Editor's Corner

Hello April,

Let your gentle showers and blooming flowers bring joy to every hour. Sunshine, Warm, Cold, And Rain. The Weather is a little undecided yet. "God is in control." On this Good Friday may we never forget the true meaning of Easter, "He has Risen, Have faith in him... And he will always be there for you!" May we carry the spirit of Christ's love in our hearts today and always. You all have a blessed week.

Thanks for your Business!

God Bless,
Ruby Yoder

ARE YOU DREADING
Allergy season??

DON'T SUFFER FOR 19 YEARS LIKE I DID!!
For years I struggled with severe seasonal allergies (Spring & Fall) along with food sensitivities, headaches, chronic hives, chronic fatigue.... All this was part of my miserable everyday life. Thousands of dollars were spent as we searched for help to fix my "leaky gut". Every health practitioner was able to tell me my problem but not one of them was able to help me fix it. It was very depressing. Seven years ago we were introduced to WHOLE FOOD NUTRITION from Tranont and what a life changer! These 7 years have been the best years of my life. All honor and glory to God, our true healer.

Change Life TRANONT

IF YOU ARE SERIOUS about improving your health and getting ahead of your issues.... It's time to get **SERIOUS** about ingredients!! Did you know that over 95% of supplements today contain synthetic (manufactured) ingredients?? Our bodies were not created to recognize and use these foreign substances! These are NOT what our body needs to heal.

DISCOVER the benefits of REAL WHOLE FOOD NUTRITION!

**Struggling? Frustrated?
Not getting mares in foal?**

Tests have shown significant increases in conception rates, including on foal heat, and with difficult mares.

NWM's New Broodmare Mineral was developed to address a common frustration among farmers and breeders, struggling to get their mares in foal. The success in testing speaks for itself. Ask your local dealer for more information on this exciting new product, and to see testimonials from breeders in the trial.

If you want better nutrition.... you need to start with better soil

Biochar blends available for various farming needs, call for more information.

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

TURN YOUR PLOT INTO A DEER MAGNET

Top-Tier Corn and Soybeans Options
for High-Impact Food Plots

ENERGY STAR CORN (NON-GMO)

Energy Star Corn (Non-GMO) is highly digestible and high-energy, separating this unique white corn from any other corn. This helps to provide more energy and health for the deer herd through the rigors of winter.

BUCKHEAD CORN (NON-GMO)

This corn is a high-nutrition, glyphosate-tolerant corn developed for wildlife food plots. It produces grain with higher oil, protein, and calorie levels than standard field corn, making it valuable during late season and winter. Deer show strong preference for this variety.

REAL WORLD GEN 2 SOYBEANS

A blend of four soybean varieties designed specifically for wildlife food plots. They produce both heavy forage and grain that remain available throughout the hunting season, even after frost.

WE ALSO CARRY NUTRICRAVE CORN

REAL PEOPLE REAL RESULTS TRY US CALL TODAY!

"We do realize it's often we read about positive testimonies and we wonder- is this really the answer or as good as it sounds? But that's what it is with our story- After starting your recommendations and products (and only 3 at that!) we had total improvement in only one week! We have tried various remedies before- none which seemed to help enough, once we did a blood test we realized sometimes one of the most important things are first knowing what your body needs. Although, we do first owe thanks to God for his healing and answered prayers. We also want to take the time to thank Dr Sladic for your time and help." - **NZ, Pennsylvania**

"I had a serious thyroid issue. Suddenly, we saw Dr Sladic's ad in the budget. Is this something we want to try? Knowing we had to do something we called Tom and followed his directions. We have no regrets!! I stopped all of my other products and started Sladic's program. My health climbed upward right along. To this day I thank God for his leading and healing." - **L Vutzy, Iowa.**

"Our family doctor put me on a thyroid prescription and increased my dosage three times over the next couple of years. But, it didn't seem to make me feel better. My health issues continued to get worse. After a thorough test Dr Sladic Started me on his program. It was clear other issues were contributing factors. Now after six months, I am not taking as many products and feel stronger and healthier than I have in years. If you're struggling with health issues I would definitely recommend you give this a try." - **D.S. New York**

