Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Soil Maximizer helps put life and nutrients back into tired ground after harvest, so you can go into next year with stronger soil and better yield potential.

Use **Soil Maximizer** after harvest to start rebuilding your soil. Let biology and structure improve over winter so roots go deeper next season. Plant into healthier soil that can carry more crop and make better use of your fertilizer dollars.

Plan for next year now instead of making
last minute changes next spring.

POWERFUL, SAFE, EFFECTIVE!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

CHIMTEK Masonry Chimney Systems

THE CHIMTEK SYSTEM:

Chimtek combines quality materials and advanced technology to create America's safest and most efficient liner for masonry chimneys. The double lining concept is an important part of Chimtek's Outstanding performance.

The **Chimtek Inner Liner** is made of a special blend of volcanic pumice aggregates and refractory cements to withstand extremely high temperatures and resist corrosive acids, which are present in solid-fuel gases. The innermost part of the liner becomes hot almost instantly when a fire is started, and remains warm during periods of slow burn. This improves the efficiency of the heating appliance and reduces creosote formation.

The **Chimtek Secondary Liner** consists of a very special grade of expanded clay aggregates called leca. The leca is mixed with a small amount of cement and poured in place between the InnerLiner and the outer structure of the chimney.

CHIMTEK BLOCK

- 116 lbs. per course for lightweight
- 20 courses of block per pallet
- For 6" Chimtek liner — 49 ft. per bag of Leca
- For 8" Chimtek liner — 7 ft. per bag of Leca
- Water Sealant included in block

Note: These special Chimtek Blocks are not the only option. 4" solid block is also suitable if there is 2" of insulation between block and liner.

I used to have a lot of trouble sleeping. I was about to go for a sleep testing. My husband and I were both sleeping very poorly. He said that I was breathing very loudly, and I would wake up with apnea episodes, gasping, which made it difficult for both of us to sleep. Then I would try changing positions, but it kept happening over and over again. We could never get a good night's rest, and we were feeling very tired on the next day.

Just when I was about to decide to get a sleep test done (which I really didn't want to do), my husband brought me this article that he found at The Busy Beaver, and I'm so happy with the results. From the very first night, I didn't wake up even once. My husband and I were finally able to sleep through the entire night. I stopped waking up because of my breathing problems, and sleep completely changed for both of us. This product truly was life-changing for me.

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs tonight.

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.

This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent disease.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."

Elva Chupp

30 Capsules ~~-\$45.99~~ **\$36.79**

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, **restless legs**, and nighttime **leg cramps** with **Leg Relaxer™**.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

WHY DOES DISC PAIN KEEP COMING BACK?

*What Thousands of Patients With Disc Problems Have Taught Us
About Why Some People Improve Temporarily While Others
Continue to Struggle*

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — D. Hershberger, Nashville, MI

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — D. Troyer, Randolph, NY

POWER YOUR HEALTH WITH FREQUENCY THERAPY

What if giving your body the right kind of support could help it function at its best?

GROUNDING:

Besides toxins & mineral depleted foods, stray voltage is a real stressor on the body. When cells lose their charge & are bombarded with unnatural frequencies, vitality is lost, micro-circulation slows or stops as blood cells clump together & inflammation runs rampant. Similar to walking barefoot in the dirt or grass, grounding replenishes electrons & removes interfering frequencies. As this is being accomplished, the devices release a gentle flood of healing frequencies.

SUPERFAST WOUND HEALING:

When cells are highly energized & circulation enhanced, tissues knit together & pain is removed in a fraction of normal healing time. Athletes use it for that purpose. A friend had a grade 3 Ankle sprain—expected recovery of 3–6 months. After using these devices, swelling was down in 6 days, discoloration was gone, and he was back to work in 3 weeks. (Can be used on horses too).

KEY BENEFITS INCLUDE:

- ✓ Energy
- ✓ Sleep & Stress
- ✓ Lymph Movement
- ✓ Bone Density, Broken Bones, Osteoporosis
- ✓ Hair stimulation
- ✓ Metabolism
- ✓ Gut Health & Digestion, Nutrient Uptake
- ✓ Brain Fog
- ✓ Vagus Nerve, Nervous system
- ✓ Hydration, Water Restructuring
- ✓ Weight Loss
- ✓ Pain Relief
- ✓ Muscle Recovery, Soreness

WHAT DOES ENERGY, STRAY VOLTAGE, AND PHYSICAL HEALTH HAVE IN COMMON?

Unlike electro-pollution, the right frequencies (electrical impulses) fire up your cells and triggers the entire body into healing mode. Physical health is all about cell health and function. All living organisms vibrate at certain natural frequencies. When the body is flooded with optimized frequencies, the cells are immediately energized and organized to correct imbalances, kick-starting the healing and detox cycle.

WHAT TECHNOLOGIES ARE INSIDE THESE DEVICES?

PEMF (Pulsed Electro Magnetic Field) To energize Cells

Delivers powerful electromagnetic pulses that energetically charge cells, support microcirculation, and promote overall cellular function.

Terahertz Cell & DNA Communication, Water Restructuring

Terahertz waves interact with water and support natural cellular communication, helping the body function at its optimal frequency.

Red Light

Supports cellular energy by promoting healthy mitochondrial function and natural recovery.

EMS (Electrical Muscle Stimulation)

Helps muscles contract and relax, improving tone, recovery, and overall performance.

TENS (Transcutaneous Electrical Nerve Stimulation)

Helps support natural pain relief by sending gentle electrical impulses to nerves, promoting comfort and relaxation.

RF (Radio Frequency)

Generates controlled heat deep within tissues to support circulation, collagen production, and cellular renewal.

Heat

Soothing warmth helps increase circulation, reduce stiffness, and promote relaxation.

Vibration

Enhances circulation and lymphatic flow while promoting relaxation and cellular activity.

Beyond merely providing multiple frequencies, the combination of PEMF for cell energy and Terahertz for DNA and cellular communication produces a much greater effect than one or the other applied alone.

A BREAKTHROUGH IN AFFORDABILITY AND PRICED FOR THE MASSES.

Similar to therapies folks used to travel thousands of miles to access, these can now be in every home. No clinic your schedule, on your budget. One time purchase for a lifetime of use.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Yeshua is the Way
is a 501c3 non-profit
organization based in
Central Pennsylvania.

Our mission is to support
persecuted Christians
throughout the nations as a
partner with local believers,
and to share the Gospel
with people worldwide.

At **Yeshua Is The Way** Ministries, we have partnered with local Christians in Pakistan - where there is a great need for spiritual and financial support from the global church body. In a country where Christians face discrimination, poverty and persecution, there is still a hunger for God. Men, women and children are responding to the Gospel! People are being healed from pain and disease! Families are being freed from bonded debt that traps generations in manual labor.

We welcome your financial support for our current and upcoming projects. Our heart is to continue blessing and ministering to these believers and their neighbors by hosting Prayer Festivals, providing Food Kits, financing medical care, and more!

Current Fundraising Needs Include:

- Food Kits and Medical Care Support
- Capital Campaign to purchase a Church Building
- Salary for Pastoral Staff in Pakistan
- General Ministry Expenses (*travel, administration, maintain website*)

Treasured encouragement and teaching for

Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: “He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually.”

“Those magazines fascinated me,” Kamran shared. “I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy

of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines.”

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!
