Editor's Corner

Hello Everyone,

And we know that all things, God works for the good of those who love him, who have been called according to his purpose. Romans 8:28

The sun is shining in and feels so good, after a week of rain. I think a lot of people are glad to see it shine, but we also need the rain, so why complain that it is raining?

You know when you have a bad day and it seems like everything is going wrong? Try and think of all the good stuff that has happened to you. You can't live a positive life with a negative attitude. Sometimes all someone needs is a little hope.

August is almost over and canning season is here; keeps everyone busy and nobody has to wonder what to do. Everyone have a great week and stay healthy.

Julie Miller

This morning, the sun endures past dawn. I realize that it is August, the summer's last stand. — Sara Baume

The ultimate, relaxed lakefront rental for the whole family!

located in the gorgeous Finger Lakes Region of New York

loaded with lots of family friendly amenities!

pickleball • permanent dock • game room • hot tub/swim spa • sauna • cold plunge • pool table • firepits • games

Island View Cottage is a lakefront vacation home on Lamoka Lake in the Finger Lakes Region of NY.

In the brand new kitchen, large windows and sliding glass doors open out toward the lake, with the expansive deck just beyond. Tucked behind the family room, the game room brings the fun indoors, with a pool table, dartboard and arcade games.

Down at the shoreline, you'll find a permanent dock, several kayaks, gravel beach, and a small sandy play area for the little ones. The island just offshore is a local favorite for swimming, and the lake itself is known for great fishing- with largemouth bass, pike and perch keeping anglers busy.

Gather around the gas firepit on the dock, or the wood-burning firepit along the shore, and let the conversation linger into the evening.

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs tonight.

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.

This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up." Elva Chupp

30 Capsules ~~\$45.99~~ \$36.79

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, **restless legs**, and nighttime **leg cramps** with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

You'll receive your test results with in 15-30 business days.

Food intolerances can also lead to chronic diseases by creating inflammation within the body. It's a well-known fact that all disease starts with Inflammation. It's like putting watered-down gas in your Honda engine. We all know what happens when you do that!

Imagine what years of inflammatory foods can do to your body over time? We'll do a simple DNA test that recognizes what 600+ different foods/non-food products are causing your body the most harm.

We'll also test you for the 80+ essential minerals, vitamins and nutrients. This portion of the test is a good balance to creating a healthy lifestyle and can boost the immune system and reduce your intolerance levels simply by adding recommended foods to your diet.

You CAN nurse your baby!!! DON'T give up!!

Look what this mother from Wisconsin has to say:

I would like to order 4 more bottles of "Mothers Milk". It really works!! I tried so many other products to no avail. All I can say is when all else fails try "Mothers Milk"! :) Thank you for your great product. I don't want to be without it. What a joy to be able to put the "bottle" away since using this. - A happy Mom.

A mother from New York writes:

Hi, I'm ordering more Mothers Milk. I'm on my last bottle and I don't want to be without it - never could nurse our babies so good. He is gaining so well and don't have to give him a bottle at all. Thank you!

A mother from Indiana writes:

Please send me 3 more bottles of "Mothers Milk". This is my 8th child and I was never able to have enough milk for fully breast feeding. Now my baby is a little over 3 month and still doesn't need the bottle! It seems I had tried everything but this stuff really works! Thanks for a good product!

Another mother from Indiana writes:

I am amazed that it actually works for me since I have never had any luck with herbs/tinctures.... So am very thankful you created this wonderful product!

We have hundreds of testimonials like these!

"Mothers Milk" is a liquid tonic formulated for nursing mothers whose baby struggles with weight gain. It produces both more milk and more nourishing milk. Most mothers have really good results.

Introducing

Soothe the ache.

Support the day.

Relief you can feel. Life you can enjoy.

Vitalife's RelieVion is formulated with carefully selected ingredients designed to help support the body's natural response to discomfort and promote overall wellness. When used as part of a comprehensive health plan, RelieVion may help individuals maintain comfort, mobility, and a better quality of life, allowing them to focus on the activities they enjoy most.

