Pressure Point Mat Set

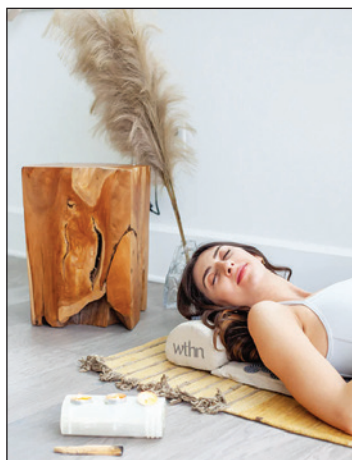

Lay back, breathe deep, and let the tension melt away.

Great Gift!
for Mother's
DAY

\$138 for the mat.
Add **\$12** for shipping.

Studies have shown up to 40% improvement for, stress, muscle soreness, and sleep quality after regular use of the mat for 20–30 minutes before bed. Journal of Sleep Therapy 2015

Unroll your pressure point mat and pillow on a flat surface and ease onto it slowly, allowing your body to adjust. The gentle pressure of over 4,000 pressure points works to stimulate circulation, release muscle tension, and support relaxation. Start with 10–15 minutes a day and gradually increase to 20–40 minutes as your body gets used to the sensation. Use daily or as needed to support deep rest, stress relief, and full-body rejuvenation.

I absolutely love this pressure point mat! It's become a part of my daily routine and helps me relax and unwind like nothing else. I've even gifted it to friends, and they're obsessed with it too. Highly recommend for anyone looking to relieve tension and feel amazing! – WTHN Client

What's Included:

- High-quality coconut fiber and linen WTHN Pressure Point Mat
- Luxe memory foam and linen WTHN Pressure Point Pillow for ultimate comfort
- On-the-go linen carrying case for WTHN Pressure Point Pillow and Mat
- Detailed how-to guide with step-by-step instructions and Pressure Points for healing at home and on to go.

Editor's Note

Greetings! NUMBER 55 • APRIL 3, 2026

Did you know a group of frogs is called an army? Frogs don't drink water; they absorb it through their skin. Some frogs are big – the Goliath Frog, living in West Africa can grow up to 15 inches long and weigh up to 7 pounds, while one of the smallest is a Cuban Tree Toad that is full grown at ½ inch. The smallest I have seen is a Spring Peeper. They are about an inch long. Most frogs are good at jumping and can jump up to 20 times their length. (If humans could do that, they could jump approximately 110 feet or 36 yards.) Frogs eat insects and worms. Smooth-skinned frogs generally live in wet moist places and the ones you usually find in the garden have dry, rough skin. They are also called toads.

It's time to submit your ads for the May 1, 2026, issue; the deadline for that issue is April 14. See page 6 of this issue for information about placing a **CLASSIFIED AD** in Busy Beaver Extreme. Be sure to send your payment along with your ad information. Page 7 has the form and information to place a **DISPLAY AD**. A **DISPLAY AD** will give you a complimentary listing in our **BUSINESS DIRECTORY**. Busy Beaver Extreme goes to more than 85,000 homes. That's a lot of people that can see what you have to offer! Don't miss the opportunity. Thanks for sending your ads on time.

Please allow plenty of time for ads sent in the mail. Sometimes the mail does not move as fast as we wish it would.

Targeted Support When It Matters Most

Antibiotic Therapy

Supports restoration of beneficial gut microflora following antimicrobial treatment.

Digestive Issues

Beneficial for horses with diarrhea, colic history, weight loss, or chronic gastrointestinal imbalance.

Dietary Transitions

Aids digestive stability during changes in forage, concentrates, or pasture.

High-Starch Diets

Helps support hindgut pH and microbial balance in horses consuming high-grain diets.

Stress-Related Challenges

Provides gastrointestinal support during transport, training, competition, stalling, or social changes.

Senior/Hard Keepers

Enhances digestive efficiency and nutrient utilization in horses with increased nutritional demands.

A live yeast, such as *Saccharomyces cerevisiae*, contains viable yeast cells that are able to survive the stomach environment and reach the horse's hindgut. They act as a probiotic and offer many benefits, including immune support and digestive health.

