Editor's Note

Greetings to all!

I hope this finds everybody safe and doing well. Two different storms passed through our area this past weekend. One on Saturday evening and one on Sunday evening, along with a total 4 inches of rain. Through this area people didn't lose power but in Leola, Lancaster, and surrounding areas they lost power for a few days. In our neighborhood there were a few trees knocked over and some branches broke off, but other areas had more damage than we did. Finally, we got some rain that we needed to keep the crops growing.

On our Illinois trip, we noticed the crops were green and growing well in the mid-west. In a few small areas the corn was in tassels already. Once we entered PA again on our way home, the crops looked a lot drier. In the mid-west, the land lays mostly flat. The story goes, if your dog runs from home, you can still see him go a day later. We saw large fields of corn and soybeans and hundreds of windmills that produced electricity. We had a good trip, with everyone coming home safe.

Thank you for your participation in the Busy Beaver!

-John Zook

ENRICH

Digestive Enzyme Blend with Stabilized Probiotics

OPTIMIZES DIGESTION · INCREASES NUTRIENT ABSORPTION · IMPROVES COMFORT AFTER MEALS

Enjoy a Healthier Gut

Enrich is one of the most impactful digestive-enzyme formulations on the market today. Each enzyme helps promote optimal digestion, so you get the most nutrients out of everything you eat.

Benefits of Enrich

Digestion
Your one-stop shop for optimal digestive health. Enrich has enzymes specifically selected to help digest all five major food groups, so you'll be able to tackle with ease even the most difficult digestion of proteins, fats and complex carbohydrates found in today's processed foods.

Nutrient Absorption
Enrich helps enhance nutrient content in your body through better absorption and utilization. It uses an array of enzymes formulated to adapt to a variety of stomach-acid pH conditions and powerfully support digestion.

Comfort
Say hello to easy digestion and to feeling your best after a good meal. The digestive enzymes in Enrich can help put an end to excessive bloating, gas and stomach discomfort once and for all. With 10 vital enzymes working in collaboration, this breakthrough solution can help reduce all types of digestive debility.

How Enrich Enzymes Work
If you don't have a diverse enzyme profile, all the benefits (nutrients) of everything you're eating will pass right through you. Enrich has all the foundational enzymes your belly needs to soak them all up.

Probiotics and Prebiotics
Probiotics are "good" gut bacteria that help line the digestive tract, improve digestion and fight off bad bacteria. If you're taking a probiotic, a prebiotic also is a good idea. Prebiotics are fuel for the healthy gut flora in your intestines. Without these two added benefits, Enrich would not be the powerful, effective product that it is.

Most people spend their lives working tirelessly to build someone else's dream, someone else's company, and someone else's wealth. Real estate offers a different path. It gives you the chance to own your future rather than just be an employee for someone else. Whether your goal is greater freedom, additional income, financial security, or generational wealth, real estate investing can help you build assets that work for you, rather than trading time for money forever. From fix-and-flips and long-term rentals to vacation properties and short-term rentals, there are countless ways to generate cash flow, build equity, and create lasting wealth. You do not need to be an expert to begin. You simply need the courage to take the first step and the willingness to learn along the way. Every successful investor started where you are now, wondering if they could do it. The difference is that they decided to act. The life you want, the freedom you desire, and the future you envision will not build themselves. Start building something that belongs to you. Call today and learn how to get started in real estate investing. John MacDonald, Core Partners Realty, 717-495-2443

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINGAR HAS A "ONE-TWO" PUNCH…

1) Looking for less disease and fewer internal/external parasites this year? THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) The ENERGY and ENZYMES from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. The minerals in your feed are 90% bio-available .

The drier your feed, the better this ACV works!

How would you like a summer where your calves gain more and have less pink-eye?

Looking for your milk bonus?

A farmer wrote to us saying how he lowered his cows SCC and his milk inspector is really pleased. This is what he did:

1. CMT every cow in the barn.
2. Mark all high quarters with a crayon.
3. Use Hornet Udder Tonic on those quarters once a day for 3 days.
4. Cover every quarter with Super Cow Udder Mint twice a day for 7 days.

The money he spent on his cows, he received back from the bonus!

