Editor's Corner

Hello everyone,

September is the bridge between summer's warmth and autumn's charm. Walk it with grace and purpose. Who is all ready for fall weather and cooler days? I am patiently waiting for fall weather. My flowers and flower beds are waiting to be cleaned out and it's time to get some mums and pumpkins on board. 😊

You all have a great week,
Ruby Yoder

YESHUA IS THE WAY

Yeshua is the Way
is a 501c3 non-profit
organization based in
Central Pennsylvania.

Our mission is to support
persecuted Christians
throughout the nations as a
partner with local believers,
and to share the Gospel
with people worldwide.

At Yeshua Is The Way Ministries, we have partnered with local Christians in Pakistan - where there is a great need for spiritual and financial support from the global church body. In a country where Christians face discrimination, poverty and persecution, there is still a hunger for God. Men, women and children are responding to the Gospel! People are being healed from pain and disease! Families are being freed from bonded debt that traps generations in manual labor.

We welcome your financial support for our current and upcoming projects. Our heart is to continue blessing and ministering to these believers and their neighbors by hosting Prayer Festivals, providing Food Kits, financing medical care, and more!

Current Fundraising Needs Include:

- Food Kits and Medical Care Support
- Capital Campaign to purchase a Church Building
- Salary for Pastoral Staff in Pakistan
- General Ministry Expenses (*travel, administration, maintain website*)

Mohawk Creek Farms • Warsaw, OH

A good experience with Lions 6-way was when we decided to put a couple of draft colts on a diet of 2-3 LB. of Lions 6-way per day with about 3 1/2 LB. of oats per day. Never before did we have 2 yr. olds or even 3 yr. olds filled out like these were. The hay was 2nd or 3rd cutting alfalfa-grass mix, free choice. It wasn't always the best quality hay. A very satisfied customer. (Illinois)

SUPPLEMENTS

Products built for the EPM BATTLE

ReBalance Bb targets the immune and inflammatory side. It is a 32 oz liquid built on a proprietary extract blend of Pau d'Arco, maitake, echinacea purpurea root, and goldenseal root, plus aloe vera concentrate along with prebiotics from yeast extract and dried chicory root to support a hindgut that illness, stress, and long medication courses tend to disrupt. If immune competence is what separates the horses who clear the parasite from those who don't, immune support isn't peripheral during recovery. **Rebound CNS** targets nerve, muscle, and connective tissue. Alongside its herbal blend, the

top-dress delivers vitamin E and selenium yeast, plus acetyl L-carnitine for neural and mitochondrial support, choline and inositol as building blocks of nerve cell membranes and myelin, flaxseed for omega-3s, and vitamin C for antioxidant support and collagen formation. It is labeled to pair with **ReBalance Bb** for EPM horses, may help restore nerve weakness or damage, and may improve healing time on muscle, ligament, and tendon damage. That last point matters: a horse that has been compensating asymmetrically for weeks has usually accumulated soft-tissue strain well beyond the neurological deficit itself. These two products have been in our top sellers in our line for many years.

Testimonials

Prime Examples that it Works!

"Myer Pellets are very cost effective and easy to use. They keep all my horses in top body condition. But what I like best is the way it makes my weanlings and Yearlings grow."

-Wisconsin Customer

"I raise Commercial horses and I like to put my weanlings on Myer Pellets when I wean them till I bring them in as yearlings for the sale. It cuts my grain cost in half, plus they look ready for the sale."

Stainless-Steel Spoon

Forged from a single blank of 13-gauge 304 stainless steel, this 9-3/4" long commercial-grade spoon features a heavy-duty handle and a sleek, work-hardened 16-gauge bowl. Sculpted and compressed through mechanical shaping, the thinned bowl packs immense structural strength into a lightweight profile that refuses to bend or warp.

Lawn Rake

Designed for everyday yard care, this 23-inch lawn rake features 21 flexible tines to easily clear leaves, grass clippings, and light debris without tearing up your lawn. Its lightweight, manageable design offers a perfect balance of wide surface coverage and easy maneuverability around delicate garden beds.

