Editor's Corner

Hello August,

August is upon us and we welcome it with beaming smiles and open hearts. Fall is just around the corner, which is one of my favorite seasons. On Wednesday, Mom and my sisters are having our annual campfire day at my house, which we do every year before school starts. Camping food is on the menu! Always a fun day!! "Campfire is a place where you can let go of your worries and just be in the moment."

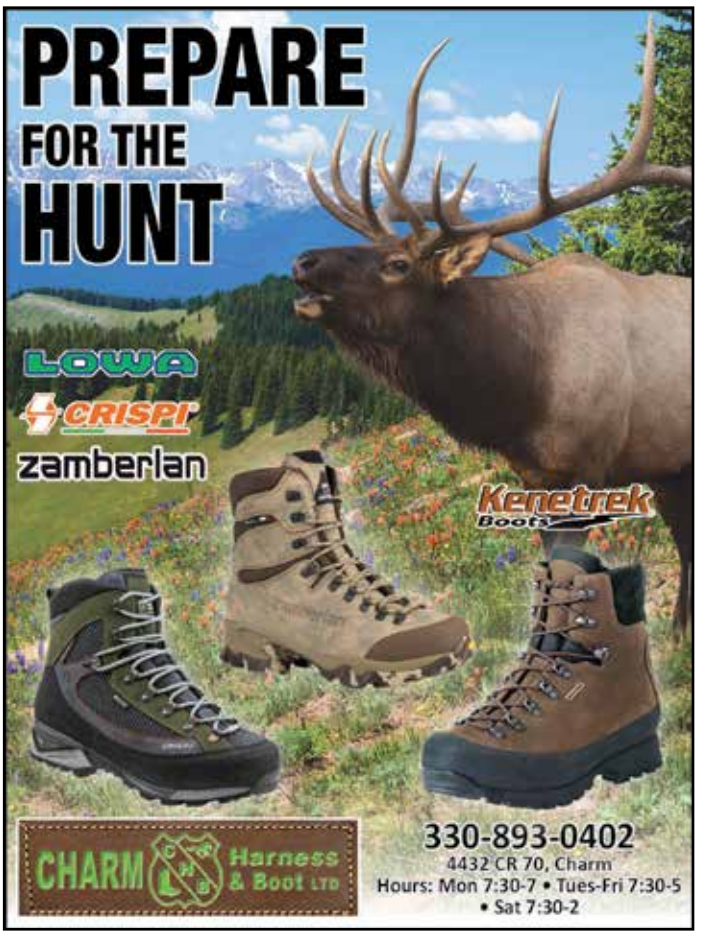

You all enjoy your day!

Ruby Yoder

Testimonial

Dr. Karen made some supplement suggestions for me and I cannot believe the changes that have happened so soon! Within a few days I was getting a good restful nights sleep and my muscles are feeling relaxed. I've also noticed the skin around my eyes is tighter and I actually look younger! For years I've had fluctuating body heat issues and now my body heat is balanced again!
Thank you so much, I will be back to see you again! *~ Myron Y.*

Water passes over, around and through the helix formations inside the NU-FORCE Water Revitalizer. This action churns the water similar to that of water rolling and tumbling over rocks and crevices in a mountain stream. Now you can enjoy all the benefits of revitalized water for cooking, drinking, showers or baths, laundry, gardening, pets and so much more.

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINGAR HAS A "ONE-TWO" PUNCH...

1) Looking for less **disease and fewer internal/external parasites this year?** THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) Wanting to stretch your hay and pasture by 20%? The ENERGY and ENZYMES from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. Minerals in the feed are 90% bioavailable versus the 20% in most mineral mixes.

The drier your feed, the better this ACV works!!!

Would you like a summer when your calves gain more and have less Pinkeye?

FALL FLOWERS
Year after Year!

Our perennial mums come back Year after Year with proper planting and care.

1. Plant anytime now through September 15th to ensure the root system is well established before frost.
2. After the plant dies back, leave untrimmed over winter. Mulch with straw, grass clippings, leaves . . .
3. In Spring, once you see new growth, trim off the old stems.
4. As the Mum grows, trim back 1/3 of total plant height, twice or as needed, in early summer to create a strong, well rounded plant with many buds.
5. Do not trim your Mum after July 4th or you may be trimming off flower buds.
6. Remember to snip a few blooms for someone in your life that needs encouragement! ♥ ♥ ♥

Reminder: MUM SALE coming up Sept. 12th!

WHAT IS BIOCHAR?