Microbials act as probiotics in the horse's digestive tract and provide several benefits. They aid in increasing digestibility, protecting against toxins/pathogens, and strengthening the immune system.

Yeast culture delivers multiple benefits for horses, supporting hindgut health, improving fiber digestion, and helping maintain a balanced, healthy digestive system.

Enzymes are the catalyst to assist in digesting food and converting it to nutrients that the horse is able to absorb. They also aid in energy production by accelerating chemical reactions.

Vitamins provide an immediate nutritional boost while the hindgut environment stabilizes. They enhance the overall health of the digestive microbiome, delivering targeted gut support to address deficiencies caused by stress or poor diet, improve nutrient absorption, and work synergistically with beneficial microbes to support immune function.

Proactive Nutrition Powerful Results

"We give our horses ER when traveling to events, starting two days before we leave and continuing throughout the competition. We also use it anytime our horses are under stress. It has helped our pulling horses stay healthy, even when competing at multiple events and traveling frequently. We also give ER tubes to our mares and foals at birth with great results. For us, prevention is always better than reaction, and ER Restart has helped keep our horses strong and healthy in the professional pulling world." ~ J & B Krueger

Probiotic supplementation supports horses by maintaining a healthy hindgut microbial balance essential for fiber digestion, gut integrity, and overall health. During stress, dietary changes, high-starch feeding, or antibiotic use, probiotics help stabilize hindgut pH, support beneficial bacteria, enhance fiber fermentation and nutrient utilization, strengthen immune function, and reduce the risk of digestive imbalance.

RESTORE SOIL FOR SPRING PLANTING

with REDMOND

Redmond knows that building healthy soil is better than just fertilizing plants. Naturally bringing life and energy to your soil ensures a productive and nutrient dense growing season.

1 TEST:

Redmond Soil Test Kit

Test your soil's pH, macro/micro-nutrients, and organic matter levels before amending. Redmond's Soil Test Kit is fast and easy to use, with digital results in just 6-8 days!

2 BOOST SOIL BIOLOGY:

Redmond Soil Microbes

Infuse your soil with a concentrated probiotic that quickly revives your soil food web. With organically farmed fish manure, worm castings, live microbes and beneficial fungal strains, Redmond Soil Microbes improves nutrient uptake and strengthens roots for healthier plants.

3 FEED AND ENERGIZE SOIL BIOLOGY:

Foundational Soil Amendments

Wake up your soil with all natural blends of Redmond sea minerals and volcanic sodium bentonite clay. Farmers have found higher yields, total digestible nutrients (TDN), and relative feed value (RFV) with Redmond's SR 50 (50/50 blend) and SR 65 (65/35 blend).

Fortified Soil Amendments

Fortify your soil with bioavailable humates, sea minerals, and volcanic minerals higher in sulfur, potassium, and calcium. Use Build with your own compost source; use Grow on its own (contains poultry manure).

WHAT CUSTOMERS ARE SAYING

“

This is **the only test you're going to need to test your soil**. From a complete analysis to links to what you need to fix your soil, it's the only test you're going to need.”

-Barbara L.

“It's just what my garden needs! **Everything is greening up** immediately after applying.”

-P. Combs

“I purchased this in late spring and **my soil microbiome skyrocketed** and **my soil is the best it's ever been** now. Will be applying annually along with additional helping of compost. Redmond hit a homerun with this.”

-Richard N.

“We used Redmond's fertilizer with chicken manure early in the Spring in our raised beds before we planted and have had **drastically better results** with our plants”

-Nate S.

Idaho Whole-Apple Cider Vinegar

GREAT APPLE CIDER VINEGAR HAS A "ONE-TWO" PUNCH...

1) All ACV requires Mother (Aceto Bacter) to turn the alcohol into ACETIC ACID. Acetic acid is alkaline forming in the body, which helps prevent disease and internal/external parasites.

2) The fermentation process of Idaho, Whole-Apple ACV keeps ALL of the enzymatic DIGESTIVE POWER available to improve your bottom line.

How would you like a summer where your calves gain more and have less pink-eye? Put the Enzymes in Idaho ACV to work for you to break that summer slump!