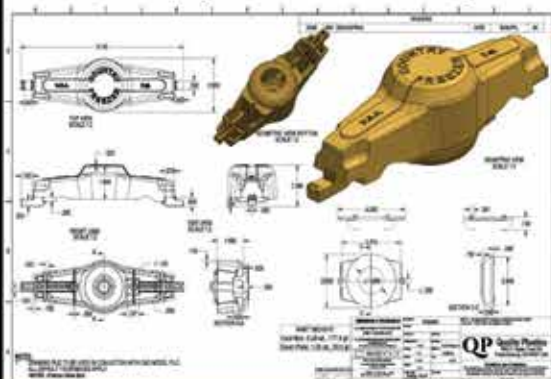

Kitchen Queen

This food-safe storage container features a 14" x 9" x 2.75" clarified plastic base for clear visibility and a vibrant, colored lid with a 2" raised dome. The high-clearance lid expands the total interior height to 4.5 inches, providing ample room for stacked baked goods or bulk meal prep without crushing them.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

There is a Better Way

Do you want BIGGER bucks on your food plot?

Now is the time to apply Ohio Valley
BioChar to your food plots!

Harvested late season

*Actual results after
application of OVB
Food Plot Blend.*

Biochar blends available for various
farming needs, call for more information.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.

– **Dan Stoltzfus, Pennsylvania**

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.

– **Leah Miller, Ohio**

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!

– **Kathryn Yoder, Missouri**

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.

– **Sue Albrecht, Michigan**

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing, I've already told many people to call you.

LIFESTYLE

We believe the root cause of all dis-ease in the body comes from toxicity and deficiency. We believe the foundation of the body are cells, and our protocols focus on providing the body building blocks it can use to restore every cell in the body.

The most foundational component of every organ system and every part of your body is the cell and the structures within it. Your body is made up of over 30 trillion cells. Focusing on restoring your cells will move your body from a place of dis-ease to rest-oration. We do not focus on detoxing because we understand when the energy and structure is restored to the cells, your body will detox on its own at a pace that your system can handle.

Each Protocol will provide information and guidance on optimizing:

- Diet & Nutrition
- Supplementation
- Healthy Lifestyle
- Emotional Components

Get the support you need from people who genuinely want to see you restored.

We have helped people restore their bodies from the dis-ease's listed below and much more:

Your Health. Your Future.
LET'S BUILD IT TOGETHER!

ASK DR. NELSON: "DO I REALLY NEED TO TREAT MY VARICOSE VEINS IF THEY DON'T HURT?"

Not necessarily—but the fact that your veins don't hurt doesn't mean they are healthy.

Varicose veins are caused by valves inside the veins that are not working properly. These valves normally help blood travel upward toward the heart. When they become weak or damaged, blood can flow backward and pool in the legs. This is called venous reflux. Some people have significant venous reflux without experiencing much pain. In fact, the first signs may be something other than discomfort.

What Should I Look For?

Even if your veins don't hurt, pay attention to:

- Swelling around your ankles or lower legs
- Legs that feel heavy or tired, especially at the end of the day
- Bulging or rope-like veins
- Brown or reddish discoloration around the ankles
- Itchy, dry, or irritated skin on the lower legs
- A feeling of tightness in the skin
- A sore or wound on the lower leg that is slow to heal
- Restlessness in the legs

These can be signs that vein disease is affecting the health of your legs.

Why Does It Matter If I Feel Fine?

Venous disease can gradually progress. Increased pressure in the veins can eventually cause permanent skin changes, inflammation, and, in more advanced cases, blood clots or ulcers. That doesn't mean that every person with a visible varicose vein needs treatment. The important question is whether the veins are causing a circulation problem and affecting the health of your legs.

A vein evaluation and ultrasound can help determine whether your veins have reflux and how significant the problem is.

Don't Wait for Pain to Be Your Warning Sign

Many people wait until their legs become painful before seeking help. But pain is not the only reason to have your veins evaluated.

If you notice swelling, skin changes, heaviness, or other changes in your legs, it is worth having them checked—even if your varicose veins don't hurt.

The good news is that when vein disease is identified, there are several treatment options. Modern vein procedures are minimally invasive and are often performed right in the office with little to no downtime.

Your varicose veins don't have to hurt before you pay attention to them. Sometimes, your legs are giving you other clues that it is time to take a closer look.

try the **FEEL GREAT SYSTEM**

Working with the body God designed – naturally.

Simple. Natural. Guaranteed.

The choice is clear. Discover a simple, natural path to better health.

What is it?

Studies show as many as 9 in 10 American adults are metabolically unhealthy – and insulin resistance is the hidden root behind much of today's diabetes, weight gain, and constant fatigue. Medications trim the branches. This addresses the root.

The Feel Great System is simple: two natural drink mixes and time-based eating that work with the meals you already cook – no counting calories, no special foods, no guesswork. Backed by over 20 clinical studies, listed in the PDR – the reference guide physicians have trusted for decades – and a 100% money-back guarantee.

