Editor's Corner

Hello Everyone,

September opens the door to Fall with a gentle whisper of crisp air and soft sunlight. Everything is so nice and green that lawns can be mowed two times a week. My grapes are ready to make some grape juice. I have a nice amount this year. My sister-in-law will come help me, then she will get most of them.

Our office will be closed on Monday, September 7th for Labor Day.

Everyone have a great week!

Ruby Yoder

WORLDWIDE REFUGEE CRISIS

NO PLACE TO CALL HOME

Refugee children in Ethiopia

Dani* from Syria once owned several businesses and was known to be a hardworking man. The once-peaceful area he lived in spiraled into chaos. Gunfire rang through the streets and kidnappings became common. In a short time, Dani lost everything he had spent years building.

"Every day felt heavier than the one before, and fear slowly replaced everything we once knew," he shared. "I watched my life collapse piece by piece." Faced with imminent danger, he made the most painful decision of his life—to flee the country in order to save himself and his family.

Dani and his family arrived in Lebanon without knowing anyone and without any clear future, carrying nothing but loss, trauma, and a fragile hope for safety. CAM contacts in Lebanon met them and began to support them with food, mattresses, blankets, and other aid.

Dani expressed deep gratitude for this support. "We had reached a point where even the smallest help meant everything," he says. "Receiving these things was a sign that someone cared . . . I thank the Lord for sending people to stand beside us when we had no one."

"We are still struggling," he admits, "but we are no longer alone. And that makes all the difference." Through loss, displacement, and fear, Dani reflects, "Suffering is not the end, God's love always finds a way to reach us."

If you wish to join us in reaching out to the world's refugees and displaced people, your support will be a blessing! In the words of a 65-year-old refugee in Ethiopia: "We continue to live in uncertainty and hardship, hoping for the day we can finally return home. **Please pray for us.**"

**ROUNDHOUSE**

Bushman's most comfortable harmonica. An unbeatable price/quality combination. Great for beginners due to comfort, great for pros due to price, durability, and responsiveness! The Roundhouse whips harmonicas from other brands that cost more than twice as much!!! Comes packed in a black, padded, leather-like, zipper case.

Keys:
Low D, Low E, Low F,
G, A, Bb, C, D, and E

\$39.99

**KNITTLINGER**

Accordion-like sound of the old Auto Valve only better feeling and much easier to play. Loud and lively, quick and nimble! Features a slick, go-fast mouthpiece. Good players were able to play faster than all previous double reed harmonicas could respond, but you can't outpace a Knittlinger - it goes as fast as any player can play it!

Keys: Low A, Low Bb
Low C, and Low D

\$99.95

**BLUES SHIFTER**

This is a diatonic harmonica - not a chromatic - that can play the missing note on Blow 3. Try playing "Amazing Grace" or "What a Friend We Have in Jesus" on a regular harmonica in the lower register - you can't, because there's a missing note on Blow 3. Many songs require that missing note, so they can't be played on a normal harmonica. With the Blues Shifter, when you need that note, just push in the slide button and you have it!

Keys: Low F, G, A, Bb,
C, and D

\$89.99

**THE DELTA FROST COLLECTION**

The workhorses of the Bushman brand. The Delta Frost comes in 3 different comb choices - Original (plastic), Steelie (aluminum), or the Woody (wood). Delta Frosts are the preferred gig harmonica for many professional musicians.

Traditional, old school design.

ORIGINAL
Keys:
Low D, Low E, Low F,
G, A, Bb, C, D, and E

\$34.99

STEELIE or WOODY
Keys:
Low F, G, A, Bb,
C, D, and E

\$49.99

HARMONICA EXPRESS**HARMONICA INSTRUCTION KIT**

Learn to play popular songs in minutes even if you don't know how to read music! 34 page book comes with our best-selling Roundhouse harmonica.

Key of Bb or C

\$45.00

**DINKY**

Our all new Bushman Dinky has a greater note range and ability to play more songs than any true, 1-1/2" mini harmonica ever made!!! The Dinky plays much better than the typical mini, and it's more comfortable.

Keys:
G (Yellow), A (Navy), and C (Black)

LATE-SEASON SUCCESS

WHD Late Season Blend

Reliable forage when deer need it most.

