Editor's Note

Greetings to all!

Spring is here, ready or not! The grass is getting greener almost every day and is bound to be ready to cut soon. The ups and downs of spring temperatures keep us guessing what the next day might bring. Who knows, it might give a big snowstorm again before warm weather is here to stay.

My wife and I had another one of those very interesting days. We did our annual school visiting with the teachers, the school board, and 7th & 8th grade students. We visited four different schools in the surrounding area. Each classroom was awesome in its own unique way. At every school, the teachers and students did a great job and kept it interesting all the time we were there.

A special "Thank you" to all advertisers and anyone who takes an interest in the Busy Beaver!

-John Zook

BUSHMAN HARMONICAS

Dream it, Play it

269-858-8773
Mon - Fri 8am - 6pm ET

See Order Instructions on next page.
Minimum order $12.95
When ordering Blue Steels, Dinkies, or Book you must order enough items to total $12.95 or more.

Bushman harmonicas have the best warranty in the business!

The **BLUE STEEL** features a plastic comb that provides comfort, durability, and affordability. It's great for beginners – plays easy but doesn't cost too much. Standard size 10-hole diatonic. Comes in a black plastic case.

Keys:
G, A, C, and D

$6.99 Each | **$24.99** 4 Key Set

This sturdy **BLACK MAPLE HARMONICA CASE** is Amish made out of Maple plywood which is stronger, and more impervious to the elements than solid wood.
Size: 11" x 7" x 6"

Inside there are 2, removable foam blocks that each hold 9 harmonicas, so 18 total.

You can order it in any of 3 configurations:

- **The 10-hole Diatonic Setup** - both foam blocks hold 10-hole diatonics.
- **The Knittlinger Setup** - both foam blocks hold any of our Knittlingers, Blues Shifters, or Game Changers.
- **The Combo Setup** - 1 foam block fits Knittlingers and one foam block fits 10-hole diatonics.

$99.95

Note: You can remove one of the foam blocks and free-up space for a mic and cable, or a larger chromatic.

The **QUARTZ** 12 hole chromatic harmonica has a 3 full octave range, and can play 48 notes. Most chromatics have plastic windsavers that prevent the expressive bending you can get on a diatonic, but the Quartz only has a few windsavers that it absolutely needs, leaving most of the notes bendable and beautifully expressive.

Key of C | **$89.99**

You can sum up the **EVOLUTION** harmonica with one word, 'precision'. It's precisely tuned. It's precisely fitted together for smooth comfort. It's quality through and through. It's loud thanks to its aluminum comb. It's airtight and very easy to play. Even the case is nice!

Keys: Low F, G, A, Bb, C, D, and E | **$49.99**

This John Lee is the highest quality, best playing single reed harmonica in our Bushman line. Try it, you'll love it! Everyone who has one calls it their favorite single reed. Choose from the Original which features a plastic comb, or the Steelie which has a louder aluminum comb.

Low F, G, A, Bb, C, D, and E

ROUNDHOUSE
Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A, Bb, C, D, and E | **$32.99**

KNITTLINGER
Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb Low C, and Low D | **$99.95**

BLUES SHIFTER
This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D | **$89.99**

THE DELTA FROST COLLECTION - The workhorses of the Bushman brand The Delta Frost comes in 3 different comb choices – Original (plastic), or you can get the Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

ARE YOU DREADING

Allergy season??

DON'T SUFFER FOR 19 YEARS LIKE I DID!!

For years I struggled with severe seasonal allergies (Spring & Fall) along with food sensitivities, headaches, chronic hives, chronic fatigue.... All this was part of my miserable everyday life. Thousands of dollars were spent as we searched for help to fix my "leaky gut". Every health practitioner was able to tell me my problem but not one of them was able to help me fix it. It was very depressing. Seven years ago we were introduced to WHOLE FOOD NUTRITION from Tranont and what a life changer! These 7 years have been the best years of my life. All honor and glory to God, our true healer.

Change Life **TRANONT**

IF YOU ARE SERIOUS about improving your health and getting ahead of your issues.... It's time to get SERIOUS about ingredients!! Did you know that over 95% of supplements today contain synthetic (manufactured) ingredients?? Our bodies were not created to recognize and use these foreign substances! These are NOT what our body needs to heal.

DISCOVER the benefits of REAL WHOLE FOOD NUTRITION!

Mow Your Grass
with a CL Gang Mower

CL Pushdown "Antibounce" System
The main cutting reels are each mounted on a flexible spring-loaded joint with a 4-way floating motion, efficiently pushing the mower similar to a hand push mower. This unique spring design puts 30 lbs of downward pressure while still allowing the reels to flex. This results in more traction and better cutting through thick grass, without causing excessive wear on the mowers.
This is a new feature since 2022. If you have an older model, call us for info on an "antibounce" upgrade kit.