We're Jim & Diane Stelter

from Hudsonville, Michigan. A few years ago we were low on energy, gaining weight, and adding medications every year. We found a simple daily system and use it every day. Jim, 75, has lost 50 pounds and is off blood pressure medicine; Diane, 68, has lost 30 pounds, lowered her cholesterol, and her joint pain is gone. Ask questions and decide for yourself – we answer every letter and call personally.

They are goji berries grown in Northern China and are considered a superfood. Wolfberries have the highest protein content for any fruit and have the highest Oxygen Radical Absorbant Capacity (ORAC). This means the wolfberry can absorb free radicals that attack the body. Studies have shown that this fruit can increase white blood cells, relieve hypertension and display an insulin like action to promote blood sugar regulation.

All your teeth are connected to a certain organ or gland. So if you have a bad tooth, you may have issues with the corresponding organ or gland.

Teeth... The root of many health issues

I Started with many strange health issues and finally I was told I had cancer. I removed a dead tooth and the next day my health issues disappeared, and I had no more pain.

The Power behind Young Living's Inner Boost & Balance

Key Ingredients:

BLOOD ORANGE EXTRACT

Supports skin health and helps counteract hyperpigmentation. Obtained from the juice of three pigmented varieties of Sicilian blood oranges: Moro, Tarocco, and Sanguinello-grown exclusively in a particular area surrounding Europe's most active volcano, Mount Etna.

The boosting powers:

- May reduce oxidative stress
- Help reduce skin sensitivity
- Support healthy glutathione levels
- Counteract skin hyperpigmentation (melanin production and sun damage)

NATURAL B COMPLEX

Maintains healthy energy levels and cognitive function

Derived from dried quinoa sprouts, this vitamin B complex

Includes (B1), (B2), (B3), (B5), (B6), (B7), (B9), (B12)

The boosting powers help:

- Support healthy cognitive aging
- Support a healthy nervous system
- Contribute to normal physiological function

PREBIOTIC FIBER

(organic agave inulin and soluble tapioca fiber): Supports healthy digestion. Agave inulin is extracted from the Agave tequilana plant, which is indigenous to Mexico. It belongs to the family of fibers known as fructans, which have prebiotic benefits.

Soluble tapioca fiber is derived from tapioca starch, which comes from the edible roots of the cassava plant.

The boosting powers help:

- Support a healthy immune system
- Support healthy digestion

MARINE MAGNESIUM

Provides 70+ trace minerals

Magnesium is a multitasking nutrient that helps with many processes in the body. Pairing magnesium with fruits, vegetables, and whole grains is a powerful combination.

The magnesium in Inner Boost and Balance is a highly bioavailable source of magnesium, meaning it is more easily absorbed by the body. It is harvested from the clear waters of the Irish Sea and contains more than 70 trace minerals.

WHY DOES DISC PAIN KEEP COMING BACK?

Special Health Report

What Thousands of Patients With Disc Problems Have Taught Us About Why Some People Improve Temporarily While Others Continue to Struggle

By Midwest Disc Clinic

- ✓ Private and Confidential

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — D. Hershberger, Nashville, MI

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — D. Troyer, Randolph, NY

DEVASTATING earthquake IN COLOMBIA

Article space donated to CAM

A channel enabling the church to minister to physical and spiritual needs around the world

On the morning of August 10, people across western Colombia went about their normal routine. Families ate breakfast, workers headed to their jobs, and people sipped their morning coffee, unaware that within moments, their lives would dramatically change. Then the earth suddenly began to tremble. Realizing something was terribly wrong, people rushed into the streets as buildings shook and debris fell around them, trapping some of them beneath the rubble.

The force of a 7.4 magnitude earthquake flattened buildings and trapped some people under tons of rubble. Hundreds are killed. Thousands more are injured and displaced. Rescue workers and civilians spent many frantic hours trying to rescue people from layers of wreckage.

Luis, a Christian father told our contact, "Before the earthquake, as I was leaving, God put it on my heart to pray. I

prayed and asked Him to protect my family, my children, my grandchildren, and me. Only five minutes after I had finished praying, the earthquake struck. When I returned to my home, I found my children safe, my wife safe, and my grandchildren safe. Everyone was well." Luis' house had collapsed, and all that was left was a heap of rubble. But Luis told our contact, "God protected my family and protected me."

Luis continued, "What we are going through is very hard. It is extremely difficult to see your home destroyed and to have to sleep outside on the street. It is very hard. But God knows what he is doing."