As temperatures drop and food sources become limited, **WHD Late Season Blend** produces quality forage that keeps deer returning. Its mix of winter rye, winter wheat, and winter barley is designed to thrive during the later months.

With excellent cold tolerance, high browse resistance, and the ability to perform in a variety of soil — even lower PH conditions — this blend helps maintain attraction throughout hunting season.

This blend is also an excellent cover crop and pairs well when top-seeded into WHD Early Season Blend.

Ask your local WHD dealer how Late Season Blend can help your property!

If you want better nutrition.... you need to start with better soil

WHAT IS BIOCHAR?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

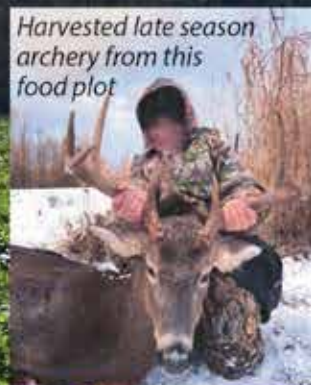

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and water ways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

There is a Better Way

Do you want BIGGER bucks on your food plot?

Now is the time to apply Ohio Valley
BioChar to your food plots!

Harvested late season
archery from this

WHAT IS THE BENEFIT TO YOU?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

Our Lion's Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

Real Patients. Real Results.

I was having thyroid problems for several years. I tried other supplements and products with little improvement. I saw the ad in the budget and decided to try it. Now after six months I have more energy, sleep better and have overall better health. I was always able to reach out to them. Great people, great program.

– **Dan Stoltzfus, Pennsylvania**

I can honestly say this program has helped more than about any other products with my tiredness and low energy. I can now do a full days work and even something else in the evening without feeling wiped out. By doing the blood tests they found exactly what was wrong, and what I needed. Thanks to god for the healing.

– **Leah Miller, Ohio**

I can get up in the morning and feel refreshed. I am completely off medication for high blood pressure. My menstrual cycles have come back to normal. lots of other things have improved that I didn't know were connected to my thyroid. Thanks so much!

– **Kathryn Yoder, Missouri**

I had autoimmune thyroid disease, blood sugar problems and low vitamin d and iron. After being on their program I feel so much better! I actually feel like doing something instead of having to force myself. My depression is gone, I don't worry like I used to and I have lost 41 pounds. It's great to finally have energy again and enjoy being around people. I encourage anyone struggling to try them.

– **Sue Albrecht, Michigan**

I've been dealing with Hashimoto's for years, I've been on strict diets, changed my medications many times, tried every supplement I was told to take, never felt completely well. Your products and approach has helped me the most. This is the best I've felt for years. Amazing, I've already told many people to call you.

LIFESTYLE

We believe the root cause of all dis-ease in the body comes from toxicity and deficiency. We believe the foundation of the body are cells, and our protocols focus on providing the body building blocks it can use to restore every cell in the body.

The most foundational component of every organ system and every part of your body is the cell and the structures within it. Your body is made up of over 30 trillion cells. Focusing on restoring your cells will move your body from a place of dis-ease to rest-oration. We do not focus on detoxing because we understand when the energy and structure is restored to the cells, your body will detox on its own at a pace that your system can handle.

Each Protocol will provide information and guidance on optimizing:

-  Diet & Nutrition
-  Supplementation
-  Healthy Lifestyle
-  Emotional Components

 Get the support you need from people who genuinely want to see you restored.

 Nature's Rite

I used to have a lot of trouble sleeping. I was about to go for a sleep testing. My husband and I were both sleeping very poorly. He said that I was breathing very loudly, and I would wake up with apnea episodes, gasping, which made it difficult for both of us to sleep. Then I would try changing positions, but it kept happening over and over again. We could never get a good night's rest, and we were feeling very tired on the next day.

Just when I was about to decide to get a sleep test done (which I really didn't want to do), my husband brought me this article that he found at The Busy Beaver, and I'm so happy with the results. From the very first night, I didn't wake up even once. My husband and I were finally able to sleep through the entire night. I stopped waking up because of my breathing problems, and sleep completely changed for both of us. This product truly was life-changing for me.

WHY DOES DISC PAIN KEEP COMING BACK?

