Editor's Note

Hello everyone!

A few weeks ago, there were a lot of Canada geese flying north, traveling in long, V-shaped lines. Sometimes traveling during the night, even in dense fog. Now I see them flying to and fro in pairs and singles, probably performing last-minute duties before settling into their chosen nesting area. Most times a Canada goose makes its nest in the same general area every year. In the wild, the lifespan of a Canada goose is an average of 12 years. It is not uncommon for geese to reach 20 years of age. Although they don't begin pairing until they are 3 years old, approximately 85% of pairs stay together for a lifetime.

Thank you for your dedication to the Busy Beaver!

-John Zook

Nirvana's first crop of yearling Standardbred crosses are showing tremendous promise. They are displaying Nirvana's beauty, athletic talent, with the natural speed of a Standardbred. These young horses also have excellent temperaments and are intelligent individuals. We are very excited to watch them develop and see what the future holds for this group. OVB
OHIO VALLEY BIOCHAR
There is a Better Way

Prevent your fruit trees from **FREEZING** in temperatures as low as 16° Use FXI (Fire Extinguisher), Biome Food & Harmonizer

Biochar blends available for various farming needs, call for more information.

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

Mow Your Grass *with a CL Gang Mower*

CL Pushdown "Antibounce" System
The main cutting reels are each mounted on a flexible spring-loaded joint with a 4-way floating motion, efficiently pushing the mower similar to a hand push mower. This unique spring design puts 30 lbs of downward pressure while still allowing the reels to flex. This results in more traction and better cutting through thick grass, without causing excessive wear on the mowers.
This is a new feature since 2022. If you have an older model, call us for info on an "antibounce" upgrade kit.

Unique Hitching Feature
The CL hitching system makes hitching and unhitching "safe and easy". The stabilizer has two notches, the back notch holds the shafts up while you lead your horse under the shafts. When ready, simply push the shafts up (which will flip the lever into the long slot), allowing the shafts to come down. After hitching your horse, pull lever to the left, then pull the pin on foot stand, and pull up till pin pops in hole, and you are ready to go. The small caster on foot stand is not used when mowing ...it is part of the convenient hitching design.

Reg. size $4240
Pony size $3980

FEATURES:
- Wheels behind mowers prevent driving over unmown grass
- 54-58" cutting width
- Convenient foot pedal steering with reel linkage prevents skips in corners and around trees
- Adjustable for large or small horses
- Featuring the CLIPPER USA reels

Available with steel wheels, air tires, or hard rubber.

Looking for your milk bonus?

A farmer wrote to us saying how he lowered his cows SCC and his milk inspector is really pleased. This is what he did:

1. CMT every cow in the barn.
2. Mark all high quarters with a crayon.
3. Use Hornet Udder Tonic on those quarters once a day for 3 days.
4. Cover every quarter with Super Cow Udder Mint twice a day for 7 days.

The money he spent on his cows, he received back from the bonus!

WAGLER STEEL

Celebrating 10 Years in Business

As we celebrate 10 years in business we look forward to serving you better. One improvement we recently made was the addition of a new computerized Slitting Machine. This machine has allowed us to produce more consistent trim. It also makes our production faster and makes it easier to make more special trim.

In 2024 we started offering supplies for post frame buildings such as lumber, posts and trusses. As that part of the business grew it became clear we were running out of space. We were able to purchase property next to our existing location where we are building more buildings to store and produce more products.

We Manufacture to Order

36" Wagler Panel
16" Standing Seam - (Pre-Notched)
10" Metal Board and Batten
36" Paradise Panel
12" Triple 4 & 36" Wagler Panel Soffit

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

How pHix's Mature Hops Extract Can Help Stabilize Blood Sugar & Support Diabetes Management

If you or someone you love struggles with blood sugar swings or diabetes, you know how frustrating it can be to find natural solutions that actually work. What if a powerful, science-backed ingredient—derived from something as simple as hops—could help? That's where pHix comes in.

The Blood Sugar & Diabetes Connection
Unstable blood sugar isn't just about sugar cravings or energy crashes—it's a major factor in metabolic health, weight management, and even long-term complications like diabetes. Traditional approaches often rely on medications with side effects, but what if nature already had a better answer?