At least 50 hospitals across the region have suffered severe damage. For many families, even homes that remain standing cannot be considered safe. People are sleeping outside for fear of the roof collapsing over their heads.

How can we help?

In the midst of the rubble, fear, and uncertainty, is an opportunity to share the love of Jesus. CAM staff members are connecting with contacts and researching needs. We anticipate providing mattresses, blankets, Bibles, and other aid. Our prayer is that physical aid will reveal the greater gift of God's love to the people of Colombia.

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

All of the customized Stationery you need for a beautiful wedding!

In God's Hands.
A wedding is a joyful time
As two young lives unite,
Yet it's time to think about
The years that have gone by.
Thank you, parents, for all you've done,
You've been such a big part of our lives,
Spending time with us and loving us,
And teaching us of God and His Son.
Our memories are special gifts,
Their worth cannot be measured.
The loving home you made for us,
Our hearts will always treasure.
And though we're very happy
As we make this brand-new start,
The love we feel for each of you
Is forever in our hearts.
With love,

Invest in Teachers. Impact Generations.

For the past seven years, The Teachers' Workshop has equipped and encouraged teachers through an annual two-day event featuring practical classroom training, educational resources, and the connection of new and experienced teachers. Thousands of students benefit each year as teachers return to their classrooms better prepared to inspire learning.

Our mission to equip teachers goes beyond the annual event. We're also funding the revision of the *Helping with English* curriculum—an eight-book series used in many local schools. This major update will provide a more accurate and engaging curriculum for both teachers and students.

As a volunteer-run, donation-supported 501(c)(3) organization, we rely on the generosity of our community to continue this work.

Your tax-deductible gift helps strengthen teachers today and students tomorrow!

ABSOLUTE MONROE COUNTY REAL ESTATE AUCTION

39.45+/- ACRES – MOSTLY WOODED – TIMBER – OLDER HOMESTEAD – EXCELLENT HUNTING – DEAD END TWP. RD. – LEE TOWNSHIP – MONROE COUNTY – OHIO – OPPORTUNITY KNOCKS!!!

THURSDAY, OCTOBER 1ST STARTING @ 6:00 P.M.

AUCTION HELD ON LOCATION @

38559 PATTONS RUN RD. – SARDIS, OHIO 43946

DIRECTIONS: From Route 7 in Sardis, go West on St. Rt. 255 (Muskingum St.), follow for 2/10ths of a mile, turn left onto Benwood Rd. (CR 10), follow for 1.2 miles, turn right onto Pattons Run Rd., follow to the end for 6/10ths of a mile to auction site. Signs will be posted.

Opportunity knocks w/ these 39.45+/- acres. When we toured this property in mid-July, one of the first things that caught our attention was the mature white oak timber. We simply have not seen white oak of this size on many properties for a long time! There are virtually no visible signs of recent timbering, including old logging roads, making the timber one of the real highlights of this offering. This Monroe County property is predominantly wooded and offers an excellent combination of timber, hunting, water, privacy and an old country homestead. Situated at the end of a Township Road, the property offers outstanding privacy and seclusion. Improvements include an older two-story farmhouse in need of extensive repair, along with another ranch styled-home that offers 2 bedrooms, full bath, kitchen, living room and basement. It was most recently used as a hunting camp/base, and would definitely make a very nice hunting camp and or weekend getaway. Also located on this property is a classic early 1900s era barn, two car detached garage and carport. Electricity is also on site. This property has all the ingredients of an excellent recreational tract. We observed plenty of deer sign along with well-established generational trails throughout the property. Three small streams dissect the acreage, providing natural water sources for wildlife. The property should offer excellent opportunities for white tailed deer and wild turkey, and you may even see the occasional black bear wander through this part of Southeast Ohio. The surrounding properties are similar in nature consisting primarily of farmland and wooded acreage, adding to the privacy and recreational appeal of this tract. Despite its secluded setting, the property is only a short drive to Sardis, Ohio or New Martinsville, WV for conveniences. Whether you're looking for hunting property, timber investment, recreational getaway, hunting camp or secluded piece of Southeast Ohio land, this property deserves a look. Opportunity Knocks!!