Looking for a "DROUGHT-BUSTER" this year? Try IDAHO ACV

OHIO VALLEY BIOCHAR

There is a Better Way

If you want better nutrition....

You need to start with better soil.

Actual results after 2 applications of BioChar.

What is biochar?

Our Biochar is steam activated carbon that is beneficial for our soils and animals

- Biochar creates a biology in your soil that saves money on fertilizer inputs.
- Biochar has the unique ability for attracting and holding moisture, nutrients, and agrochemicals, even retaining difficult to hold nutrients like nitrogen and phosphorus. Nitrogen and phosphorus tend to run off regular soils, upsetting the ecosystem balance in streams and waterways.
- Biochar creates better bedding for chicken houses, dairy cows, sheep, and horses.
- Mix it to your feed for better animal health, and a good manure.

2 YARD TOTE

Also available in 1.2 cubic foot bag

What is the benefit to you?

- Saves costs over high fertilizer year after year.
- Creates a healthier environment for you and your family.
- No dangerous side effects to humans, animals, or ecosystems.
- Puts more dollars in your pocket.

At Dr. JimZ®, our main goal is to help people eat more nutritious food and be more successful in the garden. Our nutrients are designed to stimulate life in the soil and provide a plethora of nutrients at a biological level. **The microbes in the soil must consume the nutrients before they are 100% bioavailable to the plant.** Our products feed the microbes so your plants can then decide what nutrients they need and when they need them ... this will maximize the genetic potential of the plant and result in higher-quality fruits and veggies.

Time To Feed Your Trees!

Spring is one of the best times to feed your trees (this is when they pull in nutrition for the spring and summer months)

Tree Secret®

- All non fruit-bearing trees, evergreens and bushes.

Chicken Soup for the Soil®

- All fruit trees, flowering perennials, and flowering bushes.

Before

After

Tree Secret® liquid tree fertilizer (formerly known as Save-A-Tree®) is a biologically correct (non-synthetic) tree fertilizer that has been created specifically for enhanced tree success. Our small-batch, extra-potent blend of readily available nutrients is exactly what your trees, plants, and bushes need to revitalize and look great for years to come. The competition does not come close!

- Nitrogen found in most chemical lawn fertilizer is largely responsible for the unnatural rapid growth that weakens trees by thinning their protective cell walls, opening the door for disease, wind damage and bug infestations.
- Plants and bushes need the same nutrition as slow-growing trees. Give your yard a serving of this ultra-potent undiluted, carbon-based fertilizer and watch in amazement as your trees thrive and your landscape transforms into a lush paradise.
- Excellent results on all trees and bushes, including evergreens!

Happy trees have fewer problems. This stuff works!

- Use 1 cup per caliper inch of tree trunk (trunk diameter)
- Mix with water and evenly apply from the base of the tree to the drip line.
- Water into the root zone.

To SAVE a dying or stressed tree, apply in spring and fall.

To MAINTAIN good tree health, use one time per year in spring or fall.

I really like the Ningxia Red. It gives me more energy and I don't get as sick easy. Thank you so much for the great product!

~Mattie

After using the Ningxia Red for about one year, I did not have to wear glasses any more. I give the Ningxia Red the credit! Also love all the oils from Young Living.

~Charlotte, MI

Our son, Matthew, jumped off our bunkbed (top bunk) hit his cheek on another piece of furniture. It looked like inside his cheek a muscle or something would've torn. his skin didn't split on outside but there was a crease in his cheek and it didn't go away. Starting using Helichrysum and it's almost gone!

Rosemary is my go-to.

~Mrs. Miller

I strongly recommend Ningxia Red and Ningxia Nitro to all pregnant and nursing or just worn-out moms. It has been the answer to prayer for us. Ningxia Red helps with morning sickness, brain fog, energy and motivation, milk supply, and so much more. Nitro is a nice boost for long days.

~Rose Burns

I just want to share how we love Young Living products! My husband used to get sick often. he is amazed what these oils can do! And doesn't get sick as often! We love the Ningxia Red. Keep up the good job!

~M.M.

