Editor's Corner

Hi everyone,

"September ends, but the memories remain." Time flies. Yesterday is history. Tomorrow is a mystery. Today is a gift. That's why it's called the present. Days and weeks are just flying by. You don't realize how fast time goes until you look back and see how much has happened. So, just enjoy each new day you are given. You never know when it will be your last.

Thank you for advertising with the Busy Beaver. We can help you sell anything from A to Z. See page 7 & 8 for more information.

Make it a great day!

THE COLD AND WEARY

A channel enabling the church to minister to physical and spiritual needs around the world

Winter is coming. For most of us, that means pulling a warm coat from the closet, putting on a pair of fleece-lined boots, and wrapping our children in cozy blankets. Imagine facing winter with few of these things. You could live in a refugee camp where temperatures plunge at night. Biting winds sneak through the cracks of the makeshift tarp doorway. The cold leaves you shivering, but the hardest thing of all is watching your children go without warm clothing or shoes—knowing you have little money to buy them.

This is reality for many people in Syria, Yemen, and other countries. To many, winter brings a sense of dread. Months of hard work and saving allow some parents to buy clothes for their children, but for others, this is nearly impossible. In refugee camps, employment opportunities are scarce. And no work means no income. No income means no warm clothes.

Omar,* a Syrian father, once provided for his family of five. Then an explosive device detonated near him, leaving permanent scars across his face and body. He was left blind.

But Omar says the physical darkness was not the deepest pain. Even more heartbreaking was watching the darkness that gradually settled in the hearts of his children. He could hear their crying and knew the uncertainty that had become part of their lives frightened them. War had taken away their safety and replaced it with fear.

One day, the family received a box of donated second-hand clothing. The children rejoiced! "The clothes were not simply pieces of fabric. They were a touch of love that helped mend

our hearts. They were also a great lesson for my children that goodness never dies," Omar shared gratefully.

He continued, "I thank you from the depths of my heart—a heart that may no longer see with its eyes, but can see your love. I pray that God will richly reward you for all you have done for me and for my family."

Ali, another Syrian father, lost his home because of war. The family of four fled for safety, leaving behind their belongings, clothes, and home. "But God is always present, even in the most difficult moments," Ali told our contact. "He sent people to stand beside us and provide what we needed when we had nowhere else to turn."

Ali continued, "We extend our heartfelt thanks to the persons who sent the clothes . . . you embraced us like a mother, offering us both practical and emotional support when we needed it most."

Thanks to funds from supporters, needy families like Ali's and Omar's can receive bags of gently-used, quality clothing. Your gift can meet a practical need while also reminding a hurting family that someone cares—and that God has not forgotten them.

While we receive about the right amount of donated clothing and kits each year, we have a significant need for funds to ship and responsibly distribute these needed items. If you wish to help with this need, your support will be greatly appreciated!

Not getting mares in foal?**

NWM's New Broodmare Mineral was developed to address a common frustration among farmers and breeders, struggling to get their mares in foal. The success in testing speaks for itself. Ask your local dealer for more information on this exciting new product, and to see testimonials from breeders in the trial.

Prime Examples that it Works!

"Myer Pellets are very cost effective and easy to use. They keep all my horses in top body condition. But what I like best is the way it makes my weanlings and Yearlings grow."
-Wisconsin Customer

"I raise Commercial horses and I like to put my weanlings on Myer Pellets when I wean them till I bring them in as yearlings for the sale. It cuts my grain cost in half, plus they look ready for the sale."

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINGAR
HAS A "ONE-TWO" PUNCH...

1) Looking for less **disease** and **fewer internal/external parasites** this year? THIS ACV has an alkaline forming response in any mammal's body, which is your shield against those issues.

2) Wanting to stretch your hay and pasture by 20%? The **ENERGY** and **ENZYMES** from the Whole-Apples contained in this vinegar are ALL still intact to help boost your livestock's digestion of any feed. Minerals in the feed are 90% bio-available versus the 20% in most mineral mixes.

The drier your feed, the better this ACV works!!!

It's time to THINK SPRING

Now is the time to apply Ohio Valley BioChar to your fields and gardens!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our BioChar is steam activated carbon that is beneficial for our soils and animals

- BioChar creates a biology in your soil that saves money on fertilizer inputs.
- BioChar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- BioChar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.

– **Dan Stoltzfus, Pennsylvania**

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.

– **Leah Miller, Ohio**

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!

– **Kathryn Yoder, Missouri**

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.