1 bottle is enough for 4 quarters

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

ADVANCED LIPOSOMAL SUPPORT FOR LYME DISEASE & TICK PROTECTION

15% off until Aug 31,2026

CRYPTOLEPIS

~~$33.75~~ **$28.69**

Advanced Liposomal Support for Lyme Disease*

Cryptolepis is a traditional botanical, clinically recognized for its ability to support the body in the treatment of Lyme disease and other tick-borne infections.*

It helps promote a healthy immune response, supports the body's natural detoxification processes, and encourages a balanced microbial environment.*

Ideal for both early-stage and persistent Lyme challenges, Cryptolepis works in synergy with the body to help restore vitality and long-term wellness.*

METHYL B-COMPLEX + LEMON RASPBERRY

~~$37.50~~ **$31.89**

Advanced Liposomal Protection That Works at the Source*

Liposomal Methyl B-Complex supports the body's natural defenses against ticks. This advanced liposomal delivery system helps B-vitamins bypass the digestive tract and is absorbed directly through the oral mucosa, entering the bloodstream rapidly for optimal bioavailability and utilization.*

This internal support helps maintain a balanced biochemical environment that is less attractive to ticks, helping you enjoy the outdoors with greater peace of mind.*

NOTICE:

Lyme disease continues to be a growing public health concern. Research indicates that the prevalence of Lyme disease in ticks is increasing:

- In a 2020 study in Germany, 10% of 1,000 ticks tested were carriers of Lyme disease.
- In a 2026 follow-up study, 90% were carriers.

Early detection and timely intervention are critical. The first 3 days are the most important. Begin treatment immediately to help prevent the spread of pathogens to cells and tissues.

5 DAY TREATMENT. TRIED. TESTED. TRUSTED.

Every time a tick finds the wrong place to attach, be prepared.

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.
– Dan Stoltzfus, Pennsylvania

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.
– Leah Miller, Ohio

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!
– Kathyrn Yoder, Missouri

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.
– Sue Albrecht, Michigan

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing. I've already told many people to call you.

Vistalife's Relievion is formulated with carefully selected ingredients designed to help support the body's natural response to discomfort and promote overall wellness. When used as part of a comprehensive health plan, Relievion may help individuals maintain comfort, mobility, and a better quality of life, allowing them to focus on the activities they enjoy most.

Why These Ingredients Work Together

Relievion combines five scientifically researched ingredients that address pain and inflammation from multiple angles. Curcumin C3 Complex® and Bospure® help support a healthy inflammatory response. Collavant® n2 focuses on joint structure and cartilage support. AstaReal® helps combat oxidative stress that can contribute to discomfort and tissue damage. Curcumin C3 Complex® and Bospure® are well-known botanical ingredients that may help promote a healthy inflammatory response. Curcumin, derived from turmeric, has been widely valued for helping soothe occasional joint and muscle discomfort, while Boswellia may support flexibility and ease stiffness. Together, they may be especially helpful for people who want daily support for knees, back, shoulders, and other areas affected by inflammation.

Andrographis, known as andrographolides, have been extensively studied for their ability to help support the body's normal inflammatory response and promote overall resilience.

ParActin® may be particularly beneficial for individuals experiencing joint discomfort, stiffness, or physical stress associated with daily activities. Clinical studies have demonstrated its ability to support joint comfort, mobility, and physical function while helping maintain healthy inflammatory pathways. In addition to its role in pain and inflammation support, Andrographis has been recognized for supporting immune system function and overall wellness. Its inclusion in Relievion helps create a more comprehensive formula that addresses multiple factors contributing to discomfort and reduced mobility.

TESTIMONIALS:

And God said, "Let there be light."
Genesis 1:3

What if that first light is still woven into your design, and your body knows how to use it for natural daily support?

The founder of Lifewave®, a man of Christian faith, spent decades studying God's creation of light and its connection to the different systems of the human body.

He developed light reflecting patches that signal the daily production of key amino acids and peptides inside the body (similar to how **sunlight signals the production of Vitamin D** through our skin each day).

A mixture of salts, sugars, and amino acids are slowly dried to a precise size and spacing - allowing the patch to trap incoming body heat and adjust the reflected wavelengths back to the body (different wavelengths for different patches)

Wear for **12 hours at a time**, use daily for 6 months for best results

Many report more energy, sharper focus, and better sleep

WHY DOES DISC PAIN KEEP COMING BACK?

