Editor's Note:

The weather has turned warmer, the trees are greener and the grass needs cut. I can stop hibernating. The cold and shorter days really are not my thing. Give me sunshine and warm breezes any day.

We've had our first fishing expedition this week. We are not fishers. So, let me tell you how it went. Bob bought 3 poles and got them ready. We get to the lake and he is showing them how to cast and the line drops right in front of him and he pulls out a fish. Matthew goes to cast his line and the reel goes flying into the lake. Not the rod just the reel. Evelyn is just playing with the pole and catches a fish even bigger than Bob's. Zach and Matthew have decided they don't like worms and don't want to fish anymore. Evelyn wants to go back. She was a little shocked at how wiggly the fish was and dropped him.

Maria holds several copies of the Antorcha.

CHRISTIAN FAMILY MAGAZINES

“A vacuum in my heart for the things of God”

Maria* is an 85-year-old lady from Cuba. When an evangelical pastor and his wife moved in beside her, Maria noticed how different they were from the rest of the community. One day the pastor gave her an Antorcha (a Spanish Christian family magazine). She read it and was amazed at what she read.

Maria always enthusiastically waited for the next issue. Every time this pastor came by, she asked for another Antorcha. She testified, “It created a vacuum in my heart for the things of God.” One day she decided to renounce all that was displeasing to God, as well as her religion of the past. “Three years ago, my life has changed because of reading the Antorcha, and I am now baptized as a believer.”

The *Antorcha de la Verdad* (Torch of Truth) Christian family magazine has grown from a first run of 1,800 copies in 1987 to approximately 650,000 copies, which are printed in various locations and languages today.

*Not her real name.

OVB Garden Blend*

If you want better nutrition... you need to start with better soil

*Biochar blends available
for various farming needs,

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Olive Oil

Extra Virgin, Superior Quality

Benefits: This extra virgin olive oil stands out for its superior quality, thanks to the unique region, nutrient-rich soil, and the century-old eco-certified mountain olive trees. Our dedication, passion, careful harvesting, and the speed to the mill of the small Arbequina olives at peak ripeness, ensure exceptional taste and purity. Grown in the natural reserve of Arroyomolinos de León, the olives are meticulously hand-harvested and sorted with traditional care as they have been for thousands of years, preserving their premium quality and excellent taste. The oil captivates with a harmonious blend of ripe apples, green olives, wild meadow herbs, and sweet almonds, finishing with delicate floral notes. 100% pure olive oil.