– **Sue Albrecht, Michigan**

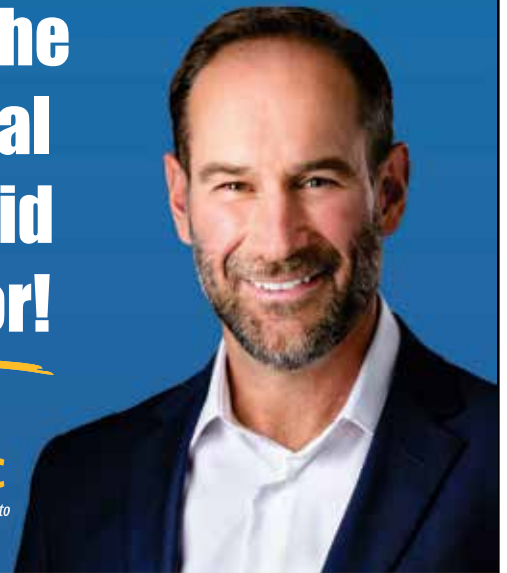

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing, I've already told many people to call you.

LIFESTYLE

We believe the root cause of all dis-ease in the body comes from toxicity and deficiency. We believe the foundation of the body are cells, and our protocols focus on providing the body building blocks it can use to restore every cell in the body.

The most foundational component of every organ system and every part of your body is the cell and the structures within it. Your body is made up of over 30 trillion cells. Focusing on restoring your cells will move your body from a place of dis-ease to rest-oration. We do not focus on detoxing because we understand when the energy and structure is restored to the cells, your body will detox on its own at a pace that your system can handle.

Each Protocol will provide information and guidance on optimizing:

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs tonight.

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.

This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well; I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up." Elva Chupp

30 Capsules ~~\$45.99~~ **\$36.79**

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, **restless legs**, and nighttime **leg cramps** with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

- TO IDENTIFY THE ROOT CAUSES OF THE INFLAMED BRAIN.

PANS / PANDAS ??

Pediatric Acute-onset Neuropsychiatric Syndrome (PANS) and Pediatric Autoimmune Neuropsychiatric Disorders Associated with Streptococcal Infections (PANDAS) are conditions causing severe onset of OCD, tics, intense anxiety, moodiness, irritability, behavioral regression and sensory sensitivities. They are autoimmune responses causing brain inflammation often triggered by various infections. Symptoms often appear "overnight" or "out of the blue", creating a dramatic change in behavior.

“Down 26 pounds and feeling amazing!
Marcia Blanco

This is the first product in my life that has truly made a difference and delivered real results. After 5 years of living with constant back pain... it's gone.

“After 10 years of struggling with mobility due to arthritis in my knees... the pain is diminishing day by day. My energy is through the roof. My mind feels sharper, clearer, and more creative than it has in years. And yes... I'm naturally releasing unwanted body fat. I feel incredibly grateful every single day. Life is truly magnificent.

WHY DOES DISC PAIN KEEP COMING BACK?

About Why Some People Improve Temporarily While Others
Continue to Struggle*

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — D. Hershberger, Nashville, MI

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — D. Troyer, Randolph, NY

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

**Most businesses buy insurance.
Some businesses own it.**

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

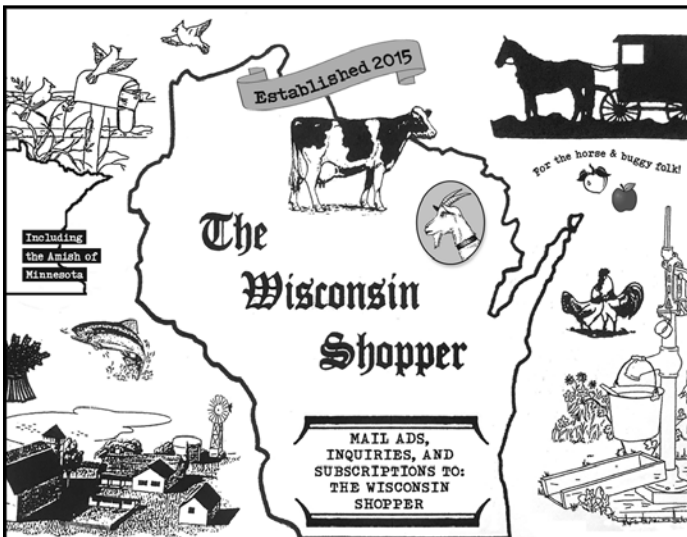

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

Kingdom Focused Business Education

- I've never really liked the word "Sales" and am not really sure I want myself or my business associated with the word.
- I don't really understand what an effective Sales process looks like or what makes Sales different from our marketing program.
- If it can be honorable to focus on Sales, then I would like to learn more about how to do it in a way that honors the Lord and serves people.

INSTRUCTORS: Leon Wengerd & Matt Schlabach

Registration is due two weeks before workshop date. **\$635 per attendee for two days.** Includes: Lunch both days, student workbook with instructional content and workshop activities.