Special Health Report

What Thousands of Patients With Disc Problems Have Taught Us About Why Some People Improve Temporarily While Others Continue to Struggle

By Midwest Disc Clinic

FREE RECORDED HEALTH REPORT

Available 24 Hours a Day by Phone

- ✓ No Appointment Required
- ✓ No Internet Required
- ✓ Listen from Home
- ✓ Available Anytime
- ✓ Private and Confidential

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — **D. Hershberger, Nashville, MI**

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — **D. Troyer, Randolph, NY**

In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

BRIGHTER DAWN

Private Membership Association RETREAT

151 Riegles Church Road | Millersburg, PA

Call 717-447-2910

HISTORY: The Retreat was established in 2015, supported by the communities, along with a clinic that was the size of our one-room schoolhouses. In 2018, an addition was added to the Retreat; used for counseling offices, a caregiver station, a resident workshop, and a caregiver dorm area. In 2023, construction started on a subdivided lot for a large 2-story building to provide wellness therapies, medical and functional services, supplement shipping, and a health food store. The new building was intended to support those departments, while the original Brighter Dawn Retreat continued to offer care for the physical and emotional needs of its residents from the conservative communities.

PRESENT: Brighter Dawn Retreat, the original house and property, is still in operation and offering a lot of the same services that were in the original clinic, including supplement sales and health consulting. The new building is presently closed, however, there is community interest in a new business model and financing for the new building, staying with the community wellness vision, but separate from Brighter Dawn Retreat. Meanwhile, at the Retreat, we are here to serve you! For scheduling, call 717-447-2910, Monday through Friday.

FUTURE GOAL: To serve our neighbors, far and near. To continue building a healthy lifestyle. To offer medical alternatives at affordable costs. To serve our Almighty God, in respect and awe... Caring for the weak. 1 Thess. 5:14

Our annual Open House/Supper is scheduled for July 14th, 3-6 PM with financial reports, talks, and a pottery presentation.

NINA LAVON BAGS

Feeling incredible comes down to simple science.

Calm the nervous system. Sleep more soundly.

81% sleep through the night when using a weighted blanket

60% feel less anxious after using a weighted blanket

Try the **Tencel Cooling Tree Napper** for the effect of the cool side of your pillow the whole night.
NEW COLOR: Lemon Icing

Frequently asked Question

What is the best way to wash my Napper?

Wash separately in cold water, using mild detergent. If in a washer, select a delicate or permanent press cycle. Avoid fabric softeners and bleach. If using a dryer, tumble dry on low heat. It may take several cycles.

Do not hang on a clothesline to dry, it is very heavy when wet, and prone to stretching. It works well to drape it over a Lifetime table in the sun, and should be dry in roughly the same time period as a comforter. However, for the easiest washing process, take it with you next time you go to the laundromat.

TOO BUSY IN YOUR BUSINESS TO WORK ON IT?

Between the orders, the deliveries, and keeping the ledgers up by hand, there's rarely a quiet moment left to step back and ask the bigger questions: Which jobs are actually making money? Where is the cash really going? What should next season look like?

That's the part we help with.

HOW IT WORKS

- Hand off your ledgers, receipts, and order books — paper is just fine.
- We organize everything into clear, easy-to-read reports.
- We'll take your paper sheets and build spreadsheets for bonus and commission structures, and any other custom spreadsheets you need.
- No computer, email, or software needed on your end.
- You get straight numbers to make better decisions for the business.

SPREADSHEETS & REPORTS WE BUILD

- Bonus and commission structures for your crew
- Job costing and pricing worksheets
- Inventory and order tracking sheets
- Cash flow and budgeting summaries
- Payroll and hours summaries
- Custom spreadsheets for whatever paperwork you hand us

You work IN the business. We help you see it.

5 Bedroom Home on 2.4 Acres

Price Reduced

212 Cedar Dr. Leola, PA 17540
Lancaster County

Nearly-New Country Homestead on 2.4 Acres — Warwick Schools

Built in 2022, this 5-bedroom, 2.5-bath two-story delivers something rare: modern construction on usable, agriculturally zoned land. Inside, you'll find a custom kitchen, a convenient first-floor primary suite, and three-zone radiant floor heat that keeps every season comfortable. The full walkout basement — complete with a second kitchen — is ready for in-laws, entertaining, or a home business. Step out onto the 470-square-foot TimberTech deck and take in the open land beyond. The property itself works as hard as the house. Over an acre of woven-wire fenced pasture, a two-stall horse barn, a three-run dog kennel, a large garden, a small stream, and a stone-walled carpeted playground give you room for animals, hobbies, and family life. Solar panels, a propane backup system, and a compressed air tank support true off-grid capability. For the forward-thinking buyer: this corner lot fronts three roads with roughly 750 feet of total frontage, opening the door to potential subdivision or business use under its Agricultural zoning. Newer build, real acreage, and flexibility you won't find twice — all minutes from Leola convenience.