We really like the RC oil when we are dealing with a ticklish cough at night. We put it on the chest and throat area, and it works in minutes. Also Eucalyptus on the feet when dealing with a cold really works. I also love the Valor oil on the bottom of my feet before I go to bed at night. It just makes me feel so good and I also think it helps me work off fluid better.

We love your newsletters and booklets!

~Rachel

Why go to Mexico to treat cancer, when you can get excellent care here?

Come to the **Get Well Center in Mansfield, Ohio**, and experience care that supports your body in the way God designed it to work. We walk alongside you through each step from careful testing to thoughtful treatment.

Call: 419-524-2676

We routinely use what is often called "**The Greek Test.**" This begins with a **simple blood draw**, which is sent to a specialty laboratory in Greece. Your cancer cells are tested against both **chemotherapy medicines** and **natural substances** to learn which ones may be most effective for your cancer. From this, we **design a treatment plan made specifically for you.**

We offer a **gentle but effective approach** that combines **low-dose chemotherapy with insulin.** This approach works with the way **cancer cells use sugar.** It can allow us to use **lower doses** of chemotherapy medicines with **fewer side effects**, and insulin helps limit the cancer's ability to spread.

We provide **IV therapies** and **natural care** that help the body stay as **strong** as it can.

Our Treatments Include:

- **IV Ozone Therapy**
- **IV High Dose Vitamin C**
- **IV Silver**
- **IV Nutrition**
- **Lymphatic Therapy**
- **Infrared / Red Light Therapy & more!**

These may help with **immune support, energy, detoxification, inflammation, swelling, and overall wellness.**

Waiting often allows cancer to grow.

Beginning sooner helps support your body before the illness gains strength.

READY FOR A RESET? "PHIX MAY HELP"

HOW MATURE HOPS EXTRACTS HELP TO RRESET YOUR VAGUS NERVE - AND YOUR WHOLE BODY

Your vagus nerve is like the body's reset button for stress- it controls relaxation, digestion, heart rate in even inflammation. When chronic stress keeps your nervous system stuck in "fight-or-flight" mode, your vagus nerve struggles to do its job. Thus leading to fatigue, poor digestion, and a weakened immune system.

THE RIPPLE AFFECT OF A RESET VAGUS NERVE

Think of Mature hops extract as a 'vagus nerve reset' helping your bodies natural relaxation pathways work the way they should. The result? A calmer mind, a healthier gut, and a body that can finally heal itself.

Why you will love it

Helps support healthy:

- Fat metabolism
- Cognitive function
- Mood support
- Restful Sleep
- Reduces Inflammation
- Helps stabilize blood sugar

Phix does not replace vitamins and minerals, but it helps you get more nutritional value out of your other products. If you are under weight it can bring you balance that helps you fall out more.

SPRIGS® SPOTLIGHT

For years, Sprigs has been trusted for pregnancy, children, and family wellness. While our women's hormone formulas became some of our bestsellers, our men's formula hadn't done so well. However, when we announced it was being discontinued, the response surprised us.

THE PRODUCT WE ALMOST NEVER BROUGHT BACK

By Jonathan Laudon, Co-Founder of Sprigs Life INC

Two years ago, we stopped selling **Testo Strong**. Sprigs has always focused on helping moms and children with their health. Our children's and pregnancy products have always been our top sellers. Men's products just didn't sell well for us. Our men's **Testo Strong** formula was such a slow seller that we decided to stop making. It seemed like the right call.

Then the calls and messages started coming in. Men wanted to know where it went. They didn't want to be without it. Some guys bought up the last few bottles so they wouldn't run out. It was clear this product had been helping a lot of men feel better — and we had stopped making it without fully understanding how much it mattered.

We decided to bring it back. And we made it better too — adding magnesium and other key ingredients to help men feel their best. Word spread fast. Last year, **Testo Strong XY** became one of our top-selling products.

Here's why so many men need it.

A lot of men think hormones are only a "woman's thing." But men have hormones too — and the most important one is called testosterone. It controls your energy, strength, sleep, mood, and more. When you're young, testosterone is high and you feel great. But after age 30, it slowly drops every year. By 40 or 45, most men really start to feel the difference.

