Editor's Note

Greetings! NUMBER 52 • FEBRUARY 20, 2026

Did you know that elephants have a very good memory. They can remember other elephants, people, and events that happened a long time ago. This helps them remember where food and water are available in case of a drought. Elephants use their large ears as fans to cool themselves. They use their trunks to lift heavy loads such as logs and as a fork to transfer grass and leaves into their mouth. A full-grown elephant needs approximately 600 lbs. of food per day. Elephants take dust and mud baths to protect their skin from sunburn.

Thanks to all advertisers. We appreciate you. It's time to submit your ads for the March 20, 2026, issue; the deadline for that issue is March 3. See page 6 of this issue for information about placing a **CLASSIFIED AD** in Busy Beaver Extreme. Be sure to send your payment along with your ad information. Page 7 has the form and information to place a **DISPLAY AD**. A **DISPLAY AD** will give you a complimentary listing in our **NEW BUSINESS DIRECTORY** on pages 112-114. Busy Beaver Extreme goes to more than 85,000 homes. That's a lot of people that can see what you have to offer! Don't miss the opportunity.

We welcome mail-in ads, but please allow plenty of time for them. Sometimes the mail does not move as fast as we wish it would.

Are you reading your friend's Busy Beaver Extreme? Are you moving soon? Use the form on this page and mail it to the address below. If you get more than one copy of this magazine, please let us know. It is helpful to include the mailing label if you want a name removed or have an address change.

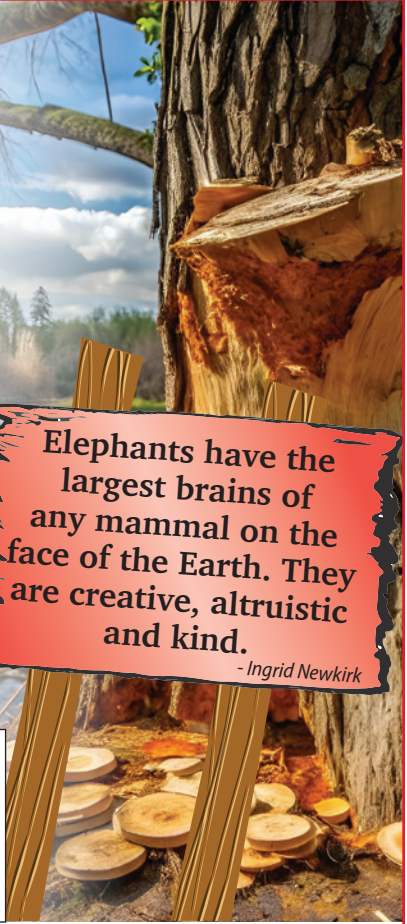

Elephants have the largest brains of any mammal on the face of the Earth. They are creative, altruistic and kind.
- Ingrid Newkirk

Make it a good day!

BALANCE & BURN

The "Weight" is over ...

With Young Living's New Balance and Burn System

Balance & Burn System contains ingredients that:

Supports healthy weight management.

Helps promote insulin sensitivity.

Helps maintain healthy blood sugar levels within range.

Helps ditch the sluggish mornings and foggy afternoons.

Helps use fat efficiently for energy.

Helps stop the nonstop food noise.

Supports a healthy gut and microbiome diversity.

Helps support production of GLP-1, a naturally occurring hormone in the gut that impacts healthy blood sugar metabolism and is associated with appetite.

No side effects.

We blend the best of science and plant power in one metabolic health system that helps support GLP-1 and healthy microbiome diversity, blood sugar metabolism, and the way your body uses fat efficiently for energy -so you can stay consistent, feel more in control, and move confidently toward your goals.

A AKKERMANSIA

#1 Gut-Microbiome System:

Akkermansia: Helps support GLP-1 production in the gut which impacts blood sugar metabolism and promotes healthy microbiome diversity. In an 8-week randomized controlled trial in overweight adults, supplementation with Akkermansia muciniphila (viable or pasteurized) increased GLP-1, a hormone associated with appetite and metabolism.

B BURN FORMULA

#2 Adipose (fat) Management System:

Citrus polyphenols: Helps support healthy fat metabolism and body composition. In a randomized, placebo-controlled clinical trial of overweight adults, a citruspolyphenol blend helped reduce body weight, body-fat mass, and waist/hip circumference without loss of lean muscle mass over 12 weeks. Ex-vivo and clinical markers suggest the citruspolyphenol blend may enhance lipolysis, which could contribute to observed changes in body composition.

