WORLD HUNGER FUND

Food encourages people in war-torn Ukraine

As the violent and deadly war between Ukraine and Russia continues, many people are left displaced, without jobs, and in despair. Some have lost family members and have witnessed the horrors of war.

We are grateful for an avenue to provide food to people in Ukraine, even to some who are caught in the middle of the conflict in Russian-controlled areas. The gift of food blesses and encourages those who have felt the tensions of war for over four years.

A family who received food from CAM contacts wrote, "We . . . thank you with all our hearts for the food items you have gifted to our family. . . . [Our children] were delighted and truly surprised to discover that, in these times, there are still people who care deeply for others who recognize their needs and who are willing to make sacrifices of their own. May the Lord bless you!"

Editor's Note:

I'm getting so excited. We are having a frolic at my house this weekend. Bob and I have been gathering all the materials for the past couple of weeks. I have bumps, bruises and scratches everywhere. I can truly say I've put blood, sweat and tears into my house.

The main areas are going to be the basement, kitchen, bathroom and office. I'm all jittery writing this. Remember a few months back, Bob said this was all going to be me. Time is up and I guess we will see how I did.

Don't forget Father's Day in a few days. Remember to celebrate the man who is always there for you.

MAXIMUM PERFORMANCE HORSE SUPPLEMENT

Give your horse the minerals that are no longer in the your feed!

50 lb Bag Granular \$150, last 5 horses/ 1 month. 50 lb bag pellets \$135 last 50 days/ a horse Pellets for picky eaters, with ulcers, driving horses, Stallions and mares.

Dave Mast mare was open two years in a row, 30 days on Maximum Performance and she checked in foal with NO Regu-mate.

David Patterson bred for 30 years and always trouble foaling out, weak foals, trouble re-breeding. First season on MP, mare foaled easily, baby running in the stall, plenty of milk, mare cleaned quickly and checked in foal first time bred. Very impressed.

Indiana man had mare running off, cranky, picky eater, put her on pellets, 15 days daughter said, What did you do to the mare? She is so easy to handle, drives great, looks better. MP Pellets. oh my.

Lawrence Schrock, PA said he was one of the few with no OCD's in his yearlings at the sale, thanks Maximum Performance for sound bones, strong muscled yearlings.

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in your feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, reduce muscle soreness, and improve hoof quality and build muscle.

1. If you want to reduce ulcers, acid reflux and build muscle as well.
2. If you want to increase stamina and reduce recovery time, see a difference in 5 days..
3. If you want to calm your mares down, reduce tying up, anxiety and aggression.
4. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Maximum Performance for Breeders

1. If you want to reduce OCD's (soft bone chips in ankles and hocks).
2. If you want to have mares at peak condition checked in foal.
3. If you want to improve development of your foals.
4. Vets explain OCD's are caused by mineral imbalance first 11 months in womb, not enough Calcium and minerals for the mare.
5. Stallions have better sperm count, maintain muscle mass, reduce OCD's and maintain hoof quality. **contact 502-817-1947**

HORSETACK/CARRIAGES

We have decided to stop raising Morgan's, so all the mares, colts, and stallions are going to auction. They are selling in **Platteville, Wisconsin**, on **June 27**, at the **Dutch Valley Driving Horse Action**.

We are selling 8 mares, all with colts at their side. There are 6 black mares and 2 bays. Mares are all 1/2 to full sisters. Mares are all out of a stallion that is Tug Hill Whamunition breeding. Hopefully, most will be bred back to our black Morgan stallion for the 2027 season. These horses will be prime buggy breeding. Will have bone and substance while driving with sense and style. Any questions, call:

Russ – 641-891-1522 | Theresa – 641-891-2433 | Auction Kevin – 608-943-8867

He is a 4-year-old son of **Elm Ranch Koda**. A big black 16.1 hand stallion (barefoot). He is also selling at the sale. On the dam side, loaded with TSL Starcraft, Liberation First Star, And the Beat Goes On, Belle Fraire.

~TESTIMONIAL~

"We are a family operation milking 65 hd of Holstein cows. After some discussion with the Nutra-Glo rep concerning the dairy product, it sounded worth a try. We started feeding it to both our cows and calves. The results on the calves were almost immediate, and the cows also showed improvements in the weeks that followed. As the months turned to years we continued to see more and more improvements, including better somatic cell count, butterfat numbers, and also a lot less vet bills. Nutra-Glo has been a part of our program for over 14 yrs now." —MH, Walnut Lane Farm

If you want better nutrition... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

After decades of serving the local and regional wood products market, Heritage Oak LLC has made the difficult decision to liquidate its business due to changing market conditions. The Shepherd family has been in the industry since 1948, and Heritage Oak has a long operating history in Sarcoxie, MO. This absolute auction represents the complete dispersal of machinery, support equipment, and assets that have been part of the company's operation, including a late-model finger jointer, moulders, sanders, planers, a rip system, Taylor forklifts, Hyster forklifts, a Bobcat skid steer, and more.