Here's the scary part — today's men have 20% less testosterone than men did in the 1980s. And it keeps dropping.

Why? A few big reasons:

Junk food. Most men eat a lot of processed food full of chemicals that hurt testosterone. Eat real food — meat, eggs, fruits, and vegetables.

Not enough movement. Men used to work hard with their bodies. If your job keeps you sitting, find ways to stay active — biking, hiking, playing sports with your kids.

Everyday chemicals. Things like pesticides, paint fumes, and plastics can mess with your hormones. Many men deal with these every day without knowing the damage it causes.

That's exactly why we made **Testo Strong XY** — a blend of herbs and minerals to help your body keep healthy testosterone levels. Take 3 capsules in the morning and 3 at night, or all 6 at once.

If you're tired, struggling to sleep, or just not feeling like yourself — this is for you.

Try **Testo Strong XY** today. Feel the difference.

Primary ingredients:

- Magnesium (as Glycinate) - Known for supporting muscle and nerve function, bone health, and energy production. It may also support testosterone levels and reduce muscle cramps (Cleveland Clinic).
- Zinc (as Picolinate) - Essential for immune function, wound healing, and DNA synthesis. Zinc is particularly important for maintaining healthy testosterone levels and supporting prostate health (Valley Healthspan).

Testimonies

Beth's Testimony

"For years, Lyme disease left me bedridden and unable to truly live. I felt trapped in my own body, unable to walk, engage with life, or connect with those I loved. In desperation, I scheduled an appointment for the BioVibe Miracle Detox Bath. During the session, I could feel my body releasing toxins that had been holding me captive. What happened next was nothing short of a miracle. After the bath, I was able to get up, walk again, and reengage with life and the people around me. The BioVibe Bath gave me back my health, my freedom, and my hope. I am forever grateful for the healing I experienced."

Wayne's Testimony

"For 15 years, I was trapped in the grip of hard drug addiction. No matter how hard I tried, I couldn't break free. Then I scheduled a series of four BioVibe Miracle Detox Baths, one each day. To my amazement, the baths completely flushed the drugs and toxins out of my system. I experienced no withdrawal symptoms, no cravings, and no desire to go back. Today, I've been clean for almost a year, and I have absolutely no taste for drugs. I'm living a quality lifestyle again, free and restored. It truly changed my life."

Lillie's Testimony

"My life growing up was very hard, and eventually I ended up being trafficked. The trauma left deep wounds on my body and in my emotion. I struggled daily with brain fog and irritable bowel syndrome, carrying pain and heaviness for years. When I scheduled my first two BioVibe Miracle Detox Baths, something changed. After the second bath, my mind became clear, the pain in my stomach lifted, and for the first time in years I felt real relief. I'm still on my healing journey, but the baths have given me hope for a future I never thought I could have."

“Lions Mane Talk”

At Mushroom Maiden Farm, we believe in the same enduring principles that guide our communities: faith, family, stewardship of the land, and honest work done well. In a world that often rushes toward shortcuts, we choose a simpler, more transparent path, growing and crafting our products with care, patience, and integrity.

Our mushrooms are cultivated high in the Appalachian Mountains, where clean air, pure water, and rich forest traditions shape their strength. Every batch is tested by an independent lab to ensure purity and quality. We use 100% fruiting bodies, the part of the mushroom where the most valuable nutrients are found, so you receive only the best of what nature provides.