RETURNING HOME TO LANCASTER COUNTY

Looking for One Farm to Call Home

My wife and I are planning a return to southern Lancaster County and are looking for one farm where we can establish our home and enjoy the rural way of life for many years to come.

Although I was born and raised in Lancaster County and still have many friendships and connections within the Plain community, it has been many years since I lived here full-time. We hope to return, put down roots, and become part of the community once again.

WE ARE LOOKING FOR:

- 10–30+ acres (larger acreage is welcome)
- Drumore, East Drumore, Fulton, Little Britain, Providence and surrounding areas
- Rural, quiet setting
- Suitable for horses, dogs and agricultural use
- Existing home or vacant land
- Agricultural or rural zoning
- Barns and outbuildings are appreciated but not required
- Older homes, farms needing repairs, or deferred maintenance are welcome
- We are interested in farms with potential—not just perfect properties.

OWN MORE LAND THAN YOU NEED?

We may be interested in purchasing a less desirable piece—such as wooded ground, poorer soils, land behind a home, or a smaller parcel—that you would like to separate and sell. Let's talk about the possibilities.

If you have considered selling, or know someone who may be, we would be grateful for the opportunity to visit with you. Many of the finest farms in Lancaster County change hands quietly through family, friends and neighbors, and we appreciate that not every property is publicly advertised.

We are well-positioned to make a straightforward purchase and can work with your preferred timing, whether that means moving quickly or allowing additional time if needed.

REALTORS WELCOME
We are happy to work with realtors and appreciate your help.

YOUR INTRODUCTION IS VALUED
If your introduction leads to our purchase of a farm, we are pleased to compensate you for your help.

CALLS, TEXTS & EMAILS ARE WELCOME
Please, no Sunday calls or texts.

JOB A. & KIMBERLY S. WOODILL
703-585-3539 • Job.Woodill@LMCD.US

We are looking for one farm to become our home and be part of the community.
Thank you for your time and consideration.

Urgent Scam Alert: Protect Yourself from Fraud

We've been alerted to a sophisticated scam, where fraudsters are impersonating bank Fraud Departments in an attempt to steal personal and financial information.

Here's How the Scam Works:

- Scammers call pretending to be from your bank's Fraud Department, warning you of suspicious activity on your account.
- They send a follow-up email or text with a link, urging you to download an app or software to "secure" your account. In reality, this gives them remote access to your device.
- Next, they instruct you to visit your local branch and withdraw cash, insisting you keep the reason secret by falsely claiming, "Our employees are involved in the fraud."
- They stay on the phone with you during the transaction, collecting more personal information and directing you to mail the cash to them under the guise of protecting your funds.

Stay Vigilant!

- Your bank will never ask you to download software or apps, or to withdraw cash over the phone.
- If you receive a suspicious call, **hang up immediately** and contact your bank.

Your safety is our top priority. Please share this alert with friends and family to help prevent further scams.

Fleeing fighting IN MYANMAR

Heart-wrenching suffering continues for those caught in Myanmar's ongoing civil war. Villages turn into ghost towns as innocent men, women, and children flee into the jungle to escape bombs and air strikes. More than 3.7 million people are displaced inside Myanmar, and thousands more have fled to neighboring countries.

The fight for survival is real, as people search for streams, rivers, or other places for a clean water supply. As streams and springs dry up during the dry season, some people need to move again. Make-shift structures, with only leaves or tarps for roofs, become homes for throngs of refugees. People try to raise chickens and hunt small birds as a source of meat—most are able to have meat only twice a month.

"Will this war ever end?"

A father named Ali* gathered his family and fled to Thailand when fighting erupted in his village in 2021. "Numerous times throughout the past five years my family and I have had to flee . . ." Ali told a CAM staff member. He continued sadly, "We just want to settle down and live a normal, quiet life, but that seems impossible. Will this war ever end?"

For the past year and a half, Ali worked for a farmer in Thailand. The farmer pays Ali $5 USD per day and allows Ali and his family to live on a hillside near his fields. "Obviously, this is not enough to sustain us, but I have no other way to provide for my family because we are refugees," Ali concluded. "I have built a small house out of bamboo, using second-hand metal for a roof. The roof leaks, but we are thankful to be alive and together as a family."

How can you help?

CAM is partnering with pastors and local churches to supply food and other aid to people who are suffering from the war. Your support helps provide food and other aid. Tarps for temporary shelters are provided along with blankets. As distributions take place, the Gospel is preached. Bibles and Bible story books are made available for Christians and to those in search of truth.
