veggies.

Great for hardware, lawn
and garden, or farm stores!

It's time to start applying OVB to your fields and gardens.

Also available in 1.2 cubic foot bag

Actual results after 2 applications of BioChar.

If you want better nutrition... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a

horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. **contact 502-817-1947**

PETER - FROM FAILURE TO FREEDOM

The Apostle Peter knew what it was like to fail deeply. He denied even knowing Jesus — not once, but three times. In that moment, his world collapsed. Yet, when Jesus rose again, He didn't reject Peter. Instead, He restored him, forgave him, and called him to a new purpose. Peter's story reminds us that no one is too far gone for God's mercy.

Hope Behind the Walls

In every jail and prison, there are men and women who carry deep regret — just like Peter did. But Christ still meets us where we are, offering forgiveness and a new beginning. Through Christmas Behind Bars, we share this message of restoration with those in prison and jails, helping them discover that their greatest failures can become the starting point of a transformed life.

Be Part of the Restoration

When you support our prison ministry through your donations, you help bring hope to hearts that feel forgotten. Together, we can show inmates that God's grace reaches beyond any wall or chain. Just as Peter's life was changed forever, so too can every life be renewed through the love and power of Jesus Christ.

Contact us for information on how you can help us by praying or volunteering.

Thank you!

How to donate to this 501c3 non-profit ministry:

100% of your donations go to helping the prisoners — all throughout the year — not just at Christmas!