How pHix's Mature Hops Extract Works
- ✓ Improve Insulin Sensitivity – Helps your body use insulin
- ✓ Slow Glucose Absorption – Supports balanced blood sugar stability
- ✓ Reduce Inflammation – Chronic inflammation

Why Science Behind It
Research has shown that certain compounds in hops (like alpha and beta acids) can:
- Activate AMPK (an enzyme that helps regulate metabolism, similar to how exercise does).
- Mimic some effects of diabetes drugs—naturally.
- Help reduce oxidative stress, a key driver of diabetic complications.

Prediabetics - Help prevent progression to full diabetes.
Type 2 Diabetics - Support healthier blood sugar levels—naturally.
The Bottom Line: Blood sugar issues don't have to control your life. With Phix's unique hops extract, you're not just masking symptoms.

HERE'S A BREAKDOWN OF WHY FULVIC IS SO VALUABLE:

TOXINS ARE EVERYWHERE
We're exposed daily to heavy metals, pesticides, plastics and pollutants. Fulvic acid supports the body's own detoxification pathways, helping to eliminate routine environmental contaminants.

CELLULAR ENERGY
Fulvic acid supports healthy mitochondrial activity, promoting efficient cellular energy production and enzyme performance.

NUTRIENT DEFICIENCY IS COMMON
Modern farming can leave foods short on minerals. Fulvic acid supports nutrient transport and supplies trace minerals often missing from today's diet.

GUT HEALTH SUPPORT
Fulvic acts as a prebiotic, nourishing beneficial gut bacteria and helps maintain normal gut-lining integrity-both important for digestive comfort and immune health.

Have Cancer Concerns?

Amygdalin (Laetrile) Vitamin B17 is a powerful organic natural substance that works to help control cancer and viruses which can be consumed through seeds or supplements. In the late 1960's, a pioneering physician, Dr. John A. Richardson, MD, dared to treat his cancer patients with a revolutionary treatment that included the use of Laetrile, along with a strict protocol of diet, exercise, and vitamins. It worked remarkably better than orthodox treatments. Apricot seeds contain the highest concentration of B17 found in nature. These seeds also contain high levels of Thiamine/B1 and Omega-3 fatty acids. From cellular health to inflammation to respiratory conditions, this super seed is also great for animals!

BEFORE YOU LET ANYONE TREAT YOUR BACK OR NECK PAIN... READ THIS.

The wrong treatment can make a disc injury worse— and surgery is rarely the first answer.

My wife suffered with low back pain for several decades. She visited maybe 10 different doctors who helped her for a while but never got to the root of the problem. Her legs hurt, she was restless at night, unable to do garden work, lawn work, or keep up the housework. One year after beginning treatment at MDC she is able to do all those things in a normal way again. We thank God for his Healing, grace and blessing the doctors with wisdom, knowledge, and the willingness to serve.

~M. Metzger- Manchester, IN

If your pain is:

- Stopping you from working your land or trade
- Keeping you from lifting or caring for your children
- Making household work difficult or impossible
- Causing leg pain, numbness, or weakness
- Waking you through the night
- Limiting your ability to serve your family and community

Your situation may be more serious than you have been told. You deserve a real answer before making any permanent decision.

Every Month, Families tell us they were told:

- " You just need injections."
- "You'll have to live with it."
- "Surgery may be your only option."

But no one explained:

Was the disc properly evaluated before treatment began? Muscle pain and disc injuries are not the same thing. The wrong treatment does not fix the real problem.

We focus only on spinal discs.

Not knees. Not shoulders. Not general aches.

Spinal discs only.

We evaluate before we treat — with a clear 2-day Discovery Process..

Within two days, you will have straight answers to four questions:

- ✓ **What is the problem?**
- ✓ **Can we help you?**
- ✓ **How long will it take?**
- ✓ **What will it cost?**

Some cases qualify. Some do not.

We will tell you honestly if your case is not a fit for our program. Everyone deserves to know exactly what they are dealing with before making a permanent decision. We are not here to waste your time or money.

Sleep better. Every season of the year.