Unique Hitching Feature
The CL hitching system makes hitching and unhitching "safe and easy". The stabilizer has two notches, the back notch holds the shafts up while you lead your horse under the shafts. When ready, simply push the shafts up (which will flip the lever into the long slot), allowing the shafts to come down. After hitching your horse, pull lever to the left, then pull the pin on foot stand, and pull up till pin pops in hole, and you are ready to go. The small caster on foot stand is not used when mowing ...it is part of the convenient hitching design.

Reg. size $4240
Pony size $3980

FEATURES:
- Wheels behind mowers prevent driving over unmown grass
- 54-58" cutting width
- Convenient foot pedal steering with reel linkage prevents skips in corners and around trees
- Adjustable for large or small horses
- Featuring the CLIPPER USA reels

Available with steel wheels, air tires, or hard rubber.

Permit #161054

Here at Cedar Cove Farm, we use a very high quality mineral mix in our feed with lots of chemical free hay! We have sent 2 gallons of our raw A2A2 milk to a lab at Penn State to get tested for vitimins, and according to a professional, it contains double the vitamins that are normally found in raw milk! You only need 2 qts. of this milk per day to get all your vitamin A & D. Penn State recommends to drink 3 cups of milk per day for a healthy life. Our raw A2A2 milk has a very good taste with no bad after taste, and no additives for shelf life! The way it's meant to be! Keep refrigerated at 33-35 degrees and it will still taste fresh after 14 days. We are state inspected & our cows do not recieve vaccine shots. All natural!

OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Prevent your fruit trees from **FREEZING** in temperatures as low as 16° Use FXI (Fire Extinguisher), Biome Food & Harmonizer

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

Biochar blends available for various farming needs, call for more information.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

WAGLER STEEL

Celebrating 10 Years in Business

As we celebrate 10 years in business we look forward to serving you better. One improvement we recently made was the addition of a new computerized Slitting Machine. This machine has allowed us to produce more consistent trim. It also makes our production faster and makes it easier to make more special trim.

In 2024 we started offering supplies for post frame buildings such as lumber, posts and trusses. As that part of the business grew it became clear we were running out of space. We were able to purchase property next to our existing location where we are building more buildings to store and produce more products.

We Manufacture to Order

36" Wagler Panel
16" Standing Seam - (Pre-Notched)
10" Metal Board and Batten
36" Paradise Panel
12" Triple 4 & 36" Wagler Panel Soffit

Come to the Get Well Center in Mansfield, Ohio, and experience care that supports your body in the way God designed it to work. We walk alongside you through each step from careful testing to thoughtful treatment.

Call: 419-524-2676

We routinely use what is often called **"The Greek Test."** This begins with a **simple blood draw**, which is sent to a specialty laboratory in Greece. Your cancer cells are tested against both **chemotherapy medicines** and **natural substances** to learn which ones may be most effective for your cancer. From this, we **design a treatment plan made specifically for you.**

We offer a **gentle but effective approach** that combines **low-dose chemotherapy with insulin**. This approach **works** with the way **cancer cells use sugar.** It can allow us to use **lower doses** of chemotherapy medicines with **fewer side effects**, and insulin helps limit the cancer's ability to spread.

We provide **IV therapies** and **natural care** that help the body stay as **strong** as it can.

Also, found it to be helpful in lubricating nasal passages to help with dry air, etc. And is great rubbed onto bruises to help them heal quicker. "Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

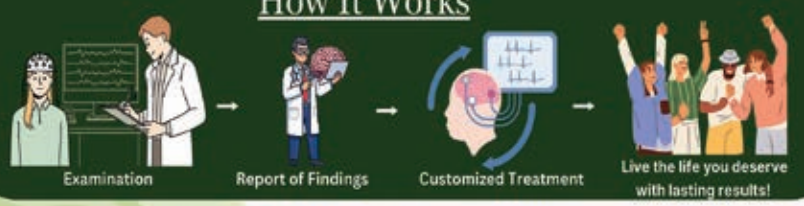
Optimizing Brain Performance. Transforming Lives.

At Apex Chiropractic & Wellness Center

Advance Neurological & Holistic Care • Lancaster, PA

Are You Experiencing:

How It Works



Patient Success Story:

Our daughter was struggling with learning challenges, chronic fatigue, digestive issues, and speech delays, which made school and everyday activities difficult for her. We had tried cranial sacral therapy and several other treatments, but unfortunately we were not seeing the improvements we had hoped for.

After visiting Apex Chiropractic & Wellness Center and completing a comprehensive neurological evaluation, a customized care plan was created to support her brain and nervous system.