Why These Ingredients Work Together

RelieVion combines five scientifically researched ingredients that address pain and inflammation from multiple angles. Curcumin C3 Complex® and Bospure® help support a healthy inflammatory response. Collavant® n2 focuses on joint structure and cartilage support. AstaReal® helps combat oxidative stress that can contribute to discomfort and tissue damage. ParActin® provides additional inflammatory and immune support. Together, these ingredients create a comprehensive wellness formula designed to support comfort, flexibility, mobility, recovery, and overall quality of life. Rather than relying on a single mechanism, RelieVion provides broad-spectrum support for individuals seeking a natural approach to managing everyday pain and inflammation while maintaining an active lifestyle.

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

SUNFLOWER LECITHIN

Lecithin provides nutrients such as phosphatidylcholine, which supports liver health and neurologic transmission in the brain - a key factor in brain health. The phospholipids in lecithin can be incorporated into cell membranes, helping cells to communicate and respond to messages from the environment. Although lecithin is a lipid, it is partially water soluble and can help disperse fats due to its role as an emulsifying compound. This role is critical in the body where fat components and water components must continuously interact.

PEPPERMINT ENZYMES

Digestive enzymes support the body's ability to receive nutrients from food by assisting in the breakdown of carbohydrates and protein obtained from the diet. Certain fruits grown in various parts of the world are known to be naturally high in enzymes. Our chewable Peppermint Enzyme contains natural plant-based enzymes, including those from papaya and pineapple (bromelain), making it ideal for both vegans and non-vegans alike. In addition, peppermint has been used for centuries as a natural digestive aid, while also lending a refreshing flavor.

Sleep better. Every season of the year.

Bearaby

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby Weighted Blanket gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

BREAKING NEWS: Reports are in that people who have already been sleeping better with a Cotton Napper, are taking it up a notch more with the revolutionary Tencel Cooling Tree Napper. The eucalyptus fibers contained in this fiber blend have moisture wicking properties giving you the effect of the cool side of your pillow... all night long. Yes, even on these hot summer nights. We will keep you updated as this story develops.

In other news, the Cotton Nappers are available in 3 new colors, as reported below.

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Phony Phone Calls and Overpayment Scams

Currently, the Bank's Fraud Department is seeing two types of fraud tactics: unsolicited phone calls impersonating someone of authority, and overpayment scams.

Unsolicited Phone Calls:

These calls will always seem urgent and possibly trick you into giving out personally identifying information over the phone. Those with a landline tend to be a prime target for this type of scam.

Please note that...

- The IRS and any law enforcement officers will never call you on the phone and ask you to send money for an outstanding debt.
- A bank's fraud center will never ask you to withdraw any money from your accounts in order to refund a charge. Be aware of any call that acts like they are transferring you to your bank. Your bank will never ask for account numbers, PIN numbers, one-time passcodes or online banking information over the phone.
- The Social Security Administration won't charge any escrow amounts for changing your social security number.
- If an unsolicited call that states a bank employee is committing fraud on your account, hang up and contact a known bank employee, no matter what the caller states.
- Any unsolicited call that asks you to click a link they are sending you, please hang up and contact your bank.
- Any instructions given on an unsolicited call that require any of your funds to be deposited into a Bitcoin ATM, no matter how convincing they seem, hang up and call a known bank employee.
- There are no reputable banks that will ask for that information over the phone. In the case of Bank of Bird-in-Hand, any employee can speak with the fraud team in order to provide input and guidance. Electronic Banking can verify if a valid fraud alert was sent to the customer.

Overpayment Scams:

One additional scam is the overpayment scam. This scam targets small businesses selling products. The "buyer" sends too much money asking you to send funds back. They will send what looks like a valid check (but it's not). It is recommended to not send merchandise or any money back for at least 5 business days. Your bank's fraud department can also try to verify the item in question for you.

Froman Hill

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!

If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.

FAIRBANKS OR *Bust*

"ARE YOU RUNNING AWAY FROM HOME?"

Crazy questions. Hitchhiking to break up the monotony. Tragic news from back home. Headwinds. Bears. New friends and many memories.

Nathan Yoder's 9,230-mile biking excursion to Alaska and back was about more than just riding his two-wheeled companion, Stella. It was about overcoming a life-changing health diagnosis. Along the way, he encountered adventures by day and by night—sleeping under the stars, in an abandoned school bus, in deserted houses, and even on top of dried-out cow manure in an old barn. Each hardship made him even more determined to achieve his dream.

Could he do it? Was it possible for a diabetic to accomplish such a feat? Or would he die somewhere in the wilderness? Ride along as the adventurous 27-year-old thwarts the challenges of his Type 1 diabetes, and watch as his worldview changes one pedal at a time.