ABSOLUTE MONROE COUNTY REAL ESTATE AUCTION

39.45+/- ACRES – MOSTLY WOODED – TIMBER – OLDER HOMESTEAD – EXCELLENT HUNTING –
DEAD END TWP. RD. – LEE TOWNSHIP – MONROE COUNTY – OHIO – OPPORTUNITY KNOCKS!!!

THURSDAY, OCTOBER 1ST STARTING @ 6:00 P.M.

AUCTION HELD ON LOCATION @

38559 PATTONS RUN RD. – SARDIS, OHIO 43946

DIRECTIONS: From Route 7 in Sardis, go West on St. Rt. 255 (Muskingum St.), follow for 2/10ths of a mile, turn left onto Benwood Rd. (CR 10), follow for 1.2 miles, turn right onto Pattons Run Rd., follow to the end for 6/10ths of a mile to auction site. Signs will be posted.

Opportunity knocks w/ these 39.45+/- acres. When we toured this property in mid-July, one of the first things that caught our attention was the mature white oak timber. We simply have not seen white oak of this size on many properties for a long time! There are virtually no visible signs of recent timbering, including old logging roads, making the timber one of the real highlights of this offering. This Monroe County property is predominantly wooded and offers an excellent combination of timber, hunting, water, privacy and an old country homestead. Situated at the end of a Township Road, the property offers outstanding privacy and seclusion. Improvements include an older two-story farmhouse in need of extensive repair, along with another ranch styled-home that offers 2 bedrooms, full bath, kitchen, living room and basement. It was most recently used as a hunting camp/base, and would definitely make a very nice hunting camp and or weekend getaway. Also located on this property is a classic early 1900s era barn, two car detached garage and carport. Electricity is also on site. This property has all the ingredients of an excellent recreational tract. We observed plenty of deer sign along with well-established generational trails throughout the property. Three small streams dissect the acreage, providing natural water sources for wildlife. The property should offer excellent opportunities for white tailed deer and wild turkey, and you may even see the occasional black bear wander through this part of Southeast Ohio. The surrounding properties are similar in nature consisting primarily of farmland and wooded acreage, adding to the privacy and recreational appeal of this tract. Despite its secluded setting, the property is only a short drive to Sardis, Ohio or New Martinsville, WV for conveniences. Whether you're looking for hunting property, timber investment, recreational getaway, hunting camp or secluded piece of Southeast Ohio land, this property deserves a look. Opportunity Knocks!!

-FEEL FREE TO WALK PROPERTY AT YOUR OWN RISK AND CONVENIENCE-

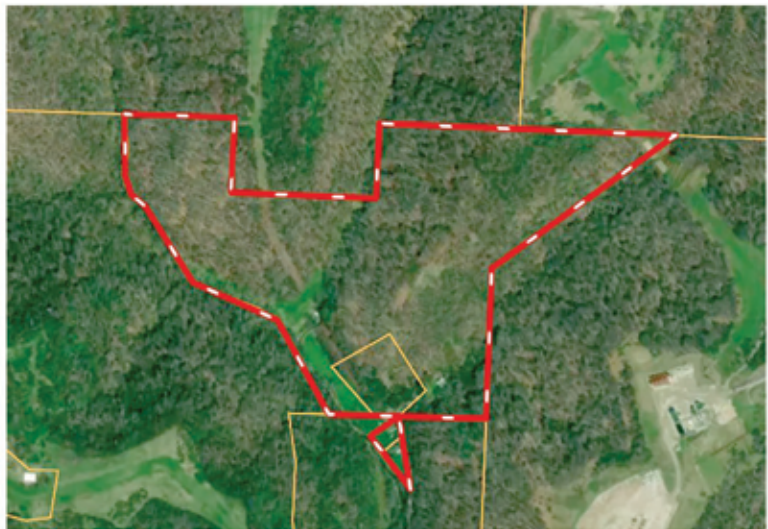

HOME AND BUILDINGS WILL BE OPEN AT 4:00 P.M. ON DAY OF AUCTION FOR VIEWING-

TERMS ON REAL ESTATE: There will be a 10% buyer's premium added to the final bid to determine the contract price.

Successful purchaser(s) will be required to deposit 10% of the contract price as a non-refundable down payment the day of the auction, with the balance due at closing (within 45 days). This property will sell "as-is, where is" w/no warranties implied or expressed. Property will sell with no contingencies, financing or otherwise. Property will be offered as one tract and sold as a lump sum. Sellers are reserving unto themselves, their heirs and assigns all oil and gas and other hydrocarbons they may own, so no minerals will transfer with land. Secure Title will manage the closing. All information contained herein was derived from sources believed to be correct, but not warranted. Any announcements on the day of auction will take precedence over any and all printed material.