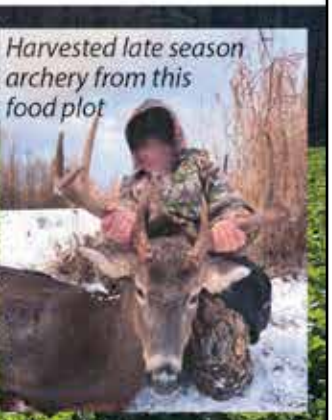

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

Nature's Rite

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs **tonight.**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.
This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

"Lions Mane Talk"

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

ASK DR. NELSON: "HOW DOES THE BLOOD GET BACK TO MY HEART IF YOU REMOVE MY BAD VEINS?"

This is a very good question.

Imagine you're traveling into town. There are several roads that will get you there. Now imagine one of those roads has washed out. It is full of deep ruts and mud. Instead of helping you reach town, it slows you down and makes the trip more difficult.

You wouldn't keep trying to use that damaged road. You would take one of the good roads instead.
Varicose veins are like that washed-out road.

Healthy veins have tiny one-way valves that keep blood moving upward toward the heart. When those valves wear out, blood begins leaking backward down the leg instead of continuing upward.

This backward flow creates extra pressure inside the leg. Over time, that pressure can cause aching, swelling, heaviness, itching, skin discoloration, and even ulcers. The diseased vein is no longer helping your circulation.

When we close or remove that damaged vein, the blood naturally travels through the healthy veins that are already doing most of the work.

Before any treatment, we carefully examine the veins with ultrasound to be sure the healthy veins are open and functioning well. We only recommend treating veins that have already stopped working properly.

Many patients notice their legs feel lighter and less tired after treatment because the blood is finally moving in the right direction instead of pooling in the leg.

Our goal is to improve your circulation—not reduce it.

If you've been living with painful varicose veins, swelling, or skin changes around your ankles, don't assume it's simply part of getting older. These symptoms often have a treatable cause.

Healthy circulation can help keep you active for many years to come.

it could be your thyroid!

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing, I've already told many people to call you.
– S Hertzler, Maryland

Hippocrates Wellness Institute

Seventy Years of Teaching the Body to Mend

For seven decades, families from plain communities and from around the world have come to Hippocrates campus with the question: is there another way to care for the body God gave us?

Since its founding in 1956, more than one million people from over one hundred countries have walked these paths. Some arrive weary from long illness. Others come after receiving unexpected news from a doctor.

Across seventy years, the teaching has remained simple: the body has a God-given capacity to mend, and our work is to stop getting in its way. First, release burden by removing what blocks life. Then restore nourishment, regulation, circulation, and repair. Finally, return home with steady habits that support life.

Release Burden -> Restore Flow -> Renew Resilience

Many who come are facing a cancer diagnosis. The Institute offers something distinct: education in nutrition, rest, movement, and whole-person care during a difficult season. Families often attend together, which can be part of the benefit.

"The doctor looked at me and asked, 'What are you doing here?' as he explained that my lymphoma had completely disappeared."
— Jo Olinky

Those who work outdoors know ticks well. Fewer understand how long their effects can last or how hard the illness can be. The Institute has long helped guests with Lyme and related tick-borne illnesses by teaching what they can control: how to eat, rest, reduce the body's burden, and steady a nervous system strained over time.

"For the first time in my life, I have the faith and courage to live my dreams."
— Karen Regnante Recovering from Lyme Disease

You do not need to decide anything now. If you would like to learn what is taught here, write or call us, and we will send a free printed booklet describing the programs, daily schedule, and what a stay includes. No one will contact you afterward unless you ask. Questions from ministers, deacons, and family heads are welcome.

ROUNDHOUSE
Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E | **$39.99**

KNITTLINGER
Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger – it goes as fast as any player can play it!

Keys: Low A, Low Bb Low C, and Low D | **$99.95**

BLUES SHIFTER
This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D | **$89.99**

THE DELTA FROST COLLECTION
The workhorses of the Bushman brand. The Delta Frost comes in 3 different comb choices – Original (plastic), Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

ORIGINAL
Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E
$34.99

STEELIE or WOODY
Keys: Low F, G, A, Bb, C, D, and E
$49.99

HARMONICA INSTRUCTION KIT

Learn to play popular songs in minutes even if you don't know how to read music! 34 page book comes with our best-selling Roundhouse harmonica.

Choose the **Key** of Bb or C
$45.00

DINKY
Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable.

Keys:
G (Yellow), A (Navy), and C (Black)

Violent earthquakes IN VENEZUELA

Article space donated to CAM

Christian Aid MINISTRIES

A channel enabling the church to minister to physical and spiritual needs around the world

It was a typical evening in Venezuela on June 24. Motorbikes buzzed along the dusty streets of Caracas, past restaurants, noisy street vendors, and families enjoying supper in their homes. Fourteen miles underground, intense pressure was building between two tectonic plates. At 6:04 p.m., the plates slipped past each other releasing a magnitude 7.2 shockwave near Caracas, Venezuela's capital city. Only 39 seconds later, an even larger magnitude 7.5 quake struck!

