Editor's Note:

September is here. School has started. The crops are ready. Fall is coming. I can't wait for cooler weather, sweaters and hot chocolate. Apple pie and bonfires. Enjoy the day.

Mary Brenner

September by Helen Hunt Jackson

The golden-rod is yellow;
The corn is turning brown;
The trees in apple orchards
With fruit are bending down.
The gentian's bluest fringes
Are curling in the sun;
In dusty pods the milkweed
Its hidden silk has spun.
The sedges flaunt their harvest,
In every meadow nook;
And asters by the brook-side
Make asters in the brook.
From dewy lanes at morning
The grapes' sweet odors rise;

At noon the roads all flutter
With yellow butterflies.
By all these lovely tokens
September days are here,
With summer's best of weather,
And autumn's best of cheer.
But none of all this beauty
Which floods the earth and air
Is unto me the secret
Which makes September fair.
'T is a thing which I remember;
To name it thrills me yet:
One day of one September
I never can forget

Maximum Performance Horse Supplement

Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

Here is a young colt with two hind Ankle OCD's and really wormy
Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

50 lb bag-granular, \$150
lasts five horses—1 month!

50 lb bag-pellets, \$135
lasts one horse—50 days!

Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said, "Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. If you want to reduce ulcers.
2. If you want to increase stamina and reduce recovery time—may see a difference in 5 days!
3. If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.
4. If you want to calm your mares down, reduce tying up, and anxiety.
5. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Learn How to Maximize Breeding!

1. If you want to reduce OCDs, improve fertility.
2. If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.
3. If you want to improve development of your foals, strong when born, boost immune system, strong bones.
4. Vets explain OCDs are caused by mineral imbalance while mare is in foal.
5. First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.
6. Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

There is a Better Way

Do you want BIGGER bucks on your food plot?

Now is the time to apply Ohio Valley
BioChar to your food plots!

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.

Treasured encouragement and teaching for

Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: “He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually.”

“Those magazines fascinated me,” Kamran shared. “I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy

of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines.”

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — **D. Hershberger, Nashville, MI**

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — **D. Troyer, Randolph, NY**

Kräftig Fischöl *Powerful Fishoil*

Omega-3's are known for their health benefits like mood improvement, eye health, memory enhancement, bone health, anti-inflammatory benefits, and improved sleep. Though these benefits were once attributed to EPA and DHA, it turns out that DPA may actually be responsible for many of omega-3's benefits. Specifically: Anti-inflammatory, improves memory, anti-cancer, relieves arthritis pain, improves mental health, anti-aging, improves cardiovascular health, and lowers cholesterol.

Fräulein Eckstein™ *Female Cornerstone*

Female Cornerstone is a natural and broadspectrum formulation providing key vitamins and minerals as well as other nutrients that comprehensively support women's health. It contains select herbs including dong quai, eleuthero (siberian ginseng), chaste tree that have been used for centuries to support specific female needs, both hormonally and metabolically. This product also includes powerful antioxidants such as resveratrol, co-enzyme Q-10 for energy production as well as natural enzymatic support.

Weibes Spezial Plus *Prenatal & Postnatal Support*

Designed with care to meet the right nutritional needs of women who are expecting, preparing to become pregnant or are nursing. This product provides a comprehensive prenatal & postnatal formula with a unique blend of high quality, nonsynthetic Albion chelated minerals and vitamins. Also includes bioavailable nutrients that support the digestive system, as digestive discomfort is common while expecting, as well as nutrients that support the immune system.

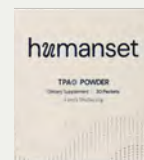

Infektion Kontrolle *Infection Control*

Infection Control vitamins A-D-E-K are epidemically deficient in Americans today. These fat soluble nutrients are DNA Activators and vitally important to the human body. They are used to treat symptoms of infection, inflammation, allergies, stimulate hair growth, and strengthens nails. Most important to take in the fall when sun exposure is diminished. Helps prevent cold and flu symptoms. Take two droppers daily.

Amla C

Amla-C is a naturally occurring form of Vitamin C, essential for the growth, development, and repair of all body tissues. Its supplementation has numerous benefits, including support for immune system, adrenal function, and collagen formation for healthy skin. Vitamin C also acts as a potent antioxidant, neutralizing free radicals and helping to recycle vitamin E and glutathione. Since the body cannot produce vitamin C, it must be consumed through diet or supplements.

Thymic Protein A *humanset™ (Formerly ProBoost™)*

A healthy immune system is essential to good health. Thymic Protein A is a glandular product. The thymus gland is a ductless gland located beneath the breastbone. It produces proteins or factors that program T-lymphocytes. This protein may be used in any situation where strengthening the immune system is desirable, as would be the case in most types of illnesses.

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars

from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby Weighted Blanket gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

BREAKING NEWS: Reports are in that people who have already been sleeping better with a Cotton Napper, are taking it up a notch more with the revolutionary Tencel Cooling Tree Napper. The eucalyptus fibers contained in this fiber blend have moisture wicking properties giving you the effect of the cool side of your pillow... all night long. Yes, even on these hot summer nights. We will keep you updated as this story develops.

In other news, the Cotton Nappers are available in 3 new colors, as reported below.

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Support: Helps to support calcium levels, aid in bone strength and supports your overall heart health and immunity.

An immunity powerhouse with an acerola cherry on top. Fortify is formulated with vitamin C—derived from the acerola cherry—and powerful antioxidants like elderberry, citrus bioflavonoids & black currant, to nourish and assist the immune system and support a healthy respiratory tract.

Benefits of Fortify

Boosts immunity: Nutrients like vitamin C and zinc help create new immune cells, protect existing immune cells, and ward off various ailments.*

Improves nutrient absorption: Get the most out of every use. Digestive enzymes help enhance absorption and flavonoids help transport vitamin C through the bloodstream to where it's needed most.*

Supports health & wellness: With essential vitamins, minerals, and herbal nutrients, Fortify provides benefits for the whole body, offering support for healthy immune defense and function, antioxidant activity, skin function, and more.*

More dynamic as a duo. Vitamin D requires K2 to unlock its full potential. When taken together, they act synergistically within the body to maximize the health benefits for your bones, heart, mood, and immune system.*

Benefits of Support

Strengthens connective tissue and bone formation: Vitamin D increases calcium production in the body, while vitamin K2 handles calcium control, removing it from tissues and arteries and depositing it into your bones and teeth to make them stronger.

Promotes cardiovascular health: Maintaining healthy levels of vitamin K2 helps to support your heart, blood circulation, and bones. Our formula contains MK-7, which has higher bioavailability than other forms of K2.

Supports immunity & prevents sickness: system by activating T cells that attack pathogenic bacteria and viruses upon entry into your body.*