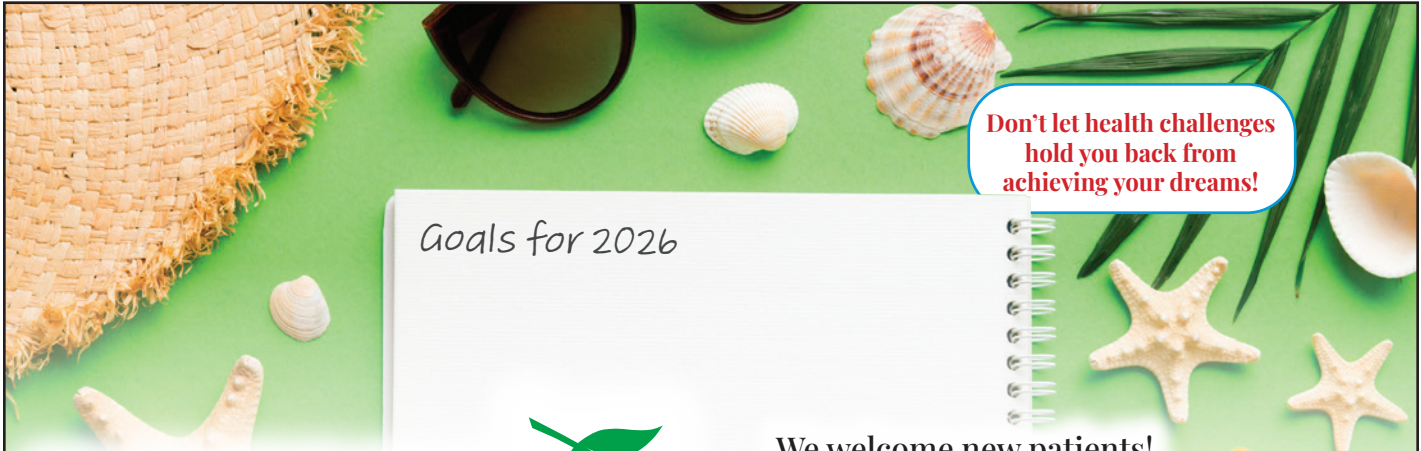

Our Lion’s Mane mushroom capsules are carefully prepared to support clarity and well-being, made without fillers or unnecessary additives. Alongside them, we offer two wholesome varieties of coffee, a smooth and robust dark Arabica bean, roasted for rich flavor and steady comfort and a dark Arabica bean Cinnamon Breakfast Roll coffee. To season your table, choose from four distinct mushroom enhanced salts. We offer a Wild Hickory Cold-Smoked Salt, Himalayan Pink, Sriracha, and Thai Ginger, each crafted to complement honest, home-cooked meals.

As a 100% woman-owned farm, we value humility, hard work, and transparency in every step, from growing to packaging. We are committed to straightforward practices and products you can trust for your home and family.

Simple ingredients. Careful hands. Honest quality. That is the Mushroom Maiden promise.

 Our recent collaboration with Beltone Audiology allows us to offer **Comprehensive Hearing Care**—including free hearing screenings, personalized fittings, and hearing aid servicing—all right here in our clinic. This partnership has already made a meaningful difference for many in our community.

 We're thrilled to announce our new **Home Care Visits** program, added to EWSC in Nov. If traveling to a medical facility is difficult for you or someone you love, we're here to help. At EWSC, we believe everyone deserves quality health care that's both accessible and affordable.

 We've also expanded our wellness offerings in the IV therapy room. A curtain has been added for your privacy while using the Pulse (PEMF) Bed. We offer a wide variety of IV therapies including immune support (cold and flu season is here!), sinus support, replenish and recovery, among others. We will meet with you and discuss which IV is best for your individual needs. In addition, we now offer **Red Light Therapy** and **ION Foot Detox Treatments**. These gentle, restorative therapies are designed to support circulation, reduce inflammation, and promote overall well-being.

 **Regenerative Joint Therapy**, added to EWSC in August, targets painful joints by using stem-cell transplantation and/or protein rich plasma (PRP). These procedures are completed here in the clinic with minimal recovery time.

You can **stop** sleep breathing disruptions tonight.

"I am well pleased with the Sleep Breathing Support. The nice part is I no longer have to use a CPAP machine. I am refreshed, rested and ready to go when I wake up."
Elva Chupp

Crafted with a bouquet of natural herbs.

Lobelia, used in small doses, can increase the level of respiration. Because the lobelia causes you to breathe more deeply and steadily, it keeps the whole disruptive cycle from even beginning.

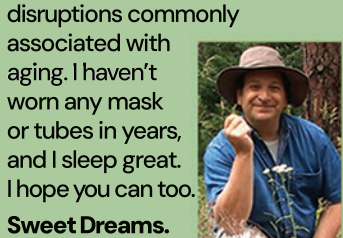

Thyme improves the ability of the lungs to exchange carbon dioxide for oxygen and makes an excellent contribution to maintaining sufficient respiratory amplitude.

