Editor's Note

Greetings!

August seemed to have sped by! The weather has not quite turned to fall just yet. It was quite steamy the other day - I got into my pool for possibly one last time, which was very cold. Some items in our garden seem to be slowing down in growing, while others, like eggplant and spaghetti squash are still going strong.

REMINDER: I will be in Florida till September 15, traveling home on the 15th. I will be unavailable that day, but I will return all emails and calls the next day.

Thank you!

Renee Lama - Editor

Maximum Performance Horse Supplement

Pellets for Horses that are Picky Eaters or Have Ulcers. Also Great for Driving Horses & Stallions!

Here is a young colt with two hind Ankle OCD's and really wormy Date 6-9-20

Hay and grains have fewer minerals today. You really need to supplement for peak performance and breeding nutrition.

50 lb bag-granular, \$150
lasts five horses—1 month!

50 lb bag-pellets, \$135
lasts one horse—50 days!

Here is the colt 57 days later with NO OCD's in either hind leg and a beautiful shiny coat at 7-27-20

Mr Schwartz's mare was running off with his girls, biting them, he knew she had an ulcer, 15 days on the pellets, she is so calm, warms up nicely, goes longer, stronger and cools down faster. Wow, he was so excited, he wants to breed her, instead of giving her away.

Mr Miller says he had never had stronger colts, jump up right out of the bag, run around the stall and jump over the mare, before she got up. His best year breeding, mares strong after foaling, strong babies, plenty of milk. It was a dream foaling season. He will keep his mares on mp while in foal and after.

Mr Yoder had tried to breed his favorite mare for 12 years, after 30 days on MP she checked in foal. He is so excited.

Mr Yoder bought a mare they said was lame, could only be bred. He put her on mp and 15 days, she was bucking coming out of the barn. He hooked her to the cart and off she went straight down the road. He called and wanted to be a dealer. He said, "Anyone with a driving horse needs MP. This is the greatest stuff for driving horses!"

Driving horses are under a lot of stress, many have ulcers, tendon issues, hoof problems. There are few minerals in our feed, and this supplement provides what they need to perform at their best, sweat less, warm up faster, cool down faster, and improve hoof quality.

1. If you want to reduce ulcers.
2. If you want to increase stamina and reduce recovery time—may see a difference in 5 days!
3. If you want to increase oxygen for better stamina and improve oxygen to the cells for driving and work horses performance.
4. If you want to calm your mares down, reduce tying up, and anxiety.
5. If you want to enhance elasticity in tendons and ligaments and get nutrients to the hoof. May recover from injuries in half the time, soft tissue and bone.

Learn How to Maximize Breeding!

1. If you want to reduce OCDs, improve fertility.
2. If you want to have mares at peak condition ready to be checked in-foal, calm mares down as well.
3. If you want to improve development of your foals, strong when born, boost immune system, strong bones.
4. Vets explain OCDs are caused by mineral imbalance while mare is in foal.
5. First 11 months gestation—not enough calcium and minerals causes bone chips, OCD's.
6. Stallions have better sperm count, maintain muscle mass, and maintain hoof quality during breeding season and year round.

POWERFUL, SAFE, EFFECTIVE!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

Rebuild What Harvest Takes Out So Next Year's Crop Doesn't Start Behind

Soil Maximizer helps put life and nutrients back into tired ground after harvest, so you can go into next year with stronger soil and better yield potential.

Use **Soil Maximizer** after harvest to start rebuilding your soil. Let biology and structure improve over winter so roots go deeper next season. Plant into healthier soil that can carry more crop and make better use of your fertilizer dollars.

Plan for next year now instead of making last minute changes next spring.

Call **315.374.3416** to build a simple Soil Maximizer program for your acres.

TRANONT Immunity Pack!

— **Fortify:** Boosts antioxidant protection, increases energy & supports immune response. Supports a healthy respiratory tract!

Sale
\$39 EACH **\$74 BOTH**

Sale expires 9/30/26

Support: Helps to support calcium levels, aid in bone strength and supports your overall heart health and immunity.

An immunity powerhouse with an acerola cherry on top. Fortify is formulated with vitamin C—derived from the acerola cherry—and powerful antioxidants like elderberry, citrus bioflavonoids & black currant, to nourish and assist the immune system and support a healthy respiratory tract.

Benefits of Fortify

Boosts immunity: Nutrients like vitamin C and zinc help create new immune cells, protect existing immune cells, and ward off various ailments.*

Improves nutrient absorption: Get the most out of every use. Digestive enzymes help enhance absorption and flavonoids help transport vitamin C through the bloodstream to where it's needed most.*

Supports health & wellness: With essential vitamins, minerals, and herbal nutrients, Fortify provides benefits for the whole body, offering support for healthy immune defense and function, antioxidant activity, skin function, and more.*

More dynamic as a duo. Vitamin D requires K2 to unlock its full potential. When taken together, they act synergistically within the body to maximize the health benefits for your bones, heart, mood, and immune system.*

Benefits of Support

Strengthens connective tissue and bone formation: Vitamin D increases calcium production in the body, while vitamin K2 handles calcium control, removing it from tissues and arteries and depositing it into your bones and teeth to make them stronger.

Promotes cardiovascular health: Maintaining healthy levels of vitamin K2 helps to support your heart, blood circulation, and bones. Our formula contains MK-7, which has higher bioavailability than other forms of K2.

Supports immunity & prevents sickness: system by activating T cells that attack pathogenic bacteria and viruses upon entry into your body.*

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

WHY DOES DISC PAIN KEEP COMING BACK?

Special Health Report

What Thousands of Patients With Disc Problems Have Taught Us About Why Some People Improve Temporarily While Others Continue to Struggle

By Midwest Disc Clinic

- ✓ Private and Confidential

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — D. Hershberger, Nashville, MI

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — D. Troyer, Randolph, NY

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Treasured encouragement and teaching for

Christians in Restricted Countries

Kamran* was on a deep search for Truth. As he looked at the people around him—even those claiming religion—he saw arguments, hatred, and slander. None of them offered what he was looking for: a peaceful and loving relationship with God.

One day, during a lunch break on the farm where Kamran worked, he talked to a co-worker. The conversation turned to God. This young co-worker shared some information that was surprising to Kamran—he and his family were Christians. As they talked, Kamran shared about his struggle to read the only Bible he had. The Bible was in a language he could hardly understand, and he struggled to comprehend the little he was able to read.

A few days later, Kamran met this Christian man again. The man brought him several Christian magazines. Kamran recalled this pivotal moment: “He told me I could borrow them but should be careful not to let anyone damage them, as his family enjoyed reading them and wanted to have them back eventually.”

“Those magazines fascinated me,” Kamran shared. “I asked him if he could lend me more, and we began meeting more often. I visited his family, and his father gave me a copy

of the New Testament in [a language I could read]. Then a few months later, his father gave me your contact information, saying that you could send me magazines.”

Kamran knew the risk of receiving Christian literature. He started a post office box so his relatives and neighbors would not easily find out. He then began to regularly receive Christian family magazines. Sound teaching from conservative Anabaptist writers became a consistent source of Bible teaching.

Like Kamran, thousands and thousands of Christians in closed and restricted countries long for fellowship with other Christians, but have limited options. They long for encouragement and Bible-based teaching, but have almost no source.

CAM supporters' funds supply Christian family magazines, reminding these believers they are not forgotten. The material encourages them toward faithfulness to Christ as they face the challenges of living under oppressive regimes. The sound articles point them to a life of faithful obedience to the Word of God.

If you wish to help us supply these magazines to those who anxiously await their arrival, your support will be greatly appreciated!