Special Health Report

*What Thousands of Patients With Disc Problems Have Taught Us
About Why Some People Improve Temporarily While Others
Continue to Struggle*

By Midwest Disc Clinic

Many People Are Told Their Only Options Are More Treatment, More Injections, or Surgery

If you are one of the millions of people suffering with back, neck, or sciatica pain, you are not alone. Disc problems are one of the leading causes of long-term pain and disability in our country. And if you have been dealing with this pain for any length of time, you may already know how frustrating and discouraging it can be.

Many men and women tell us the same story. They started with mild discomfort. Over time, it got worse. They saw a doctor, had tests, and tried physical therapy, chiropractic care, medications, or injections. Sometimes these treatments helped for a while. But the pain came back.

Eventually, they were told their only choices were more treatment, more injections, or even surgery.

This leaves many people feeling hopeless and unsure of what to do next. That is why we created this recorded health report.

After helping thousands of patients with disc problems, we have seen a common pattern. Some people improve temporarily, while others continue to struggle. The difference is not always what you might think.

The good news is that understanding why disc pain keeps coming back can help you ask better questions and make more informed decisions about your care.

IN THIS RECORDED REPORT YOU'LL DISCOVER:

- ✓ Why disc pain keeps coming back
- ✓ What may block disc repair
- ✓ Why relief often doesn't last
- ✓ What many patients are never told
- ✓ What may be behind sciatica symptoms
- ✓ Questions to ask before injections or surgery

REAL PATIENT STORIES

"I came to MDC with lower back pain and numbness in my legs. I was barely able to walk, and I wasn't able to function or work. It was Midwest Disc Clinic or surgery.

Now after my care plan, I'm pain free and raring to go. I can put in a full day's work.

My experience was very much appreciated." — D. Hershberger, Nashville, MI

"I was having lower back pain and right leg pain when I came to MDC. I was on crutches for two days and in bed for a week, not able to work.

After my DOSAE treatments, I am back to work and feel 85% to 90% better. Thank you to the doctors and staff at MDC. Everybody is very friendly and helpful!" — D. Troyer, Randolph, NY

Replace your restless nights with Sleep Breathing Support™

You can **stop** sleep breathing disruptions and restless legs tonight.

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep—causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long.

This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

As it turns out, I also dealt with occasional restless legs. So I created a blend of herbs traditionally used to help relax nerves, ease tension, and support circulation. It worked well for her—and I later found it could also support those experiencing restless legs.

I personally use Sleep Breathing Support before bed each night, and I keep Leg Relaxer™ on my nightstand.

Sweet Dreams.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up." Elva Chupp

30 Capsules ~~\$45.99~~ **\$36.79**

Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

THE CAUSE

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

THE SOLUTION

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

When was the last time you truly slept well?

Calm overactive nerves, **restless legs**, and nighttime **leg cramps** with Leg Relaxer™.

No mess. No menthol scent. No harsh chemicals.

Enjoy more comfortable nights and deeper, more restful sleep, night after night.

try the **FEEL GREAT SYSTEM**

Working with the body God designed – naturally.

Simple. Natural. Guaranteed.

The choice is clear. Discover a simple, natural path to better health.

What is it?

Studies show as many as 9 in 10 American adults are metabolically unhealthy – and insulin resistance is the hidden root behind much of today's diabetes, weight gain, and constant fatigue. Medications trim the branches. This addresses the root.

The Feel Great System is simple: two natural drink mixes and time-based eating that work with the meals you already cook – no counting calories, no special foods, no guesswork. Backed by over 20 clinical studies, listed in the PDR – the reference guide physicians have trusted for decades – and a 100% money-back guarantee.

We're Jim & Diane Stelter

from Hudsonville, Michigan. A few years ago we were low on energy, gaining weight, and adding medications every year. We found a simple daily system and use it every day. Jim, 75, has lost 50 pounds and is off blood pressure medicine; Diane, 68, has lost 30 pounds, lowered her cholesterol, and her joint pain is gone. Ask questions and decide for yourself – we answer every letter and call personally.

Frequently asked Question

How do Bearaby blankets get their weight?

The **Cotton Napper** is weighted entirely through hand-knit organic cotton — not beads, not pellets, not hidden fillers. Just pure, breathable cotton loops layered to create natural, even weight. It is precisely engineered with a heavy cotton yarn, and compacted to the perfect density to give you your best nap ever.

The **Tencel Cooling Tree Napper** combines the above process with a blend of Eucalyptis fibers to give you the same effect as the cool side of your pillow, all night long.