Chamomile aids the subject in relaxing.

Cramp Bark helps the upper trapezius muscles to loosen.

Hi, I'm Steve Frank.

I have sleep-breathing disruptions at night. I spent years researching the condition and understanding the true cause. After many years, and with my knowledge of herbs, I found an amazing combination that supports deep, steady breathing all night long. This patented blend works great for nighttime sleep-breathing disruptions commonly associated with aging. I haven't worn any mask or tubes in years, and I sleep great. I hope you can too.

Sweet Dreams.

Replace your restless nights with Sleep Breathing Support™

Sleep Breathing Support™ by Nature's Rite is a natural way to reduce sleep breathing disruptions and achieve a restful night.

30 Capsules ~~-\$45.99~~ **\$36.79**

Sleep related breathing disruptions ruin the sleep of an estimated 25 million Americans on a regular basis. Since sleep disruptions can disturb sleep without completely awakening the subject, there are likely millions more undiagnosed sufferers. The condition prevents the sleeper from entering rapid eye movement (REM) and delta sleep— causing them to become anxious, cantankerous and tired during the day. Additionally, due to the nature of the condition, it causes blood oxygen levels to be lower than normal for very prolonged periods of time. This is damaging to the brain and heart in particular.

Treatment options can include weight loss, nasal decongestants, surgery, and oral appliances. Devices, such as a continuous positive airway pressure (CPAP) machine, are commonly used for moderate and severe sleep breathing disruptions. A CPAP device is a forced air mask, worn during sleep that ensures proper inhalation. Experience has shown that 60 percent of patients are not able to tolerate the equipment and ultimately discontinue using it. Others develop respiratory infections from the mask. Sleep Breathing Support™ was designed to do what the above solutions can't address the real cause of the condition.

The Cause

When we enter stage two sleep in preparation for REM sleep, where dreaming occurs, muscular activity is inhibited. It is called "reduction of muscle tonus." This is a function that occurs primarily to keep the dreamer from physically acting out the movements of his or her dreams.

If you want to know whether it will work for you, then you have to try it.

It is accomplished by suppressing the flow of signals from the brain along the spinal cord. Unfortunately, in those who struggle with sleep breathing disruptions, the reduction in muscle tonus allows the soft palate to sag and the signal from the brain to the diaphragm that keeps you breathing gets inadvertently reduced in strength.

The result of this is that upon entering stage two sleep, the breathing becomes shallower, the blood oxygen level drops and the carbon dioxide level rises until the brain intervenes and causes the body to make a large and immediate inhalation. This causes a large pressure differential in the pharynx and literally sucks the sagging soft palate into the airway. This obstructs the flow and causes a loud snort, partially or fully awakening the subject.

The Solution

So you see, the problem is not the sagging soft palate. The problem is not the rapid inhalation that sucks your soft palate into the airway. The problem is the reduced ability of the signal from your brain to produce sufficient breathing amplitude from your diaphragm. The appropriate intervention is to enhance the ability of the brain to communicate with the diaphragm so that you breathe deeply and steadily throughout the night. **That is exactly what the combination of herbs in Sleep Breathing Support™ is intended to do.**

BALANCE & BURN AND HEALTHY WEIGHT

Meet the system that helps support your healthy weight management with clinically studied botanicals, as well as pre- and postbiotics and essential oils. These ingredients work together to help your body use fat efficiently and maintain healthy blood sugar levels already within the normal range—so you feel good inside and confident outside. Unlike harsh alternatives, the Balance & Burn system is designed for daily balance without the side effects.

HOW IT WORKS

The Balance & Burn system is a GLP-1 support system designed to help your body maintain normal, healthy blood sugar levels and promote fat mobilization. It combines key botanical nutrients, pre- and postbiotics, and essential oils that work together to support healthy microbiome diversity to promote overall metabolic health. This system helps your body:

- Maintain healthy blood-sugar levels already in the normal range

- Use fat efficiently for energy
- Maintain a proper balance of body fat and lean muscle mass.