HAS YOUR LIFE BEEN IMPACTED BY A SUDDEN EVENT OR A MAJOR FAMILY ADJUSTMENT?

Whether you are carrying the sudden, breathtaking shock of losing someone you love, or walking the daily path of loving a foster or adopted child through heavy layers of trauma, rejection, and shame, your weariness is seen, and your heart is welcome here. Grief and trauma share an exhausting, often invisible language. They frequently surface as unexpected waves of guilt, feelings of powerlessness, or the quiet shame of feeling like you simply cannot "fix" the pain in front of you. You might be working through the profound ache of an empty chair, or desperately trying to pour unconditional love into a child who is fighting their own deep-rooted wounds. This gathering is designed to be a safe harbor. You do not have to be strong or have all the answers here.

Inspirational Speaker and Best-Selling Author Thomas Blackwell travels the world sharing a message of hope. The message is clear, God makes no mistakes. Thomas is honored to spend a full day with you, offering comfort and gentle guidance for those navigating these deep struggles, deep grief, sudden loss, or complex family transitions. From 8:00 AM to 3:00 PM, we will explore how shifting your thoughts and words can help uncover deeper meaning, bring light to your heaviest seasons, and begin the journey toward true healing.

Bobby Eaton – Master of Ceremonies

Bobby Eaton is a Christian author, speaker, entrepreneur, and lifelong builder with more than five decades of experience in business and leadership. Beginning his career in masonry at the age of 10, he went on to build successful companies while remaining committed to faith, family, and serving others.

Married to his wife, Sharla, for more than 45 years, Bobby is the proud father of eight children and grandfather of fifteen. His writing and speaking draw from a lifetime of real-world experience, offering practical wisdom and biblical truth to encourage people to build lives of purpose, integrity, and lasting legacy.

Whether writing, mentoring, or speaking, Bobby's passion is simple: helping people build their faith, strengthen their families, and leave a legacy that honors God.

Randy Sadler – Principal, CIC Services, LLC

Randy has been a Principal with CIC Services since 2012. He has been a Marketing and Communications professional since 2007 when he joined Procter & Gamble's Brand Management Group. His career transitions have taken him from P&G to Pfizer Pharmaceuticals to the Ellison Group to Jewelry Television. He now leads Marketing and Client Empowerment for CIC Services, LLC. He has personally worked with over 100 business owners to help them form their own captive insurance company and keep more of their hard-earned profits.

Randy has an entrepreneurial bent and is active in investment real estate. He is an owner and principal in Woodlands Management, LLC. His partnerships manage over 400 residential properties. Randy received his Bachelor of Science degree from the United States Military Academy in 1992.

Randy resides in Knoxville, TN with his lovely bride of 33 years, Shannon. They have five children. Randy and Shannon helped found a Classical Christian School in Knoxville that is entering its 23rd year with over 250 students. Randy still serves as school board president.

Heath Walters – strategic tax planning specialist

Heath Walters is a strategic tax planning specialist who trains and partners with financial advisors to recommend and deliver specialized tax, investment, and legal/estate strategies for their high-net-worth clients. With over 10 years of experience as a CPA and Certified Tax Coach, Heath helps financial planning firms set themselves apart to their ideal clients through coaching and specialized services to complement traditional financial planning. Heath's proven process for client acquisition has led to many advisors doubling their book of business in as little as 24 months. Additionally, Heath has both a Bachelor degree in Accounting and Master of Science in Accounting from Appalachian State University.

Heath is the founder and President of The Walters Way, LLC. Heath was certified as a North Carolina CPA in 2000. He is a Certified Tax Coach as well as an instructor with The American Institute of Certified Tax Planners. Heath also conducts training seminars for financial and wealth advisors, Continuing Professional Education for CPA's, and is a mentor for other CPA's working toward converting their practice to an Advanced Tax Planning firm.

Weston Liebee – President & Co-Owner, Liberty Sheds

Weston is passionate about using business as a means to advance the Kingdom of God. As President and co-owner of Liberty Sheds, a manufacturing and retail company in North Carolina with over 90 employees, he leads in strategic planning, organizational development, and company culture. Weston Liebee is passionate about demonstrating that business can be a powerful tool for advancing the Kingdom of God. He serves as President and co-owner of Liberty Sheds, a growing manufacturing and retail company employing more than 90 people across North Carolina. Weston leads the company's strategic planning, organizational development, and culture, believing that healthy businesses create opportunities to bless employees, strengthen communities, generate wealth, and fuel missions.