Own Your Insurance Company. Keep More Money. Protect Your Legacy.

**Most businesses buy insurance.
Some businesses own it.**

With captive insurance, your company insures its own risks and keeps the profit instead of sending it to big insurance companies.

That means:

- More protection for your business
- More control
- A new profit center
- Insurance company tax treatment

And a way to help keep your business strong for generations.

CIC Services has helped hundreds of small and mid-size businesses accomplish this since 2005.

VISION BEYOND BORDERS

THE VISION FROM THE CROSS IS A VISION BEYOND BORDERS

Over Seven Million Bibles Delivered Across the World Join us in sharing the Gospel far and near.

For years, Vision Beyond Borders has worked to place God's Word into the hands of those who are waiting for it in places like China, SE Asia, North Africa, Iran, South America, and Cuba.

Students in Honduras are asking for Bibles, and schools are welcoming them. A request has been made for 2 million Bibles to be distributed throughout the country's public schools.

Will you help send Bibles today?

\$3.48 prints one Bible
\$34.80 provides 10 Bibles
\$348 provides 100 Bibles

Any amount blesses the thirsty hearts.

Invest in Teachers. Impact Generations.

For the past seven years, The Teachers' Workshop has equipped and encouraged teachers through an annual two-day event featuring practical classroom training, educational resources, and the connection of new and experienced teachers. Thousands of students benefit each year as teachers return to their classrooms better prepared to inspire learning.

Our mission to equip teachers goes beyond the annual event. We're also funding the revision of the *Helping with English* curriculum—an eight-book series used in many local schools. This major update will provide a more accurate and engaging curriculum for both teachers and students.

As a volunteer-run, donation-supported 501(c)(3) organization, we rely on the generosity of our community to continue this work.

Your tax-deductible gift helps strengthen teachers today and students tomorrow!

LAND AND HOUSES FOR CHARITY

Avoid capital gains tax and redirect funds to church work or charity by gifting all or a portion of your property.

- Supporting God's work is the most important priority; significant tax advantages also exist.
- If you are considering the sale of a property and expect to owe capital gains taxes on the appreciated value, don't delay calling us for more information.
- You must start this process before selling the property or placing it under a sales agreement.
- The most common reason a gift of real estate cannot be accomplished is because the donor waited too long to begin the process.

These 24.2+/- acres that was once a former farmstead offers a wonderful combination of open acreage, fields, pasture, a pond, older farm improvements and attractive potential building sites. Whether you're looking for a small farm, country home site, recreational getaway, livestock property or simply a few acres in the country, this property deserves your attention. This property will be offered in two tracts, giving buyers the opportunity to purchase an individual parcel or combine both tracts for the entire 24.2+/- acres. Tract #1 is 11.1+/- acres featuring a mixture of open ground, pasture and/or hay ground with a pond along with the original farmstead area and older farm buildings. The existing improvements are in varying condition and will convey as-is, but the setting offers excellent potential for a new home, hobby farm or country retreat. Tract #2 contains 13.1+/- acres. Tract #2 is a beautiful, mostly open tract of land, offering rolling terrain, fields, and excellent possibilities for a home site (as there is currently an uninhabitable mobile home and other as-is buildings on this site). This tract also offers possibilities for livestock hay production agricultural use and/or recreation.

If you are in the market for a highly potential, great piece of property with gently rolling fields surrounded by the beautiful hills of southeastern Ohio, with enough acreage to have some elbow room without taking on a large farm - this may be the property for you. Properties of this size with open, usable acreage with multiple possibilities can be difficult to find. We will sell these tracts individually and as a whole, whichever way brings the most money is the way they will be sold. Opportunity Knocks!!!

-FEEL FREE TO WALK PROPERTY AT YOUR OWN RISK AND CONVENIENCE-

TERMS ON REAL ESTATE: There will be a 10% auction premium added to the final bid price to determine contract price. Successful purchaser(s) will be required to give a 10% non-refundable deposit down, the day of the auction, with balance due at closing (within 45 days). Property will be sold in individual tracts and as a whole, whichever way brings the most money is the way it will be sold. This property will sell ABSOLUTE w/ no minimums or reserve. This property will sell AS-IS/WHERE-IS w/ no warranties implied or expressed. Property will sell w/ no contingencies, financing or otherwise.