By supporting a healthy gut, improving how your body uses nutrients, and helping maintain balanced energy and fat metabolism, the Balance & Burn system helps you feel your best. Use it as part of a healthy diet and active lifestyle to help support healthy body composition and well-being.

This memory game can be played with or without teams. When playing with teams, always sit beside an opposing teammate; teammates never sit beside each other. Teammates can all help each other when picking up cards. Each player picks up two cards when his turn comes around, *unless* the player is picking up sets. When picking up sets, player can go on until he has the whole set, or *until* he picks a card that is not in that set. The team or player that has the most points when the cards have all been picked has won the game.

CLOTHING BUNDLE PROJECT

Relief after years of difficulty

Adnan* and his family live in a one-room space in a shop in Yemen. Adnan hopes that one day he will be able to afford a home of his own, but his work as a day laborer does not provide a steady income. He said, "Some days there is work, and some days there is none. But my family still needs food, clothes, medicine, and other necessities."

At a recent distribution by CAM contacts, Adnan's family received clothing, shoes, and school supplies. These gifts brought relief after years of hardship. With gratitude Adnan's wife shared, "I pray that God protects and rewards everyone who showed kindness to our family."

**Name changed to protect identity.*

This young boy in Yemen is now the owner of a nice blue shirt given by a generous supporter.

Bearaby

Bearaby weighted blankets are rated at **4.8 out of 5 Stars** from dozens of verified "Busy Beaver" Bearaby users.

Did you know, a Bearaby gives you the weight effect of a comforter (and more), but retains almost no heat, so you can sleep better in the summer as well? Simply use it over the top of a linen, and enjoy a deep, restful night of sleep!

Don't forget Mom!
Mother's Day: May 10th

Natural deep sleep

Scientific research shows that sleeping under an evenly distributed weight brings about a deeper, more natural sleep cycle

Peace of mind

The sensation of being cuddled lowers stress and anxiety by reducing cortisol, making you feel calm and relaxed

Joyful feeling

Being gently cocooned in a comforting weight increases serotonin, making you feel positively happy.

Our handmade **Cotton Napper** is a breathable, knitted weighted blanket to help you fall asleep faster and feel calmer, naturally. Designed for individual use, your Napper should be about 10% of your body weight. Not designed to add warmth. **Made of 100% organic cotton.**

BOYS RANCH

Restoring Hope through Discipleship

Froman Hill Boys Ranch is a residence for minor boys from the horse and buggy churches. To act as a refuge while dealing with emotional, moral and spiritual needs.

LOOKING TO SERVE?

We are in need of Big Brothers and Houseparents!
If interested call 330-343-8055.

We enjoy being house parents at Froman Hill Boys Ranch. It is very rewarding to see the young resident boys improving as they do their term here. Also, a blessing to see how the big brothers put in time and effort to help the young boys progress. We receive so much more here than what we give. God's Blessings!

-Eli & Mary

Serving as big brother gave me lots of interesting opportunities and challenges, and trying to be a good example as Jesus left behind.

It was very fulfilling and rewarding to follow rules and keep up with schedules when working with these struggling, talented young boys. To me it was a blessing, thanks to God.

-Former Big Brother, Jake

We are in need of work. Looking for simple manual piece work. If you feel led to share, call 330-343-8055 and ask for James.

My time as a Big Brother at Froman Hill Boys Ranch was worthwhile, meaningful, and inspiring. I'm glad I stepped out of my comfort zone to be a part of something special. The friendships and memories made were worth the time invested. I can honestly say I feel I received more than I gave. To God be the glory and honor!

-Big Brother, Michael

I would like to thank God for the opportunity to serve at Froman Hill Boys Ranch. If you have a desire to do something like this, do it! It truly is an enjoyable and fulfilling experience.

-Former Big Brother, Jared Hershberger

About our weeks we have spent with the Froman Hill Boys as houseparents and cooking for them- we have found it very rewarding and interesting. Would encourage anyone to give it a try. You will be richly blessed!

-The Troyers

Froman Hill Boys Ranch operates as Integrated Auxiliary of the Ohio Amish Church.