Bearaby

★★★★★

Bearaby weighted blankets are rated at
4.8 out of 5 Stars
from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

Natural deep sleep
Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind
The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling
Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Our handmade **Cotton Napper** is a breathable, knitted weighted blanket to help you fall asleep faster and feel calmer, naturally. Designed for individual use, your Napper should be about 10% of your body weight. Not designed to add warmth. **Made of 100% organic cotton.**

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

Most businesses buy insurance.
Some businesses own it.

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:
- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

$4 prints one Bible
$100 provides 25 Bibles
$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

CLOTHING BUNDLE PROJECT

Relief after years of difficulty

Adnan* and his family live in a one-room space in a shop in Yemen. Adnan hopes that one day he will be able to afford a home of his own, but his work as a day laborer does not provide a steady income. He said, "Some days there is work, and some days there is none. But my family still needs food, clothes, medicine, and other necessities."

At a recent distribution by CAM contacts, Adnan's family received clothing, shoes, and school supplies. These gifts brought relief after years of hardship. With gratitude Adnan's wife shared, "I pray that God protects and rewards everyone who showed kindness to our family."

**Name changed to protect identity.*

This young boy in Yemen is now the owner of a nice blue shirt given by a generous supporter.

The flowers bloom in colors bright,
And birds sing loudly with delight.
Spring breezes dance through every tree—
A happy sign for you and me!

Our classroom fills with sunny cheer,
As days grow warm and summer nears.
We open windows, laugh, and play,
Enjoying each long, golden day.

The final bells will ring so soon,
But till they do, we hum a tune.
With friends we learn, we smile, we play—
Spring makes magic every day!

Price Adjusted! This farm presents a rare opportunity to acquire a well-balanced and highly functional agricultural property in a setting that blends productivity with rural charm. The acreage is diverse and includes fertile tillable ground, standing timber, and gently sloping pasture. This combination of land types supports a wide range of agricultural uses, from row crops and hay production to rotational grazing for dairy or beef cattle. The soils have been farmed consistently, and the layout of fields makes them easy to access and maintain.

At the center of the property stands a modest farmhouse, offering a practical space for family living or on-site management. A traditional bank barn anchors the farmstead, accompanied by multiple equipment sheds and useful outbuildings that support livestock housing, crop storage, and machinery maintenance. Together, these structures create a working system designed for efficient agricultural operations.

DETAILS

- 121.8± acres with a blend of tillable ground, pasture and timber
- Traditional farmhouse with functional layout and solid structure
- Large bank barn plus multiple outbuildings for equipment and livestock
- Fertile soils ideal for row crops, hay production or grazing
- Mature hardwood timber with potential for harvest or firewood
- Internal farm roads and trails for easy access throughout the property

Keystone Steel Structures is a small company that specializes in erecting and finishing steel buildings. The owner started the company in October 2001. The first few years Keystone was only involved in the erection of the steel structure itself. However, due to customer demand, we have chosen to expand the company's services to include supplying a complete pre-engineered metal building package as well as providing general contracting services for an entire project. While we would be happy to erect a structure from any supplier, we are proud to supply our buildings through Whirlwind and Metallic Building Systems. Over the years, we've collected many awards and honors for the work we do with them.

We strive to build our reputation with excellent communication and unrelenting persistence at keeping our promises to supply quality construction. We are committed to delivering great value and service to our customers.

- Internal and external stressors can contribute to a wide range of health issues, including allergies, musculoskeletal disorders, heart disease, digestive problems, skin irritations, headaches, anxiety, depression, and sleep disturbances.

BioScanSRT System Overview

- **BioScanSRT** is an FDA-cleared, non-invasive, and safe scan suitable for both adults and children. This system addresses current health concerns and promotes proactive wellness.
- The **BioScanSRT** uses a proprietary database of over 80,000 energetic fingerprints to help identify potential stressors impacting the body.
- Pam will evaluate your **scan**, identify stressors, and develop a personalized plan to restore balance.
- The cost for a **BioScanSRT** is $110.00.
- **The Basic BioScan evaluates:** pH, immune system, cardiovascular (blood), cellular energy, digestive system, endocrine system, nervous system, male or female health, thyroid, and urinary system.