C CONTROL FORMULA

#3 Glucose Management System:

Bioavailable Berberine: Helps support healthy blood sugar metabolism. Bioavailable berberine with phytosomal technology clinically studied for enhanced absorption

Daily Prebiotic Fiber is a plant-based formula that helps maintain a healthy gut microbiome, digestive system and supports immune health.

WHAT IS A GLP-1?

GLP-1 is a naturally occurring hormone your body releases when you eat. It helps signal satiety, supports blood sugar balance, and can make it easier to stop eating when you're truly satisfied. It's not new or artificial. GLP-1 isn't a trend or a drug. It's something your body already makes naturally, especially when your gut is supported and meals are balanced.

"Since starting the supplements, I have lost 12 pounds, and it was only a little over a week! I was very surprised by the quick drop and complete loss of my cravings, whenever I eat I noticed that I get full faster and stay satisfied much longer. I have more energy than I did before, my brain fog is completely gone."

-Angelica P.

"I have very little appetite and I had dinner last night. Put a normal amount for me on the plate and then looked at it and took off about half. I was saying it was too much without realizing I don't do that usually. It's crazy. I feel like I'm in my 20s again with food and just eating for fuel. 5 days. Amazing. Also much more calm and relaxed, sleeping better too."

LIMBER MAX

by Arbor Fit

**ASK FOR LIMBER MAX
AT YOUR LOCAL HARNESS
SHOP OR FEED STORE.**

**An All-Natural Liniment to keep your
horse moving. For sore muscles,
joints & inflammation.**

Enhances healing of torn and
damaged tendons and
ligaments and bowed tendons.

Reduces swelling and
inflammation.

GREAT FOR SALE PREPPING!

Does NOT leave a residue.

WILL NOT BLISTER

We began using Limber Max on our one horse Goose who exhibited tension and discomfort in his TMJ, poll, and neck regions. The liniment has provided major relief, reducing muscle tightness and improving his overall comfort. What a difference in his performance now during our training sessions! Goose visibly relaxes during application of Limber Max — it's clear he associates it with relief and comfort! We are truly astonished in the transformation of Goose and are grateful for Limber Max for helping us to get our horse back to himself! Limber Max is now a staple in our barn, and we never go on the road without it! Since incorporating Limber Max into my routine, I've noticed a marked improvement in all nine of my Percheron Geldings comfort, healing and overall performance.

Relief from the bitter cold

Three more months till spring. You're shivering, even under three layers of blankets. You can see your own breath rise in the frigid air of your house. The woodstove lies cold and empty.

This sounds extreme. For some people, it's a normal winter morning.

It's winter, and some people still don't have what they need to stay warm. Hundreds of people have come to our staff and contacts asking for help with winter heating. Many people don't own land with trees, so their only option is to buy wood, coal, or natural gas. But they hardly have enough money for food, clothes, and housing during the summer. How will they ever afford it?

People in Uzbekistan need firewood so badly that one woman thought it was a waste to use only the tree trunk and branches. When she cut down several trees in her yard, she dug around the base and used the stump and roots for firewood as well! A contact in Tajikistan says that many people are adding paper, cardboard, and trash to their wood to increase the heat in their woodstove. It's common for people in these countries to heat only one room of the house to make the warmth last as long as possible. Often they will keep the room just warm enough to be comfortable while wearing a coat.

Many people needing help this winter are older people and large families in Eastern Europe and Central Asia. Most of the people we assist are believers, although sometimes aid is used to witness to non-believers in need.

Comfort and joy

People rejoice and often praise God when they learn that He answered their prayers for heat this winter. "We needed wood so badly," said one elderly woman from Ukraine. "You and God heard our prayers, our request, and our desire, and sent us wood. Thank you, thank you!"

Some people feel a great dread at this time of the year because they face a hard choice: buy food and endure the cold, or buy firewood and endure hunger. Your gift allows them to have both—food and warmth!

OHIO VALLEY BIOCHAR

There is a Better Way

If you want better nutrition....

You need to start with better soil.

Actual results after 2 applications of BioChar.

Farm/Garden

What is biochar?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and waterways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

2 YARD TOTE

Also available in 1.2 cubic foot bag

What is the benefit to you?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Improve your digestion with *Maximizer*!

Maximizer is a plant enzyme supplement that contains 17 different types of digestive enzymes to aid in the pre-digestion of all the foods. This allows your body to use metabolic enzymes to do their vital work, rather than use them for food digestion.