Over time, we began noticing encouraging improvements. Her energy increased, her digestion improved, and her speech and communication started to progress. She is now finding schoolwork easier and is able to focus much better.

We are so grateful to see her gaining confidence and making progress.

GET TO THE ROOT OF JOINT PAIN AND MUSCLES THAT ALWAYS FEEL TIRED
I'm Wes Weaver, and 5 years ago I could barely run a mile.
Lyme disease left me inflamed, exhausted, and battling constant digestive issues. By 38, I felt stuck in a body that couldn't keep up with my drive.
Maybe you feel it too:
The joint pain.
The slow recovery.
The bloating.
The fatigue that no amount of grit fixes.
Everything changed when I committed to movement - and to rebuilding from the inside out.
FINALLY - A COLLAGEN BLEND THAT DOES WHAT YOU NEED
I committed to moving everyday, and taking 15g of collagen. My digestion improved. My body got stronger, and it truly transformed my life.
Last September, I finished the Grindstone 100 Mile Run - something I never thought possible 5 years ago.
I now use my knowledge as a Certified Health Coach to help people fuel their bodies with real-food ingredients that target what most supplements lack.
Collagen on its own isn't a complete protein, so we created one that is. AthletePro is a comprehensive blend with 18g collagen, added L-tryptophan, L-leucine, tart cherry, prebiotics, and chaga mushroom to support:
• Gut health
• Joint strength
• Reduced inflammation
• Faster recovery
• True performance resilience
• No sugar, but completely delicious and available in chocolate or vanilla
No supplement replaces discipline.
But the right one can help your body finally respond.
If you're ready to stop managing symptoms and start rebuilding, fuel your body with AthletePro.
AthletePro
Collagen Protein
Complete protein with all 9 EAA's + organic chaga mushroom antioxidants
Tart cherry extract + PEA target whole-body inflammation
Strengthen gut health with 3 strains of prebiotics + strengthen gut lining & joints with collagen types I, II, and III

Temperature Forecast... Arrows beside the temperature indicate the direction temperature and humidity are trending. Increasing, stable, or decreasing.

5-Day Weather Forecast Station

#4035 | $59.95

Crucial for planning daily activities and making informed decisions in various sectors. Builds forecast from outdoor sensor, no tower involved. Current day plus 4 more days forecast. Temp. display in C or F. Forecast only with clear icons, no rain or wind gauge.

- 2 AAA + 2 AAA for outdoor sensor
- USB power cord included for back light
- Press Snooze for back light with batteries
- 2 different alarms
- Temperature trending forecast with arrows
- Indoor/Outdoor Temperature, Humidity, Moon Phase, Air Pressure, Date & Time
- 6.5" x 5.75" x 1.5"

How reliable is the weather forecast? This is gathering data from the outdoor sensor based on the barometric pressure and temperature and will not be as accurate as an online forecast but it will still give an idea of whats coming. It can take up to 14 days for the forecast to register the weather conditions.

Changing from C to F in temperature display... Press and hold the Max / Min button on the station for 3-5 seconds to toggle to preferred setting.

Having trouble connecting the outdoor sensor to the station? Press and hold the channel button on the station for 3-5 seconds on the channels beginning at 1, then 2, and 3. Allow up to 15 minutes per channel for it to connect.

Will this work in any area? Yes, this unit is not connected to any tower for data. The clock needs to be set manually and all the information is gathered from the outdoor sensor. Sensor needs to be within 95' from station.

CLOTHING BUNDLE PROJECT

Relief after years of difficulty

Adnan* and his family live in a one-room space in a shop in Yemen. Adnan hopes that one day he will be able to afford a home of his own, but his work as a day laborer does not provide a steady income. He said, "Some days there is work, and some days there is none. But my family still needs food, clothes, medicine, and other necessities."

At a recent distribution by CAM contacts, Adnan's family received clothing, shoes, and school supplies. These gifts brought relief after years of hardship. With gratitude Adnan's wife shared, "I pray that God protects and rewards everyone who showed kindness to our family."

**Name changed to protect identity.*

This young boy in Yemen is now the owner of a nice blue shirt given by a generous supporter.

Keystone Steel Structures is a small company that specializes in erecting and finishing steel buildings. The owner started the company in October 2001. The first few years Keystone was only involved in the erection of the steel structure itself. However, due to customer demand, we have chosen to expand the company's services to include supplying a complete pre-engineered metal building package as well as providing general contracting services for an entire project. While we would be happy to erect a structure from any supplier, we are proud to supply our buildings through Whirlwind and Metallic Building Systems. Over the years, we've collected many awards and honors for the work we do with them.

We strive to build our reputation with excellent communication and unrelenting persistence at keeping our promises to supply quality construction. We are committed to delivering great value and service to our customers.