-FEEL FREE TO WALK PROPERTY AT YOUR OWN RISK AND CONVENIENCE-

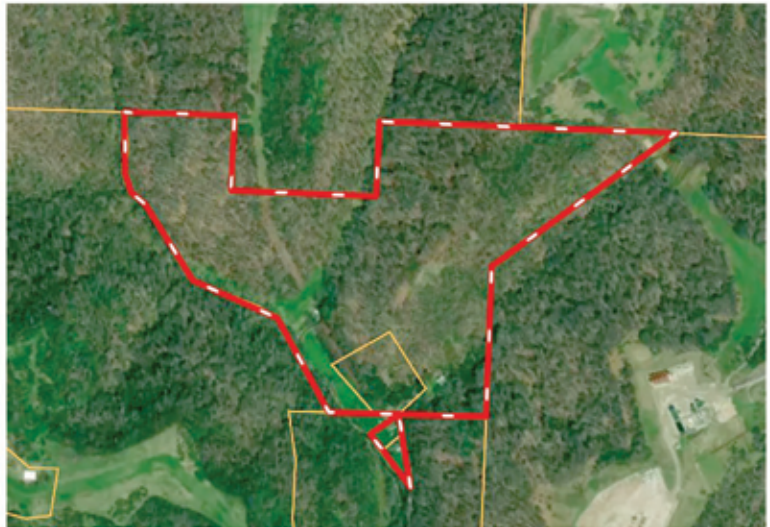

HOME AND BUILDINGS WILL BE OPEN AT 4:00 P.M. ON DAY OF AUCTION FOR VIEWING-

TERMS ON REAL ESTATE: There will be a 10% buyer's premium added to the final bid to determine the contract price.

Successful purchaser(s) will be required to deposit 10% of the contract price as a non-refundable down payment the day of the auction, with the balance due at closing (within 45 days). This property will sell "as-is, where is" w/no warranties implied or expressed. Property will sell with no contingencies, financing or otherwise. Property will be offered as one tract and sold as a lump sum. Sellers are reserving unto themselves, their heirs and assigns all oil and gas and other hydrocarbons they may own, so no minerals will transfer with land. Secure Title will manage the closing. All information contained herein was derived from sources believed to be correct, but not warranted. Any announcements on the day of auction will take precedence over any and all printed material.

HAYCOOK ABSOLUTE REAL ESTATE AUCTION

**2 GREAT PROPERTIES – WEST HOLMES SCHOOLS
28 ACRES BORDERS BIKE TRAIL AT BADDOW PASS
44 ACRES – WOODED & TILLABLE ACRES**

THURSDAY, OCTOBER 1, 2026

3:30 PM – CHATELLETS – 6:00 PM – REAL ESTATE

Will sell both properties
from the 14384 CR 75,
Brinkhaven OH 43006
property. From Danville,
take Rt. 62 east approx. 8
miles to CR 75 then north
through the left turn to
property. From Glenmont,
take Rt. 25 south approx. 4
miles to the 44-acre parcel.
Continue on CR 25 to CR 75
then north to auction site.

REAL ESTATE: The Haycock auction is definitely a fall auction highlight that offers a rare opportunity to buy land in this area. The 28-acre property on CR 75 at Baddow Pass has so many possibilities, it's hard to list them all. Start with the location, a rural setting yet close to Rt. 62, the entire east line of the property borders the bike path. Property has tillable acres, pasture ground and wooded areas for great hunting. There's an older 2-story farmhouse on this parcel. I'm sure some will want the challenge and others won't. This farm will be offered in 4 parcels and together and will sell the method that generates the most.

The CR 25 property is right across the road from the Richland Township Maintenance Garage. There are no buildings on this property. Farm has a mixture of nice tillable acres, pasture/hay ground and a great wooded area in the northwest corner. Property will be offered in 3 parcels and in combination and will sell the way it generates the most.

TERMS: Properties sell at "Absolute Auction" so be prepared. There is No Buyer's Premium! We require a non-refundable down payment of 10% of the final bid price due the day of auction with the balance due at closing in approx. 45 days. There are no financing contingencies. Mineral rights transfer to the buyer. Property sells subject to all articles of record. Announcements on auction day take precedence over all previous advertising or statements. Buyer will pay a \$750 per parcel fee to assist with survey and auction related expenses. Fee will be \$1,000 if farms sell as one parcel. Taxes are currently under CAUV and will be prorated on that basis. Any CAUV recoupment is the responsibility of the buyer. Sellers will split the cost of an owner's title insurance policy. **NOTE:** We will be starting at 3:30 with the furnishings and collectibles out of the farmhouse. Real estate sells at 6PM. Current crop tenant has the right to harvest 2026 crops. Watch www.auctionzip.com – 9855 for full details or call Bob. Walk the parcels at your leisure. Don't miss this great auction opportunity.

OPEN HOUSE – Saturday, September 19th from 3-5:00 PM