Maximizer can help you maintain your body's natural enzyme levels and help you maximize your energy level, feel better and give you a much better chance of staying healthy and disease free.

Do you have a colicky baby?

In Rachel Weaver's book "Be Your Own Doctor" she recommends *Maximizer*. "...Most serious baby colic has its roots in the mother's digestive system... Begin by strengthening your digestive system as much as possible... take a very good digestive enzyme before each meal."

Proposed building to start in 2026

The Dream

What if we could have a place to go to in the Anabaptist community that would offer general physical healthcare with the understanding of natural and medical procedures? What if in rehab, we could receive help in a relaxed setting without high costs? What if my son has a broken arm and needs someone to do an x-ray and care for it? What if my daughter has a health deficiency and needs bloodwork done?

In 2010, a vision was stirred. What if this could be started as a non-profit organization? This could be run with **Christian values and the Support of Churches.**

The Present

God has opened doors! After a lot of effort and working through township restrictions, **Cornerstone Retreat** was founded in 2012. It was started in a small home with a doctor's office in New Providence, PA.

In 2018, **Cornerstone Retreat** was in need of expansion and decided to lease a commercial facility in Gap, PA. to meet growing needs, we increased our services such as, Cold Laser therapy, Pulse Machine, Hyberbaric Oxygen chamber, various IVs, Professional Licensed Physical therapist, Foot Detox, ERE, Water Massage Bed, Oil Massages, Oxygen Concentrators, a professional Licensed Doctor for head injuries and much more. This equaled an increase of patients and Cornerstone again is being overloaded. With real estate rental leases set at a high price, we are looking at all options. What if we could find land and build a community funded building in a clean and relaxed atmosphere?

With humble hearts, we thank the community for their support in the past and present. All honor and praise to God to provide our needs.

Health/Naturals

The Vision

Cornerstone Retreat is preparing to build a single-story 30,000 sq. ft. healthcare facility in Paradise, PA. We are asking for prayers to guide our steps as we move forward. Our building plans include 12 rooms for overnight stays, biological dentistry, x-rays, wound care, IVs, ultrasound, EKG, and much more! We are asking the community for funds to achieve a community-funded healthcare for our future generations. Any help towards this non-profit organization's project will be appreciated!

Funds can be sent to any branch of Bank of Bird-in-Hand. The address of the main office is **309 Ronks Road, Bird-in-Hand, PA 17505**

Make checks payable to **CRBE (Cornerstone Retreat Building Fund)**

Anonymous donations can be sent to Anabaptist Foundation and put Cornerstone Retreat Building Fund on the memo line.

Cornerstone is an arm of the Old Order Amish church and a non-profit organization and 501 C 3.

Testimonies

Beth's Testimony

"For years, Lyme disease left me bedridden and unable to truly live. I felt trapped in my own body, unable to walk, engage with life, or connect with those I loved. In desperation, I scheduled an appointment for the BioVibe Miracle Detox Bath. During the session, I could feel my body releasing toxins that had been holding me captive. What happened next was nothing short of a miracle. After the bath, I was able to get up, walk again, and reengage with life and the people around me. The BioVibe Bath gave me back my health, my freedom, and my hope. I am forever grateful for the healing I experienced."

Wayne's Testimony

"For 15 years, I was trapped in the grip of hard drug addiction. No matter how hard I tried, I couldn't break free. Then I scheduled a series of four BioVibe Miracle Detox Baths, one each day. To my amazement, the baths completely flushed the drugs and toxins out of my system. I experienced no withdrawal symptoms, no cravings, and no desire to go back. Today, I've been clean for almost a year, and I have absolutely no taste for drugs. I'm living a quality lifestyle again, free and restored. It truly changed my life."

Lillie's Testimony

"My life growing up was very hard, and eventually I ended up being trafficked. The trauma left deep wounds on my body and in my emotion. I struggled daily with brain fog and irritable bowel syndrome, carrying pain and heaviness for years. When I scheduled my first two BioVibe Miracle Detox Baths, something changed. After the second bath, my mind became clear, the pain in my stomach lifted, and for the first time in years I felt real relief. I'm still on my healing journey, but the baths have given me hope for a future I never thought I could have."

 Our recent collaboration with Beltone Audiology allows us to offer **Comprehensive Hearing Care**—including free hearing screenings, personalized fittings, and hearing aid servicing—all right here in our clinic. This partnership has already made a meaningful difference for many in our community.