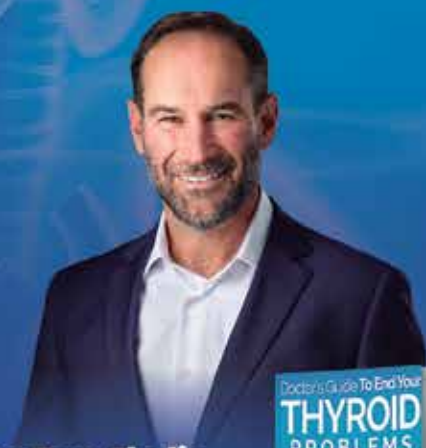

"I had multiple miscarriages and some digestive issues. I felt wonderful on your program with the diet I was following, no digestive issues at all! It helped to know what I should take to help my body heal. Right at the end of your program I became pregnant again, which was much sooner than I usually was able to." - **K Wengert, Ohio**

"I felt tired most of the time. I also had thyroid nodules. After doing your program I feel more alert and have more energy and less sick. I can do most of a days work, without needing to rest. I would recommend this program to anyone that wants to do it naturally. All people involved are very understanding and helpful. I am thankful to god for this option." - **A Yoder, Ohio**

"I found that I had a sensitivity to vitamin B12 supplements. I am always fatigued, I am very sensitive to fillers which explains my cupboard full of supplements that I can't take. After a blood test I found I had anemia, high cholesterol, and thyroid issues. After your program, my fatigue is 75% better. My second blood test showed my cholesterol lower, my anemia improved and my thyroid antibodies are gone. Thanks for your time and patience, you got a wonderful thing going. I appreciate that you didn't put me on twenty plus pills. I am only on five different supplements from you. May God bless you." - **M.H. Montana**

"I was struggling with postpartum depression, psoriasis and low energy. After your program, I can think more clearly and positively. The work doesn't overwhelm me like before. The psoriasis is slowly still improving and my energy is much better. Dr Sladic taught me how to eat better which has been a big help to our family. Thank you for your help during my journey to better health. To God be the glory." - **K. Yoder Ohio**

You can **stop** sleep breathing disruptions tonight.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."
Elva Chupp

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.
Sweet Dreams.

Replace your restless nights with Sleep Breathing Support™

Sleep Breathing Support™ by Nature's Rite is a natural way to reduce sleep breathing disruptions and achieve a restful night.

30 Capsules ~~\$45.99~~ **\$36.79**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation. Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

The Cause

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

If you want to know whether it will work for you, then you have to try it.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

The Solution

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

INTOLERANCE TEST

Food Sensitivity Test

Just mail in a hair sample, contact information, date of birth and \$100 payment to:
 Many Words Herbs, 1176 US RT 302, East Barre, VT 05649
 You'll receive your test results with in 15-30 business days.

Food intolerances can also lead to chronic diseases by creating inflammation within the body. It's a well-known fact that all disease starts with inflammation. It's like putting watered-down gas in your Honda engine. We all know what happens when you do that!

Imagine what years of inflammatory foods can do to your body over time? We'll do a simple DNA test that recognizes what 600+ different foods/non-food products are causing your body the most harm.

We'll also test you for the 80+ essential minerals, vitamins and nutrients. This portion of the test is a good balance to creating a healthy lifestyle and can boost the immune system and reduce your intolerance levels simply by adding recommended foods to your diet.

in the business!**

ROUNDHOUSE

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys: Low F, G, A, Bb, C, D, and E* | **\$29.99**

KNITTLINGER

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger - it goes as fast as any player can play it!

Keys: Low A, Low Bb, Low C, and Low D* | **\$99.95**

BLUES SHIFTER

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb, C, and D* | **\$89.99**

THE DELTA

FROST COLLECTION - The workhorses of the Bushman brand The Delta Frost comes in 3 different comb choices - Original (plastic), or you can get the Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians. Traditional, old school design.

Original Keys: Low D, Low E, Low F, G, A, Bb, C, D, and E* | Steelie and Woody Keys: Low F, G, A, Bb, C, D, and E*

\$29.99 | **\$44.99**

Quickly learn to play popular songs even if you don't know how to read music! This popular harmonica instruction book teaches the basics like how to hold the harmonica, and how to play single notes, and then it teaches more advanced skills like how to tongue block in order to Double Two Rattle, how to bend notes, and how to harmonize with others! It ends with the very important, rarely known topic, Harmonica Care & Maintenance Guide. That one section will save you many times the cost of the book!