Motorbikes swerved to the side of the road. Street vendors stood dumbfounded as their wares spilled from the tables. High-rise apartment buildings swayed, then thundered to the ground, belching dust into the chaotic streets. A CAM contact shared, "We didn't know what was happening—the power went out, there was no signal, and the shaking began. Everyone rushed to leave the apartment building to find a safe spot. The elevators jammed, so we had to use the stairs; people were running and falling, and many elderly individuals couldn't get out in time. Others remain trapped under the rubble."

When the shaking stopped, wailing could be heard from beneath the mountains of rubble. Recovery teams raced against time to rescue people from the twisted mess before they would die of injuries or thirst.

Our response

We and our contacts wish to use this time to present the Good News to the suffering people of Venezuela as we assist them with much-needed aid. In recent months, we have been gearing up for a large-scale literature distribution in Venezuela. Large quantities of Bibles, Bible story books, and other literature are stockpiled near the affected area in Venezuela, ready for distribution. Along with other aid, these will be distributed to earthquake victims as well. We praise God for His hand in arranging this when we had no idea a deadly crisis was on the horizon!

Donations to this project will also be used to support a team of conservative Anabaptists assisting with disaster cleanup. Their church group has a vision to plant a church in Venezuela, so they hope to use this opportunity to plant the seeds of a future conservative Anabaptist church.

We are budgeting $1.5 million to respond to the needs in Venezuela. If you would like to help, your donation will provide food, Christian literature, portable water treatment systems, hygiene supplies, temporary shelters, and other assistance to the people of Venezuela in their time of need.

Feeling incredible comes down to simple science.

Calm the nervous system. Sleep more soundly.

81% sleep through the night when using a weighted blanket

60% feel less anxious after using a weighted blanket

Try the **Tencel Cooling Tree Napper** for the effect of the cool side of your pillow the whole night.
NEW COLOR: **Lemon Icing**

Frequently asked Question

What is the best way to wash my Napper?

Wash separately in cold water, using mild detergent. If in a washer, select a delicate or permanent press cycle. Avoid fabric softeners and bleach. If using a dryer, tumble dry on low heat. It may take several cycles.

Do not hang on a clothesline to dry, it is very heavy when wet, and prone to stretching. It works well to drape it over a Lifetime table in the sun, and should be dry in roughly the same time period as a comforter. However, for the easiest washing process, take it with you next time you go to the laundromat.

TEACHERS' Workshop

To Inspire & Connect

Invest in Teachers. Impact Generations.

For the past seven years, The Teachers' Workshop has equipped and encouraged teachers through an annual two-day event featuring practical classroom training, educational resources, and the connection of new and experienced teachers. Thousands of students benefit each year as teachers return to their classrooms better prepared to inspire learning.

Our mission to equip teachers goes beyond the annual event. We're also funding the revision of the *Helping with English* curriculum–an eight-book series used in many local schools. This major update will provide a more accurate and engaging curriculum for both teachers and students.

As a volunteer-run, donation-supported 501(c)(3) organization, we rely on the generosity of our community to continue this work.

Your tax-deductible gift helps strengthen teachers today and students tomorrow!

FROM PAIN TO PURPOSE
living as an overcomer

From The Book

Grant Bontrager will be sharing his life story.

FAITH CHILD

Grant Bontrager was born as the result of a sexual assault. Although he was raised in a loving, Christian Home, he still struggled with identity, questions about his past, and the belief that God had a plan for his strange confusing life. It wasn't until he went to a counselor, took a deep look at his heart, identified the pain caused by these questions, and brought that pain to Jesus, The True Healer, that he was able to find his identity, and the answers to the many "***why***" questions.

Stay Local and Yet Reach Far

Jesus said, "...you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth." (Acts 1:8)

1 IN 3 PEOPLE IN THE WORLD HAVE NOT HEARD OF JESUS

How is that possible? Well, you can start here and now! Most of us live and work near home and only get into surrounding areas where people can see our light.

But to the ends of the earth? Let Global Disciples do the work.

Global Disciples trains Christians in Africa and Asia who know the local language and culture to share the Good News of Jesus with the people there who never before heard the Gospel. Last year 76,239 people came to Christ and joined one of 4,246 new churches that started.

People come to Jesus only as the Holy Spirit leads. But for every $102 given, we see someone come to faith in Jesus and get involved in a church. Most who trust in Christ and are baptized were once unreached people. Every bit helps!

I am giving to help more people from 'the ends of the earth' come to faith in Jesus Christ!

- ❑ **$102** to help 1 person come to Christ
- ❑ **$204** to help 2 people come to Christ
- ❑ **$306** to help 3 people come to Christ
- ❑ **$408** to help 4 people come to Christ
- ❑ **$510** to help 5 people come to Christ