Before entering the business world, Weston and his wife, Charity, spent more than a decade living among the Komba people of northern Ghana. There they helped catalyze a disciple-making movement that resulted in multiple generations of church planting while also leading community development initiatives in education, agriculture, and microfinance. Weston also managed the translation and production of the first Jesus Film in the Komba language and has trained ministry leaders in oral communication strategies for non-literate cultures.

Today, Weston and Charity continue to invest in global missions by serving as trained missionary debriefers, helping cross-cultural workers navigate crisis and life transitions. They live in Winston-Salem, North Carolina, with their three sons, and remain committed to helping people discover how business, leadership, generosity, and the Gospel can work together to transform lives.

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

**Most businesses buy insurance.
Some businesses own it.**

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

Treasured encouragement and teaching for

Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: “He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually.”

“Those magazines fascinated me,” Kamran shared. “I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy

of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines.”

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

There is a Better Way

Do you want BIGGER bucks on your food plot?

Now is the time to apply Ohio Valley
BioChar to your food plots!

Harvested late season

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Maximum Performance Horse Supplement

Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

Here is a young colt with two hind Ankle OCD's and really wormy
Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

50 lb bag-granular, \$150
lasts five horses—1 month!

50 lb bag-pellets, \$135
lasts one horse—50 days!

Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said, "Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. If you want to reduce ulcers.
2. If you want to increase stamina and reduce recovery time—may see a difference in 5 days!
3. If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.
4. If you want to calm your mares down, reduce tying up, and anxiety.
5. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Learn How to Maximize Breeding!

1. If you want to reduce OCDs, improve fertility.
2. If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.
3. If you want to improve development of your foals, strong when born, boost immune system, strong bones.
4. Vets explain OCDs are caused by mineral imbalance while mare is in foal.
5. First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.
6. Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.

~TESTIMONIAL~

"We are a family operation milking 65 hd of Holstein cows. After some discussion with the Nutra-Glo rep concerning the dairy product, it sounded worth a try. We started feeding it to both our cows and calves. The results on the calves were almost immediate, and the cows also showed improvements in the weeks that followed. As the months turned to years we continued to see more and more improvements, including better somatic cell count, butterfat numbers, and also a lot less vet bills. Nutra-Glo has been a part of our program for over 14 yrs now." —MH, Walnut Lane Farm

HORSE SENSE TIPS

HAY

- Free access to hay 24 hours a day
- Daily intake needed for average weight of a mature horse is approximately 20 pounds daily.
- Hay/Grass/Forage should make up 60 to 100% of the diet
- Most horses need 1½ to 2% of their body weight daily, more in cold weather
- They are grazing animals and do so 60% of the day, grass and quality hay is best
- Eating hay on cold nights helps conserve calories and keep them warm

Tips for Quality Hay

- Open a bale, check for debris
- Best is fine-stemmed, green, leafy hay
- Avoid moldy, dusty, sun-bleached, or over-cured
- Alfalfa should be in early bloom
- Grass hay should not have fully formed seed heads
- Check for insects such as blister beetles
- Very heavy bales may be wet inside-wet is not good

STORAGE

Store hay in a dry, covered area protected from weather and sun. Feed within one year of harvest when possible.

Quality hay is necessary for horse health and performance.

Taking Christ to the Prisoners

In the darkest hour of the night, Paul and Silas sat imprisoned - chained, beaten, and locked in stocks...

...yet instead of despair, they lifted their voices in song, praising God with unwavering faith. Their worship shook the very foundations of the prison, opening doors and loosening chains—not just their own, but those of every prisoner around them. This powerful testimony reminds us that the Gospel brings freedom even in the most hopeless places.

Our prison ministry follows this example, bringing the light of Christ to men and women behind bars. Through this prison ministry, hearts are being changed and lives set free.

Your financial support allows us to continue this vital work—stuffing care packages for inmates, and delivering them along with Bibles, while reaching out to them through personal testimonies with the message of hope in Jesus Christ.

*Partner with us today,
and help unlock chains with the power of the Gospel.*