\$9.95

DINKY

Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable. Here you get all 3 Keys for one low price! G (Yellow), A (Navy), and C (Black)

3 Pack: **\$14.99**

* All Keys on this page are listed from Lowest to Highest.

I have experienced deeper and more restful sleep with my Bearaby. I love the coolness and weight of it. I wouldn't want to sleep without it!

R. Hershberger

Did you know, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

**Most businesses buy insurance.
Some businesses own it.**

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

VISION BEYOND BORDERS

Over Six Million Bibles Delivered Across the World

Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it.

- Hundreds of thousands sent to Venezuela and Cuba.
- Actively working to get Bibles into the hands of Iranians who are seeking truth.

In many places, access to Scripture is limited, restricted, or financially out of reach. Yet the hunger for God's Word continues to grow.

We are printing and distributing Bibles to:

- Churches and believers who cannot afford one
- Prisons and drug rehabilitation centers
- Rural villages and underserved communities
- Nations where Scripture is difficult to obtain

Will you help send Bibles today?

\$4 prints one Bible

\$100 provides 25 Bibles

\$1000 provides 250 Bibles

Any amount blesses the thirsty hearts.

Address:

PO Box 2635
Casper, WY 82602

KAUFMAN REALTY & AUCTIONS

The View from Here By Aaron Miller
Why isn't my property selling

That's a loaded question if there ever was one! Today we're going to tackle why some properties sit on the market for more than 90 days without generating the kind of offers that actually get them sold. This mostly applies to traditional listings, but if you use your imagination, some of the same principles apply to auctions as well.

Now before we go any further, let me be clear: this is my opinion. Others in the real estate world might have their own theories. But after nine years as a realtor and more than twenty years dealing with land and property in one way or another, I've formed a few thoughts. Shocking that I would have an opinion, I know.

Most people assume the problem must be the pictures, the marketing, the advertising, or maybe even the agent. In reality, most of the time it comes down to two things: price and location.

There are always exceptions to every rule in real estate, but here's what I've seen time and time again. When a property hits the market, people who might be interested will almost always find out about it. Between the internet, social media, neighbors talking, and someone's cousin's brother-in-law driving by, word tends to get around pretty quickly.

But if the price is too high, buyers simply won't make an offer. They might look at it online. They might even drive by. Some may schedule a showing. But when it comes time to write an offer, they disappear faster than a free donut in a real estate office.

When that happens, the property becomes what we call "stuck" on the market. After a while, sellers naturally start wondering what's wrong. They may question the marketing, the photos, or what the agent is doing. To be fair, it's not a bad thing for sellers to stay engaged and ask questions. Good communication is part of the process.

The challenge comes when the market has already given us the answer and nobody wants to hear it. If showings happen but offers don't, the market is usually trying to say something about the price.

Location can play a role too, but that might be a topic for another column.

At the end of the day, when you hire a realtor, we work for you and we will follow your direction. We're happy to do so. Just remember that when the market speaks and we don't listen, it can lead to frustration—and sometimes a property that stays on the market longer than anyone planned.

That's the view from here. Until next time.

WORLD HUNGER FUND

Food, hope, and fellowship in Venezuela

Article space donated to CAM

CAM contacts in Venezuela work tirelessly to supply nutritious food for the most vulnerable—children, the elderly, and families facing economic hardship. Their mission is to restore dignity, nourish bodies, and build hope, one meal at a time.

Volunteer coordinators oversee a network of church-run food kitchens that provide food for the hungry. When people come to get their hot meals, they also receive spiritual encouragement and Christian literature. As the church works among its own people, they endeavor to create an environment of care, hope, and fellowship that points to the Father God.

A recipient named Doriannys shares, "In my house there's nothing to eat, my dad is in prison, the money my mom earns cleaning doesn't stretch. . . ."

Thank God for our Bible class and the teachers, who bring food and the Word of God, no matter what happens."

Please pray for the people of Venezuela as they face significant uncertainties. Your support provides help and hope amid trying times. Thank you!
