Editor's Note

Greetings!

The weather has been really nice lately. Perfect summer weather in my opinion!

As a child growing up in Western New York, I always started school after Labor Day, in the first week of September. It was always strange to me when children in other parts of the country would start school in August. That was my summertime, and I would not want to give that up! However, when I was attending college in Florida, my classes did start in the beginning of August. *But*, that was not too bad because the weather always felt like "summertime" in Florida!

So, school has started for many children in some states. Soon it will be back to school in our area too. But not for our son, as he has graduated and is moving on to adulthood! *Renee Lama - Editor*

amenities!

Island View Cottage is a lakefront vacation home on Lamoka Lake in the Finger Lakes Region of NY.

In the brand new kitchen, large windows and sliding glass doors open out toward the lake, with the expansive deck just beyond. Tucked behind the family room, the game room brings the fun indoors, with a pool table, dartboard and arcade games.

Down at the shoreline, you'll find a permanent dock, several kayaks, gravel beach, and a small sandy play area for the little ones. The island just offshore is a local favorite for swimming, and the lake itself is known for great fishing- with largemouth bass, pike and perch keeping anglers busy.

Gather around the gas firepit on the dock, or the wood-burning firepit along the shore, and let the conversation linger into the evening.

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. **contact 502-817-1947**

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Upper Cervical Center of WNY

If you or someone you love experiences seizures or slow learning—and you feel like you've tried everything—it may be time to look at the nervous system itself.

Your brainstem plays a central role in regulating sensory input and neurological balance.

When the top bone in your neck (C1) misaligns, it can interfere with this system—creating the potential for overstimulation, inflammation, and disrupted brain-to-body communication.

✦ Upper Cervical Chiropractic focuses on reducing irritation to the brainstem—helping the body stabilize from the inside out.

PSYLLIUM HUSK ORGANIC

Psyllium husk traditionally provides an excellent source of dietary fiber, which is often lacking in the American diet. Psyllium husk is a bulk-forming fiber which helps to initiate the natural movement of the bowel and improve the overall health of the colon. Psyllium husk supplies gentle cleansing action to the body - unlike many laxative products, which can be irritating to the gut. Psyllium husk contains both soluble and insoluble fiber for a

more complete fiber product. Our organic whole psyllium husk offers a natural, gentle source of fiber, which can help promote proper digestion, regularity and support healthy cholesterol levels in the body for individuals already within a normal range. A daily fiber intake of 25-30 grams per day is recommended for good health. Supports a low carbohydrate diet with added necessary fiber. Diets low in saturated fat and cholesterol that include 7 grams of soluble fiber per day from psyllium husk (or seed husks) may reduce the risk of heart disease. One serving of our organic whole psyllium husk provides 2.7 grams of this soluble fiber.

TAURINE

in muscle tissue. Our vegan friendly formula offers a convenient option for those who may have lower taurine levels, such as vegans and older adults.

Taurine is an amino acid that supports nervous system health, cardiovascular function, hydration, and overall brain health. It also promotes nerve impulses, stabilizes cell membranes, and aids cellular function. Additionally, taurine is being studied for its role in exercise performance, as it is found in high concentrations

Frequently asked Question

What is the best way to wash my Napper?

Wash separately in cold water, using mild detergent. If in a washer, select a delicate or permanent press cycle. Avoid fabric softeners and bleach. If using a dryer, tumble dry on low heat. It may take several cycles.

Do not hang on a clothesline to dry, it is very heavy when wet, and prone to stretching. It works well to drape it over a Lifetime table in the sun, and should be dry in roughly the same time period as a comforter. However, for the easiest washing process, take it with you next time you go to the laundromat.

Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! – WTHN Client

LIVESTOCK GIFTING opportunity!

“You’re going to sell old Bessie?”

Marcus paused to listen to his wife as he pulled on his boots. He straightened and looked at her. “Yeah . . . that’s what I was thinking. Now that we have the 3-year-old road-safe, I didn’t think there’s any reason to keep Bessie. Do you have another idea?”

His wife, folding laundry at the table, turned, an unfolded towel in her hand, her face thoughtful. “Well . . . I was just thinking this morning when I was having my devotions that . . .” She paused and looked uncertain.

He nodded.

“In my Bible reading recently, I noticed there are all these verses about helping the poor. There’s one that says *He that hath pity upon the poor lendeth unto the LORD; and that which he hath given will he pay him again.* That one stuck with me and then there is one I read this morning that says *Blessed is he that considereth the poor: the LORD will deliver him in time of trouble.*

“That got me thinking, do we really regard the poor? It seems we just kind of go on with our own lives.”

Her husband, standing by the door, nodded, biting his lip.

“But . . .” he said gently, “with raising all our children, we don’t actually have much extra.”

She nodded. “Right, I know. But we do have old Bessie.

What if we could give her?”

“Who would want old Bessie? How would she help the poor?”

“I was just reading,” she said, putting down the towel and stepping to the counter to flip through the previous day’s mail. “I was just reading in this postcard how it’s possible to donate livestock to charity through our local auction.”

“Livestock?”

“Yeah, cows, calves, sheep, goats, even horses. And that made me think of old Bessie.”

“Hmmm.” He took the postcard and stood looking at it. “That *does* seem pretty simple. Looks like we just have to fill out a simple one page form and send it to CAM Foundation, then drop the livestock off at our local auction under their name. That seems easy enough.”

“And,” she said, “we can then direct that money to feed poor children or use it to put a Bible in someone’s hand who is longing for a Bible.”

“That is interesting,” he said, nodding. “I’ll call them today and get them to send me that form. There really isn’t any reason to have Bessie eating our hay when there are children starving, is there?” He gave his wife a quick smile, and she nodded back, her eyes shining.

Please contact us or fill out this form for more information.

- ☐ Please send me free information about donor advised funds and livestock gifting
- ☐ I am interested in a FREE seminar in my community about wills, trusts, and gifting options.
- ☐ I have questions and would like a CAM Foundation staff member to contact me.

Treasured encouragement and teaching for

Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: “He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually.”

“Those magazines fascinated me,” Kamran shared. “I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy

of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines.”

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.