 We're thrilled to announce our new **Home Care Visits** program, added to EWSC in Nov. If traveling to a medical facility is difficult for you or someone you love, we're here to help. At EWSC, we believe everyone deserves quality health care that's both accessible and affordable.

 We've also expanded our wellness offerings in the IV therapy room. A curtain has been added for your privacy while using the Pulse (PEMF) Bed. We offer a wide variety of IV therapies including immune support (cold and flu season is here!), sinus support, replenish and recovery, among others. We will meet with you and discuss which IV is best for your individual needs. In addition, we now offer **Red Light Therapy** and **ION Foot Detox Treatments**. These gentle, restorative therapies are designed to support circulation, reduce inflammation, and promote overall well-being.

 **Regenerative Joint Therapy**, added to EWSC in August, targets painful joints by using stem-cell transplantation and/or protein rich plasma (PRP). These procedures are completed here in the clinic with minimal recovery time.

 Every gift—large or small—moves us closer to our goal. Your generosity has already changed lives, and together, we can keep making a difference. Thank you for your continued support!

“Lions Mane Talk”

High in the clean, cool air of the Appalachian Mountains, Mushroom Maiden Farm tends its Lion’s Mane mushrooms with the same care a family gives its garden. Grown in a quiet tunnel, away from impurities and noise, each fruiting body is nurtured slowly and naturally. From these American-grown mushrooms come our pure, tested capsules made without fillers, additives, or anything unnecessary.

Many folks today are finding value in simple, time-trusted natural supplements. Lion’s Mane has long been appreciated for the way it supports the body’s own defenses and helps the mind feel clear and steady. Taking a small dose each morning can become a gentle habit, like stepping outside to breathe the dawn air. Over time, people report feeling more alert without any sense of unease or jitters. Some find it helps them meet the day with calmer thoughts and a lighter spirit.

Winter can test even the strongest among us. Cold winds, heavy chores, and long nights can place extra strain on the body. That is why having something wholesome “on board” can be a comfort, a steady companion through the harder months. Mushroom Maiden Farm’s Lion’s Mane capsules, made from the full fruiting body and carefully tested, are an easy addition to the morning routine. I take them each day myself, and it requires no more effort than a sip of water.

If you seek a natural way to support your well-being through the seasons, Mushroom Maiden Farm is pleased to offer its harvest to you, pure, simple, and grown with respect for God’s creation.

Robert & Martha Horst
Fund And Prayer Request

This family has had a lot of challenges to work through with health issues and other complications. Due to former cancer treatment her lungs are filling up with scar tissue, she is on oxygen at all times with only 25% lung capacity left. Due to a moldy environment in the house they are now living in and a very limited income, a small property has been purchased and a new house is being built as well as striving to set up a more sustainable livelihood. With building costs, tests, and ongoing lung treatments the financial needs are substantial. Since this condition cannot be helped with modern medicine the belief is "it's all in the head" has been very, very strong. **The pain of rejection and aloneness is real.** May we pray for this couple their older children & younger children and show them that Jesus is real and He is our Savior and let us not be fettered by the judgments of man on things that are not according to Jesus would have us to do. The compassionate help of the care givers that have stepped forward is very appreciated.

If you feel led to share encouragement or experiences or to make a donation.

Please make check payable to Radiant Meadows.

This memory game can be played with or without teams. When playing with teams, always sit beside an opposing teammate; teammates never sit beside each other. Teammates can all help each other when picking up cards. Each player picks up two cards when his turn comes around, *unless* the player is picking up sets. When picking up sets, player can go on until he has the whole set, or until he picks a card that is not in that set. The team or player that has the most points when the cards have all been picked has won the game.

Froman Hill

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!
If interested call 330-343-8055.

If you have a desire to serve others and experience personal growth, Froman Hill gives you the opportunity to do both. Enjoying nature and meeting people, both local and from other communities, were a few highlights at the ranch. We all serve the same God.
 -Former Big Brother, Bryan

We enjoy being house parents at Froman Hill Boys Ranch. It is a very worthwhile place for troubled boys to get help. The administrator and job coordinator are good to work with. They have some livestock and also do some woodworking. Houseparents are responsible for the cooking. It is not hard to get meals together as there is plenty of food provided to work with. Time spent at Froman Hill Boys Ranch is time well spent. God Bless everyone that is involved!
 -The Hershbergers

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind. It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.
 -Former Big Brother, Jake

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.
 -Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!
 -The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.
